MAINTENANCE AND STORAGE

To ensure the longevity and effectiveness of your XQDKoon Cat Litter Bags, store unused rolls in a cool, dry place away from direct sunlight and extreme temperatures. Keep them in their original packaging until ready for use to protect them from dust and potential damage.

For optimal hygiene, dispose of used bags promptly and seal them tightly using the drawstring to contain odors and waste.

TROUBLESHOOTING

- **Bag Tearing During Use:** Ensure the bag is not overfilled. While designed to be tear-resistant, excessive weight or sharp objects within the litter can cause damage. Distribute litter evenly and avoid sharp edges in the litter box.
- **Odor Leakage:** Confirm that the drawstring is pulled tightly and securely tied after filling. The drawstring design is intended to seal odors effectively.
- **Bag Does Not Fit Litter Box:** Verify the dimensions of your litter box against the bag dimensions (45 cm x 50 cm or 17.7

inches x 19.68 inches). These bags are designed for common sizes, but some larger or unusually shaped boxes may require different liners.
