SETUP

Before first use, ensure the charging case is fully charged.

Initial Charging

1. **Wired Charging:** Connect the provided Type C charging cable to the charging port on the case and the other end to a USB power adapter (not included) or a computer USB port.

2. **Cordless Charging:** Place the charging case on a compatible Qi wireless charging pad. Ensure the case is centered on the pad for optimal charging.

The indicator lights on the case will show the charging status. A full charge typically takes approximately 2 hours.

USB-C universal charging

OPERATING INSTRUCTIONS

Charging Earbuds

1. Open the charging case lid.
2. Place your Buds 2 earbuds into their respective slots inside the case. Ensure they are correctly seated.
3. Close the lid. The earbuds will begin charging automatically.

The 700mAh battery in the charging case can fully charge your earbuds approximately 3 to 5 times on a single charge.

Indicator Lights

The charging case features separate indicator lights for the earbuds and the case itself, allowing you to monitor their charging status clearly.

Subdivided into two indicator light display

Headset, charging case status is not confused

Image: An open Earbuds Charging Case highlighting the locations of the headset status indicator (inside the earbud slots) and the charging box status indicator (on the front edge of the case).

Pairing Support

The charging case includes a pairing sync button to facilitate easy connection of your earbuds to your device.

1. Ensure your earbuds are placed inside the charging case.
2. Open the charging case lid.
3. Press and hold the pairing sync button (location typically near the earbud slots or on the back of the case, refer to your earbud's manual for exact button location if not visible).
4. Your earbuds will enter pairing mode, allowing you to connect them via Bluetooth to your smartphone or other compatible device.

Pairing Support

Features wireless pairing sync button and quick appear pairing mode
Pair your earbuds with your phone

Built in 700mAh Battery

Charges the earphones about 3 to 5 times

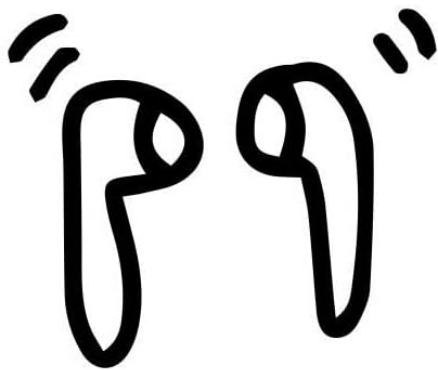

Image: An open Earbuds Charging Case with text indicating "Pairing Support" and "Features wireless pairing sync button and quick appear pairing mode. Pair your earbuds with your phone." Also mentions "Built in 700mAh Battery. Charges the earphones about 3 to 5 times."

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the charging case. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the charging case in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the case frequently. Charge it regularly, even if not in daily use.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Case not charging	Ensure the Type C cable is securely connected to both the case and the power source. If using wireless charging, ensure the case is properly aligned on the charging pad. Try a different charging cable or power adapter.
Earbuds not charging in case	Ensure the charging case itself has sufficient battery charge. Verify that the earbuds are correctly seated in their slots and making contact with the charging pins. Clean the charging contacts on both the earbuds and inside the case with a dry cotton swab.
Difficulty pairing earbuds	Ensure the charging case lid is open and the earbuds are in pairing mode (indicated by their specific light pattern). Refer to your earbud's specific instruction manual for detailed pairing steps. Try resetting the earbuds and/or the charging case if applicable (refer to earbud manual).

WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the contact details provided by your retailer or visit the official QANYEGN website. Keep your purchase receipt as proof of purchase for warranty claims.
