Setup

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the USB charging cable to the charging port on the headphones and to a USB power source. The LED indicator will show charging status.

- Up to 80 hours of playtime in standard mode (ANC OFF).
- Up to 50 hours of playtime with Active Noise Cancelling (ANC ON).

Figure 4: Battery Playtime Overview.

2. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.

4. Select "HAVIT NC01" (or similar name) from the list.
5. Once connected, the LED indicator will turn solid blue.

The headphones support Bluetooth 5.4 for stable connections and can connect to multiple devices simultaneously.

Figure 5: Dual Device Connection.

3. Wired Connection

For a wired audio experience or when the battery is depleted, use the included 3.5mm audio cable. Plug one end into the headphone's 3.5mm jack and the other end into your audio device's headphone jack.

Operating Instructions

Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 3 seconds.

Active Noise Cancelling (ANC)

The havit NC01 features hybrid ANC technology to reduce ambient noise.

- **Activate ANC:** Press the ANC button (specific button location may vary, refer to product diagram if available).
- **Deactivate ANC:** Press the ANC button again.

Audio Playback and Call Management

Function	Action
Play/Pause	Press the Multi-function button once.
Next Track	Press and hold Volume Up button.
Previous Track	Press and hold Volume Down button.
Volume Up	Short press Volume Up button.
Volume Down	Short press Volume Down button.
Answer/End Call	Press the Multi-function button once.
Reject Call	Press and hold the Multi-function button.

HAVIT LIFE App Control

Enhance your audio experience by downloading the HAVIT LIFE app. The app allows you to:

- Fine-tune audio with 6 EQ modes.
- Activate Super BASS feature for enhanced low frequencies.
- Manage other settings and features.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.

- **Storage:** When not in use, store the headphones in a cool, dry place. The foldable design allows for compact storage in carrying bags or travel cases.
- **Avoid Moisture:** The headphones are not water-resistant. Avoid exposure to water or excessive moisture.

Troubleshooting

Problem	Solution
Headphones do not power on.	Ensure the headphones are fully charged.
Cannot pair with device.	Ensure headphones are in pairing mode (flashing blue/red LED). Turn off Bluetooth on other nearby devices. Forget the device on your phone's Bluetooth settings and try pairing again. Ensure your device's Bluetooth is enabled.
No sound or low volume.	Adjust volume on both headphones and connected device. Ensure headphones are properly connected via Bluetooth or 3.5mm cable. Try restarting both the headphones and the connected device.
ANC not effective.	Ensure ANC is activated. Check that the earcups form a good seal around your ears. ANC is most effective for low-frequency noises (e.g., engine hum), not high-frequency sounds or voices.
