SETUP GUIDE

1. Initial Charging

Before first use, fully charge your tablet using the provided Type-C cable and charging adapter. The battery indicator on the screen will show charging progress.

2. Powering On

Press and hold the **Power On/Off** button until the ZIOVO logo appears. Follow the on-screen prompts to complete the initial Android 14 setup, including language selection, Wi-Fi connection, and Google account login.

3. Connecting Accessories (Keyboard & Mouse)

Your tablet comes with a Bluetooth keyboard and a wireless mouse for enhanced productivity.

Connecting the Bluetooth Keyboard:

1. Ensure the keyboard is charged and powered on.
2. On your tablet, go to **Settings > Connected devices > Pair new device**.
3. Select "Bluetooth 3.0 Keyboard" from the list of available devices.
4. Follow any on-screen prompts to complete pairing.

Connecting the Wireless Mouse:

1. Open the battery back cover of the mouse and insert the signal receiver. Ensure batteries are installed (not included).
2. Connect the adapter to the Type-C port of the tablet.
3. Insert the signal receiver of the mouse into the female end of the adapter.
4. Turn on the mouse. The mouse should connect automatically.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your ZIOVO Z168 Tablet.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive cleaners or solvents.
- **Software Updates:** Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. Go to **Settings > System > System update**.
- **Battery Care:** Avoid extreme temperatures. Do not let the battery fully drain frequently. For long-term storage, charge the battery to about 50%.
- **Storage Management:** Periodically clear unnecessary files and apps to free up storage space and maintain performance.
- **Protection:** Use the provided case and screen protector to guard against scratches and minor impacts.

TROUBLESHOOTING

This section addresses common issues you might encounter with your tablet.

Problem	Solution
Tablet does not power on.	Ensure the tablet is fully charged. Press and hold the Power button for at least 10-15 seconds. If unresponsive, use a pin to press the Reset button.
Wi-Fi connection issues.	Restart your Wi-Fi router. On the tablet, turn Wi-Fi off and then on again. Forget the network and reconnect. Ensure you are within range.
Bluetooth accessories not connecting.	Ensure the accessory is in pairing mode and fully charged. On the tablet, turn Bluetooth off and on. Remove previous pairings and try again. For the mouse, ensure the USB receiver is correctly inserted via the Type-C adapter.
Tablet is slow or unresponsive.	Close unused applications. Clear cache and data for problematic apps. Restart the tablet. Check for available system updates.
Screen rotation not working.	Check if auto-rotate is enabled in Quick Settings (swipe down from top). Restart the tablet.
