Adonit SE 2 Replacement Tips User Manual
Model: ADSE2TB

INTRODUCTION

This manual provides comprehensive instructions for the installation and maintenance of your Adonit SE 2 Replacement Tips. Please read this guide carefully to ensure proper use and longevity of your product.

PRODUCT OVERVIEW

The Adonit SE 2 Replacement Tips are designed to restore the precision and responsiveness of your Adonit SE 2 stylus. This package includes two black replacement tips, ensuring you have a spare for continuous use.

Image: Adonit SE 2 Replacement Tips packaging. The image displays the product packaging, which clearly states "REPLACEMENT NIBS Compatible with: Adonit SE 2" and "2 PCS Black". Two individual black replacement tips are shown alongside the packaging. The packaging also includes a diagram illustrating the tip replacement process.

TIP REPLACEMENT INSTRUCTIONS

Follow these steps to replace the tip on your Adonit SE 2 stylus:

1. **Remove the Old Tip:** Gently twist the existing tip on your Adonit SE 2 stylus counterclockwise until it loosens and can be pulled off.

2. **Install the New Tip:** Align the new replacement tip with the stylus barrel. Gently push it in and twist clockwise until it is securely fastened. Do not overtighten.

Image: Tip Replacement Diagram. This image, part of the product packaging, visually demonstrates the tip replacement process. It shows an arrow indicating a counterclockwise twist for removal and a clockwise twist for securing the new tip.

MAINTENANCE

To ensure optimal performance and extend the life of your Adonit SE 2 Replacement Tips:

- Store replacement tips in a clean, dry place to prevent damage.
- Avoid dropping the stylus, as this can damage the tip or internal components.
- If the tip becomes visibly worn or performance degrades, replace it promptly using the instructions above.
