Package Contents

Your Groove Electronics 4-in-1 Wireless Earbuds kit includes the following items:

- Wireless Earbuds (Left and Right)
- Charging Case
- Dual Port 25W Quick Charge Adapter
- Wireless Phone Charging Pad
- Protective Carrying Case
- USB-C Charging Cable
- Ear Cushions (various sizes)

Setup

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the USB-C charging cable to the charging case and the other end to the provided Dual Port 25W Quick Charge Adapter. Plug the adapter into a power outlet. The LED display on the charging case will indicate the charging status. A full charge provides up to 14 hours of playtime for the earbuds and up to 80 hours total with the charging case.

ENJOY UNINTERRUPTED MUSIC AND CALLS FOR UP TO 80 HOURS

25W DUAL PORT QUICK CHARGING

- CHARGE PHONE & EARPHONE CASE AT THE SAME TIME
- TYPE-C + USB-A UNIVERSAL CHARGING PORTS

Image: Setup showing the 25W dual port quick charger adapter plugged into a wall outlet, charging both the earbud case and a smartphone via the wireless charging pad simultaneously.

2. Bluetooth Pairing

1. Ensure the earbuds are charged and inside the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), go to Bluetooth settings and turn Bluetooth on.
4. Look for "GROOVE-X31" (or similar model name) in the list of available devices and select it to connect.
5. Once connected, you will hear a confirmation tone, and the earbuds' indicator lights will change.

The earbuds feature Bluetooth 5.3 for a stable and extended connection range of up to 100 feet.

Operating Instructions

Wearing the Earbuds

The Groove Electronics earbuds are designed with ear hooks for a secure and comfortable fit, ideal for active use. Choose the appropriate ear cushion size for optimal comfort and sound quality. Gently place the earbud into your ear canal and adjust the ear hook over your ear until it feels snug and stable.

Button Controls

The earbuds feature intuitive push-button controls for easy management of music and calls:

Action	Control
Play/Pause	Single press (L/R)
Switch Song (Next/Previous)	Double press (L/R)
Voice Assistant (Siri)	Triple press (L/R)
Answer/Hang up Call	Single press (L/R)
Adjust Volume	Press and hold for 2 seconds (L for Volume Down, R for Volume Up)
Reject Call	Press and hold for 2 seconds (L/R)

Action	Control
Reset	Five presses (L/R)
Power On/Off	Press and hold for 2/5 seconds (L/R)

Image: A detailed diagram illustrating the intuitive push-button controls on the earbuds, showing single, double, triple, and long presses for various functions like play/pause, skip song, voice assistant, answer/hang up, adjust volume, reject call, reset, and power on/off.

Wireless Phone Charging Pad

The included wireless phone charging pad allows you to conveniently charge compatible smartphones. Simply place your phone on the charging pad. Ensure your phone is centered on the pad for optimal charging. The charging pad requires power from the dual port adapter or another USB power source.

Audio Quality

Experience high-definition stereo sound with robust 10mm drivers, delivering rich bass, clear mids, and crisp highs for an immersive audio experience.

IMMERSE YOURSELF IN HIGH DEFINITION STEREO SOUND BRINGING MUSIC TO LIFE

Image: A visual representation of sound waves emanating from an earbud, illustrating high-fidelity stereo sound and an immersive listening experience.

Maintenance

Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the surfaces. For ear cushions, remove them and clean with a mild soap solution if necessary, then rinse and dry thoroughly before reattaching. Do not use abrasive cleaners or immerse the charging case in water.

Water Resistance (IPX7)

The earbuds are IPX7 waterproof, meaning they can withstand submersion in up to 1 meter of water for 30 minutes. This makes them ideal for workouts and outdoor activities, providing protection against sweat and rain. However, the charging case is not waterproof. Always ensure earbuds are dry before placing them back

into the charging case.

Image: The earbuds shown with water droplets, emphasizing their IPX7 waterproof and sweat-resistant features, along with a secure comfort fit design.

Storage

When not in use, store the earbuds in their charging case, and keep the entire kit in the provided protective carrying case. Store in a cool, dry place away from extreme temperatures and direct sunlight.

Troubleshooting

If you encounter any issues with your Groove Electronics Wireless Earbuds, please refer to the following common solutions:

- **Earbuds not pairing:**

Ensure both earbuds are charged. Place them back in the case, close the lid, wait a few seconds, then

open it again to re-enter pairing mode. Delete "GROOVE-X31" from your device's Bluetooth list and try pairing again.

- **No sound from one earbud:**
Check if both earbuds are charged. Try resetting the earbuds (refer to Button Controls section). Ensure they are properly seated in the charging case to make contact with charging pins.
- **Charging case not charging:**
Verify the USB-C cable is securely connected to both the case and the power adapter/source. Try a different USB-C cable or power adapter.
- **Wireless charging pad not working:**
Ensure the charging pad is connected to a power source. Verify your phone supports wireless charging and is correctly aligned on the pad.
- **Poor sound quality:**
Ensure earbuds are clean and ear cushions are properly fitted. Move closer to your connected device to avoid interference.
