## Mould King MK-10114

# Mould King 10114 Classic Vintage Car Model Building Kit Instruction Manual

Model: MK-10114 | Pieces: 1308+

## 1. PRODUCT OVERVIEW

---

The Mould King MK-10114 Classic Vintage Car Model is a static building block set designed for enthusiasts aged 14 and above. This kit allows for the construction of a detailed vintage car replica, featuring functional elements such as opening doors, a front hood, and a rear engine compartment cover. The model consists of over 1308 high-quality ABS and carbon fiber building block parts.

## 3. SETUP AND ASSEMBLY

### 3.1 Package Contents

Verify that all components are present in the package before starting assembly.

Image: Display of the kit's accessories, including the packing box, six bags of building blocks, the instruction manual, and a sheet of stickers.

- 1 x Packing Box
- 6 x Building Block Bags (containing 1308+ pieces)
- 1 x Instruction Manual (paper version)
- 1 x Sticker Sheet

### 3.2 Assembly Process

The assembly process involves connecting over 1308 building block parts. Follow the colorful paper instructions provided in the kit for step-by-step guidance.

1. **Unpack Components:** Carefully open the packing box and sort the building block bags. It is recommended to open bags sequentially as indicated in the manual to manage parts effectively.
2. **Review Instructions:** Familiarize yourself with the instruction manual. Each step is illustrated to guide the assembly.
3. **Connect Parts:** Assemble the model by connecting the building blocks as shown in the manual. The blocks are designed for secure connection.
4. **Apply Stickers:** Use the provided stickers to add details to the model as directed in the instructions.

## 5. MAINTENANCE

Proper care will ensure the longevity and appearance of your Mould King model.

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model carefully, especially when moving it, to prevent parts from detaching.

## 6. TROUBLESHOOTING

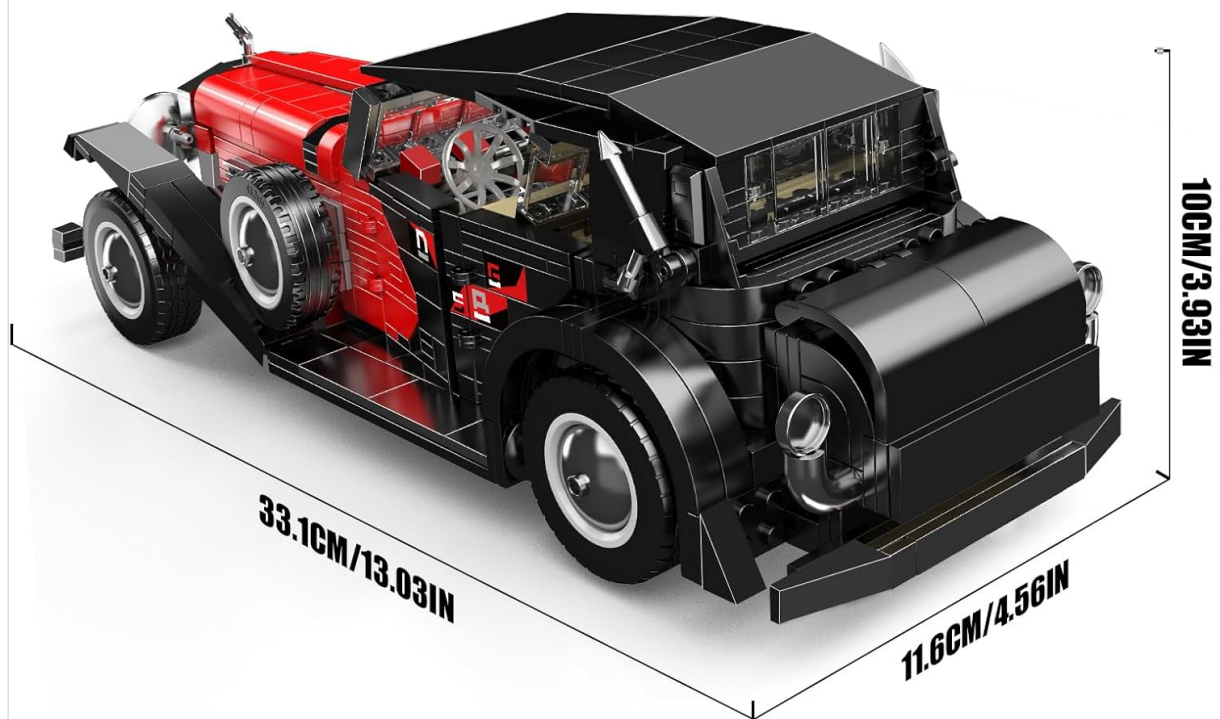

This section addresses common issues that may arise during or after assembly.

Issue	Possible Cause	Solution
<b>Missing Parts</b>	Manufacturing error or oversight during packaging.	If you find a missing item, please contact Mould King customer support via email with details of the missing part. Refer to the instruction manual for part identification.
<b>Parts Do Not Stay Together / Model Falls Apart</b>	Incorrect assembly, parts not fully pressed together, or incorrect part used.	<ul style="list-style-type: none"> <li>◦ Review the instruction manual carefully for the specific step.</li> <li>◦ Ensure each block is firmly pressed into place.</li> <li>◦ Verify that the correct parts are being used for each step.</li> <li>◦ Reassemble the problematic section if necessary.</li> </ul>
<b>Difficulty Following Instructions</b>	Complex steps or unclear illustrations.	Take your time with each step. Refer to the images closely. If a step remains unclear, try to visualize the connection or consult online building communities for similar models.
