Ensure all components are present before first use:

- Soundcore AeroFit 2 Earbuds
- Charging Case
- USB-C Charging Cable
- User Manual (this document)

À 5,5 mm de l'oreille pour des basses plus profondes de 7,5 dB*

Avec des contours d'oreilles non réglables, le haut-parleur est trop loin de votre conduit auditif, atténuant ainsi le rythme. Les AeroFit 2 rapprochent le son de votre conduit et vous offrent les basses profondes que vous recherchez.
