

NutriBullet NBF50700

nutribullet® SmartSense Blender Combo

Model: NBF50700

Brand: NutriBullet

INTRODUCTION

The nutribullet SmartSense™ Blender Combo is designed for ease and precision, offering full-spectrum speed and smart-sensing auto cycle capabilities. This appliance features a 1400-Watt motor, multiple attachment sizes, and 5 variable speed settings, providing versatility for various blending tasks. Its smart auto cycle senses the ingredient load and automatically adjusts speed, time, and function to achieve optimal results. The intuitive interface ensures straightforward operation for every type of blend.

INCLUDED COMPONENTS

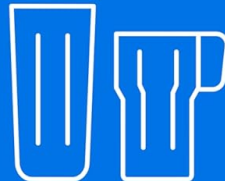

Your nutribullet SmartSense Blender Combo package includes the following:

- 1400-Watt Motor Base
- 64 oz Blender Pitcher
- Pitcher Lid with Pour Spout
- Deluxe Easy-Twist Extractor Blade
- 32 oz Cup
- 24 oz Handled Cup
- 2 To-Go Lids
- Tamper
- Recipe Book
- User Guide

What's included:

1400-Watt
Motor Base

32oz Cup & 24oz
Handled Cup

64oz Blender
Pitcher

To-Go Lids (2)

Pitcher Lid
with Pour Spout

Tamper

Deluxe Easy-Twist
Extractor Blade

SETUP

Before first use, wash all components except the motor base and tamper with warm, soapy water. Rinse thoroughly and dry. Ensure the motor base is placed on a clean, dry, and level surface.

Assembling the Blender Pitcher

1. Place the 64 oz Blender Pitcher onto the motor base, aligning the pitcher handle with the front of the base.
2. Add your ingredients to the pitcher. Do not exceed the MAX fill line.
3. Secure the Pitcher Lid with Pour Spout onto the pitcher. Ensure it is properly sealed.

Assembling the Single-Serve Cups

1. Add your ingredients to the 32 oz or 24 oz Handled Cup. Do not exceed the MAX fill line.
2. Twist the Deluxe Easy-Twist Extractor Blade onto the cup until securely tightened.
3. Invert the cup and place it onto the motor base, twisting clockwise to lock it into place.

Blending Applications

This blender is suitable for a wide range of applications, from delicate nut flours to fully-emulsified nut milks, and various other recipes.

- **Flours:** Blend on speed 1-2 for alternative flours.
- **Butters:** Blend on speed 3-4 for nut and seed butters.
- **Milks:** Blend on speed 5 for no-strain nut milk.

MAINTENANCE AND CARE

Proper cleaning and maintenance will ensure the longevity and optimal performance of your nutribullet SmartSense Blender Combo.

Cleaning Instructions

- The pitcher, pitcher lid, and single-serve cups are all dishwasher safe.
- The extractor blades and to-go lids are top-rack dishwasher-safe.
- The Tamper and Motor Base are **not** dishwasher safe.
- Hand-wash the tamper with soap and water.
- The motor base should never be submerged in water. Wipe any spots off the motor base with a damp cloth.

**Dishwasher-
safe pitcher,
cups, and
lids.**

nutribullet.

TROUBLESHOOTING

If you encounter any issues with your nutribullet SmartSense Blender Combo, please refer to the following common solutions:

- **Blender not turning on:** Ensure the unit is properly plugged into a working electrical outlet. Verify that the pitcher or cup is correctly assembled and locked onto the motor base.
- **Motor stops during blending:** The blender has built-in safety features. If the motor overheats due to prolonged use or excessive load, it may shut off automatically. Unplug the unit and let it cool down for at least 15 minutes before attempting to use it again. Reduce the load or add more liquid if ingredients are too thick.
- **Ingredients not blending smoothly:** Ensure you are not overfilling the pitcher or cup beyond the MAX line. Use the tamper for thicker mixtures in the pitcher. For single-serve cups, ensure sufficient liquid is added.
- **Leakage:** Ensure the blade assembly is securely twisted onto the cup or the lid is properly sealed on the pitcher before blending. Check for any damage to the seals or gaskets.

For more detailed troubleshooting or persistent issues, please consult the full User Guide included with

your product or contact NutriBullet customer support.

SPECIFICATIONS

Feature	Detail
Brand	NutriBullet
Model Number	NBF50700
Color	Gunmetal Gray
Power Source	Corded Electric
Motor Wattage	1400 Watts
Number of Speeds	5
Controls Type	Push Button
Capacity (Pitcher)	64 oz (approx. 1.89 Liters)
Capacity (Cups)	32 oz and 24 oz
Blade Material	Stainless Steel
Product Dimensions	16.08"D x 8.88"W x 11.36"H
Item Weight	7.28 pounds
UPC	810097975682

SAFETY INFORMATION

Please read all safety warnings and instructions before operating the appliance to reduce the risk of injury or property damage.

- This product is built to North American & Canadian Electrical Standards.
- For safety, the blender will automatically shut off after 60 seconds when blending in the single-serve cup.
- The blender also limits single-serve blending to 3 consecutive cycles in a 6-minute period to prevent overheating. Allow the motor to cool down between cycles if necessary.
- Always ensure the blade assembly or pitcher lid is securely attached before operating.
- Never immerse the motor base in water or other liquids.
- Keep hands and utensils out of the container while blending to prevent serious injury.
- Do not blend hot liquids in the sealed single-serve cups as pressure buildup can cause injury. Use the vented pitcher lid for hot ingredients.

WARRANTY AND SUPPORT

Warranty Information

The nutribullet SmartSense Blender Combo comes with a **1 Year Limited Warranty**. This warranty covers defects in materials and workmanship under normal use. Please refer to the full warranty details provided in your User Guide for terms and conditions.

Customer Support

For product support, troubleshooting assistance, or warranty claims, please contact NutriBullet customer service. Refer to the contact information provided in your User Guide or visit the official NutriBullet website for the most up-to-date support options.
