

StageSound Stage GoFree Max

StageSound Stage GoFree Max Bluetooth Speaker User Manual

Model: Stage GoFree Max

INTRODUCTION

The StageSound Stage GoFree Max is a portable Bluetooth speaker designed to deliver powerful, immersive audio with versatile connectivity and robust durability. This manual provides detailed instructions to help you set up, operate, maintain, and troubleshoot your speaker, ensuring you get the most out of its features.

WHAT'S IN THE BOX

- Stage GoFree Max Speaker x1
- Auxiliary Cable x1
- USB C Charging Cable x1
- User Manual x1

PRODUCT FEATURES

The StageSound Stage GoFree Max Bluetooth Speaker, showcasing its sleek black design with gold accents and a vibrant LED light bar.

Crystal Clear Highs, Deep Resonant Lows

The 4-driver speaker design delivers an impressive **80W** peak power, producing deep, impactful bass and crystal clear highs.

80W Peak Power

Dual Durable Woofers

Dual Silk Dome Tweeters

An internal diagram illustrating the speaker's 4-driver design, featuring dual durable woofers and dual silk dome tweeters for crystal clear highs and deep resonant lows.

Immersive Sound & Deep Bass

Experience breathtaking 80W peak audio performance. The speaker features three professional EQ modes, allowing you to effortlessly switch between powerful treble, clear midrange, and deep bass with a simple press of the sound effect button. This ensures an exceptional auditory experience tailored to your preference.

Tough & IP67 Waterproof Design

With an IP67 waterproof rating, this speaker offers exceptional resistance to rain and dust, and can even float on water. It is designed for reliable performance in various environments, including pool parties, beach outings, biking, hiking, and camping, providing comprehensive protection against water, dust, and harsh conditions.

IP67 Water and Dust Resistant

Perfect for Beaches, Pools, and Everyday Adventures

The StageSound speaker demonstrating its IP67 waterproof capability, submerged partially in water on a rocky shore.

Bluetooth 5.3 & Stereo Pairing

Equipped with the advanced Bluetooth 5.3 chip, the speaker ensures quick pairing and stable connections with smartphones, laptops, and TVs. For an enhanced audio experience, two speakers can be wirelessly paired from a single device to deliver up to 160W of immersive stereo surround sound, creating a home theater sensation.

WIRELESS STEREO PAIRING

Immersive Room-Filling Sound with Dual Speakers

Two StageSound speakers wirelessly paired, providing immersive room-filling sound for a couple relaxing on a couch.

Long Lasting Playtime & Versatile Inputs

The speaker features a 10400mAh high-capacity battery and Type-C fast charging, offering up to 8 hours of continuous playtime on a full charge. Actual playback time may vary based on volume, LED lights, and usage environment. It also supports multiple input options including 3.5mm AUX, USB, and TF cards for flexible music playback.

8-12 Hours of Continuous Playtime

Power Your Devices While Listening to Music All Day

The StageSound speaker on a wooden table, charging a smartphone, highlighting its 10400mAh battery capacity for extended playtime and power bank functionality.

Beat-Synced Light Show & Built-in Microphone

High-quality LED light strips offer multiple lighting modes that sync seamlessly with your music, creating a captivating visual display for any party atmosphere. A double-tap on the light button allows you to check the current battery level. The built-in microphone enables effortless hands-free calls without disconnecting from Bluetooth.

BEAT-DRIVEN LIGHT SHOW

5 Unique Light Modes Sync with the Rhythm to Light Up Your Party Night

 Rainbow · Rhythm · Crossing · Amber · Single · Off

The StageSound speaker displaying its beat-driven LED light show, with colorful lights syncing to music in a party setting.

SETUP GUIDE

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB-C charging cable to the speaker's Type-C port and the other end to a compatible USB power adapter (not included). The LED indicator will show charging status and turn off when fully charged.

2. Powering On/Off

- **Power On:** Press and hold the power button (**U**) for 2-3 seconds until you hear an audible prompt and the LED lights activate.
- **Power Off:** Press and hold the power button (**U**) for 2-3 seconds until the speaker powers down.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing blue LED).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Stage GoFree Max" from the list of devices.
4. Once connected, the speaker will provide an audible confirmation, and the blue LED will become solid.

4. True Wireless Stereo (TWS) Pairing

To achieve 160W stereo sound, you can pair two Stage GoFree Max speakers together:

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), double-press the 'M' button. The speaker will enter TWS pairing mode.
3. The primary speaker will automatically search for and connect to the secondary speaker.
4. Once successfully paired, both speakers will provide an audible confirmation.
5. Now, connect your device to the primary speaker via Bluetooth as described in step 3. Audio will play through both speakers in stereo.

OPERATING INSTRUCTIONS

Button Functions

Button	Function
U (Power)	Press and hold for 2-3 seconds to Power On/Off. Short press to Play/Pause music.
- (Volume Down)	Short press to decrease volume. Press and hold for previous track.
+ (Volume Up)	Short press to increase volume. Press and hold for next track.
M (Mode/EQ)	Short press to cycle through EQ modes (Treble, Bass, Normal). Double press for TWS pairing.
Light Button (Snowflake icon)	Short press to cycle through LED light modes. Double press to check battery level.
Call Button (Phone icon)	Short press to answer/end calls. Press and hold to reject calls.

Connecting via AUX/USB/TF Card

The speaker offers multiple ways to play audio:

- **AUX Input:** Connect an audio device using the provided 3.5mm auxiliary cable to the AUX port on the speaker. The speaker will automatically switch to AUX mode.
- **USB Input:** Insert a USB flash drive containing audio files into the USB port. The speaker will automatically detect and play music from the drive.
- **TF Card Input:** Insert a TF (MicroSD) card containing audio files into the TF card slot. The speaker will automatically detect and play music from the card.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's surface. Do not use abrasive cleaners or solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in use for extended periods.
- **Water Exposure:** While IP67 rated, ensure all port covers are securely closed before exposing the speaker to water. After exposure to water, wipe the speaker dry before opening any ports or charging.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.
No sound.	Volume too low; Device not connected; Incorrect input mode.	Increase speaker/device volume; Re-pair Bluetooth; Select correct input mode (AUX/USB/TF).
Bluetooth pairing fails.	Speaker not in pairing mode; Device too far; Interference.	Ensure speaker is flashing blue LED; Move device closer; Turn off other Bluetooth devices.
TWS pairing fails.	Speakers already connected to a device; Incorrect pairing steps.	Disconnect both speakers from any Bluetooth device; Follow TWS pairing steps carefully.
Sound distortion.	Volume too high; Low battery.	Reduce volume; Charge the speaker.
