# Generic 5L Portable Cooler Box

## INSTRUCTION MANUAL - MODEL: B0DFCTT6H3

### 1. Introduction

Thank you for choosing the Generic 5L Portable Cooler Box. This versatile insulated box is designed to maintain the temperature of your items, offering both cooling and warming functions. It is ideal for various activities such as camping, picnics, travel, and daily use. Please read this manual carefully before using the product to ensure proper operation and maintenance.

### 2. Safety Information

- This product is designed for temperature maintenance, not for freezing items.
- Do not immerse the cooler box in water or other liquids.
- Keep out of reach of children when not in use.
- Avoid dropping or subjecting the cooler to strong impacts.
- Ensure the lid is securely closed to maintain internal temperature effectively.
- Clean the cooler regularly as instructed in the maintenance section.

### 3. Package Contents

Verify that all items are present in the package:

- 1 x Generic 5L Portable Cooler Box

### 4. Setup

The Generic 5L Portable Cooler Box requires minimal setup. Before first use:

1. Unpack the cooler box and remove all packaging materials.
2. Wipe the interior and exterior surfaces with a damp cloth and mild detergent. Rinse thoroughly and dry completely before use.
3. Ensure the handle is securely attached and functions correctly for easy portability.

## 5. Operating Instructions

This cooler box is designed to maintain temperatures, either cooling items by 10-25°C below ambient temperature or keeping them warm.

### 5.1. For Cooling

- Pre-chill items before placing them in the cooler for best results.
- Place ice packs (not included, unless specified in package contents) or ice bags inside with your beverages, fruits, or other perishable items.
- Close the lid securely to seal in the cold.
- The cooler can keep ice for up to 3 days under optimal conditions (e.g., pre-chilled contents, minimal opening, ambient temperature).

### 5.2. For Warming

- Place pre-heated food, hot beverages, or warm milk directly into the cooler.
- Ensure items are in sealed containers to prevent spills.
- Close the lid securely to retain heat.

### 5.3. Capacity

The cooler has a 5-liter capacity, which can accommodate approximately 4 bottles of 550ML water.

## 6. Maintenance

### 6.1. Cleaning

- After each use, empty the cooler and wipe the interior with a damp cloth and mild soap.
- Rinse thoroughly with clean water and dry completely to prevent mold or odors.
- For stubborn stains, a mixture of baking soda and water can be used.
- Do not use abrasive cleaners or harsh chemicals, as they may damage the surface.

### 6.2. Storage

- Store the cooler in a cool, dry place with the lid slightly ajar to allow air circulation and prevent odors.
- Avoid storing heavy objects on top of the cooler to prevent deformation.

## 7. Troubleshooting

- Issue:** Cooler not maintaining temperature effectively.  
**Solution:** Ensure the lid is securely closed. Check if the contents were pre-chilled/pre-heated. Minimize opening the lid. Add more ice packs for cooling.
- Issue:** Unpleasant odor inside the cooler.  
**Solution:** Clean the cooler thoroughly with mild soap and water, then rinse and dry completely. Store with the lid slightly open. A small amount of baking soda left inside can absorb odors.
- Issue:** Leakage.  
**Solution:** Check the lid seal for any damage or debris. Ensure the cooler is not overfilled. This cooler is designed to be leak-resistant, but extreme conditions or damage can affect this.
