BAYBEE BMJ117NP

Baybee Bronco 4x4 Battery Operated Jeep for Kids Instruction Manual

Model: BMJ117NP

1. INTRODUCTION

Thank you for choosing the Baybee Bronco 4x4 Battery Operated Jeep for Kids. This electric ride-on toy is designed to provide an immersive and safe driving experience for children aged 24 months to 8 years. It features dual control modes, realistic driving elements, and robust construction for lasting fun. Please read this manual thoroughly before assembly and operation to ensure proper use and safety.

2. SAFETY INFORMATION

- **Parental Supervision:** Always supervise children when operating the vehicle.
- **Age and Weight Limit:** Suitable for children aged 24 months to 8 years, with a maximum load capacity of 30 kg.
- **Safe Environment:** Use the vehicle on flat, dry surfaces away from traffic, swimming pools, or other hazards.
- **Seat Belt:** Ensure the child is securely fastened with the provided seat belt.
- **Slow Start Mechanism:** The vehicle is equipped with a slow start mechanism for safe acceleration.
- **Headlights:** Bright LED headlights enhance visibility during nighttime driving.
- **Steering:** The steering wheel design minimizes risks, allowing for safe, controlled turns.

3. PARTS LIST

The package includes the following components:

- Main Body of the Jeep
- Windshield
- Seat Set
- 4 Wheels
- Top Light Set
- Steering Wheel
- 4 Wheel Caps
- 2 Side Mirrors
- Screw Set (for assembly)
- Remote Control
- Charger (12V 1000MA)
- Assembly Manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your Baybee Bronco Jeep. An assembly video is provided below for visual guidance.

1. **Attach Wheels:** Securely attach all four wheels to the axles. Ensure the assembly order of hardware is: wheel, washer, and finally bolt. Tighten the bolts firmly. Repeat for all wheels.
2. **Fix Wheel Covers:** Press the wheel covers onto the wheels until they click into place.
3. **Connect Steering Wheel Wire:** Locate the multi-plug protruding from the steering console. Connect the steering wheel wire to this multi-plug.
4. **Attach Steering Wheel:** Carefully slide the steering wheel onto its shaft. Ensure the wire is threaded back through the console once connected to prevent damage.
5. **Connect Front Windshield Light:** Connect the wire from the front windshield light to the corresponding connector on the vehicle's body.
6. **Attach Front Windshield:** Align the front windshield with the relative gaps on the bonnet and press firmly until it is securely in place.
7. **Connect Reflectors (Side Mirrors):** Attach the side mirrors to their designated slots on both sides of the vehicle.
8. **Assemble Top Light Set:** Thread the wire attached to the light bar through the support arms and secure the lights to the bar.
9. **Attach Top Light Set:** Thread the wire from the assembled top light bar through the hole above the rear wheel and attach the light bar assembly to the rear roll bar.
10. **Connect Top Light:** Connect the wire from the top light bar to the corresponding connector inside the vehicle's body.
11. **Connect Battery Terminal:** Locate the battery compartment and connect the battery terminal to the multi-plug.
12. **Install Seat:** Slide the seat onto the brackets and secure it with screws on both sides.

5. OPERATING INSTRUCTIONS

The Baybee Bronco offers an engaging driving experience with multiple features:

- **Dual Control Modes:** Parents can use the 2.4G wireless remote control for guidance, or children can drive independently using the foot accelerator and steering wheel.
- **Engine Start:** Press the red start button on the dashboard to power on the vehicle and hear the engine sound.
- **Multimedia Control:** The dashboard features built-in music, USB, and Aux connectivity for entertainment.
- **Foot Accelerator:** Press the foot pedal to move the jeep forward.
- **Forward & Backward Function:** Use the gear selector to choose between forward and reverse motion.
- **Swing Mode:** Activate the swing mode for a gentle back-and-forth motion, providing a fun experience for younger children.
- **Lights:** Enjoy realistic RGB windshield lights and bright LED headlights for enhanced play.

6. MAINTENANCE

- **Charging:** The vehicle is powered by a 12V 4.5AH battery. Charge the battery fully before first use and after each play session. A full charge provides up to 40 minutes of continuous playtime. Always use the provided charger.
- **Cleaning:** Wipe the vehicle with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Avoid spraying water directly onto electrical components.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight when not in use. If storing for extended periods, charge the battery every 30 days to maintain its lifespan.
- **Wheel Inspection:** Periodically check the wheels for wear and tear, and ensure they are securely attached. The gripped, wear-resistant wheels are designed for various surfaces.

7. TROUBLESHOOTING

If you encounter any issues with your Baybee Bronco Jeep, please refer to the following common solutions:

- **Vehicle Not Moving:** Check if the battery is fully charged and properly connected. Ensure the power switch is ON. Verify that the foot accelerator is pressed.
- **Remote Control Not Working:** Check the batteries in the remote control. Ensure the remote is paired correctly with the vehicle.
- **Lights Not Functioning:** Check all wire connections for the lights, especially after assembly.
- **Reduced Power/Short Playtime:** The battery may not be fully charged, or it might be nearing the end of its lifespan. Ensure proper charging procedures are followed.
