3. Setup Guide

Follow these steps to set up your TOOBUR Smart Watch IDW20:

1. **Download the VeryFit App:** Scan the QR code on the product packaging or search for "VeryFit" in your device's app store (Google Play for Android, App Store for iOS).
2. **Enable Bluetooth:** Turn on Bluetooth on your smartphone.
3. **Pair Device:** Open the VeryFit App, navigate to "Add Device," find "IDW20" in the list, and connect.
4. **Grant Permissions:** Confirm to enable necessary notification permissions within the app for full functionality.

Keep Smart Life Powered Up

-  2 Hours Charging Time
-  20 Days Power-saving Mode
-  5-7 Days Average Usage
-  30 Days Standby Time

Image: Visual steps for connecting the smartwatch: 1. Download VeryFit App, 2. Turn on Bluetooth, 3. Add device (IDW20), 4. Confirm notification permissions.

4. Operating Instructions

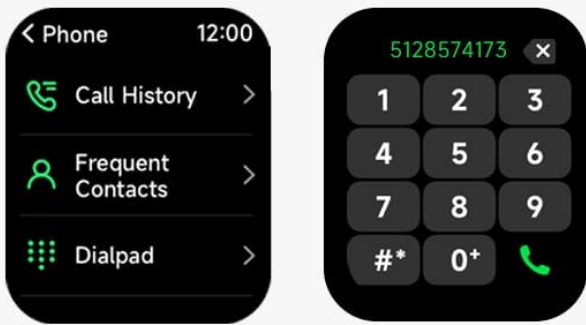

4.1. Calls and Notifications

The smartwatch allows you to answer and make calls directly from your wrist using its built-in speaker and microphone (Bluetooth 5.3 compatible). You will also receive real-time notifications for messages, emails, and social media alerts.

Note: You cannot reply to messages directly from the watch.

4.4. Fitness Tracking

Track daily steps, distance, and calories burned across 100 sports modes, including running, cycling, and Pilates. Generate detailed exercise reports in the VeryFit App for scientific training insights.

100 sports modes motivate more potentials

Image: The smartwatch displaying an 'Outdoor run' summary with duration, calories, steps, distance, and heart rate, surrounded by icons representing 100 different sports modes.

4.5. Customization

Choose from over 100 watch faces in the VeryFit App or personalize your watch with your own images to match your style.

Powerful Waterproof Performance

IP68 waterproof opens up new possibilities for underwater exploration. With a 5-meter waterproof, you can swim and enjoy aquatic activities.

*Please avoid using it for diving or in saunas, hot water, or seawater.

4.6. Other Functions

The TOOBUR Smart Watch IDW20 offers additional features to enhance your daily life:

- Music Control
- Weather Forecast
- Camera Control
- Find Your Phone
- Calculator
- Calendar
- Timer
- Breathing Exercises
- Mini Games

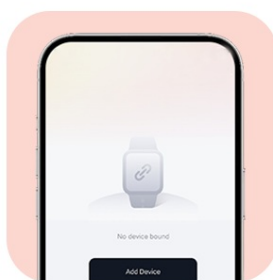

Connection Steps

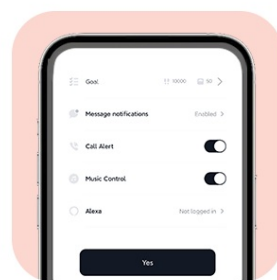

1 Download the "VeryFit" App

2 Turn on Bluetooth on your phone

3 Enter the "VeryFit" App, click "Add Device", find IDW20 and connect it.

4 Confirm to enable notification permissions

Image: The smartwatch interface showing icons for various additional functions like weather, camera control, calculator, and games.

5. Maintenance and Care

5.1. Battery Life and Charging

The smartwatch features a long-lasting battery. A full charge takes approximately 2.5 hours. With typical use, the battery lasts 5-7 days, and up to 30 days in standby mode.

- **Charging Time:** 2 Hours
- **Average Usage:** 5-7 Days
- **Standby Time:** 30 Days
- **Power-saving Mode:** Up to 20 Days

7. Troubleshooting

If you encounter any issues with your TOOBUR Smart Watch IDW20, consider the following:

- **Connection Issues:** Ensure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again through the VeryFit App.
- **Notifications Not Appearing:** Check that all necessary notification permissions are granted to the VeryFit App in your phone's settings. Ensure the app is running in the background.
- **Inaccurate Data:** Ensure the watch is worn snugly on your wrist. For GPS-related activities, ensure a clear view of the sky.
- **Battery Draining Quickly:** Reduce screen brightness, limit background app refresh, and disable unnecessary features if not in use.
- **Watch Not Responding:** Try restarting the watch. If unresponsive, charge it for at least 30 minutes.

For further assistance, refer to the help section within the VeryFit App or contact customer support.
