## **3. SETUP**

---

### **3.1 Battery Installation**

The digital pet machine requires batteries for operation. Locate the battery compartment on the back of the device. Open the compartment cover, insert the required batteries (typically button cell batteries, not included) ensuring correct polarity (+/-), and then close the cover securely.

### **3.2 Initial Power On**

After battery installation, the device should power on automatically or by pressing the 'Reset' button. You will be prompted to select your digital pet and begin your journey.

## 4. OPERATING INSTRUCTIONS

Interact with your digital pet using the four function buttons located on the front of the device.

### 4.1 Button Functions:

- **Reset Button:** Used to restart the game or reset the device. Pressing this button will typically erase current game progress.
- **Select Button:** Navigates through menu options or different actions.
- **Decide Button:** Confirms a selection or action.
- **Cancel Button:** Returns to the previous screen or cancels an action.

### 4.2 Caring for Your Pet:

Your digital pet requires regular attention. Use the 'Select' and 'Decide' buttons to navigate through the various care options:

- **Feeding:** Provide food to keep your pet healthy and happy.
- **Play/Exercise:** Engage your pet in activities to improve its mood and development.
- **Cleaning:** Maintain your pet's environment to prevent illness.
- **Medical Care:** Administer medicine if your pet becomes sick.
- **Discipline:** Guide your pet's behavior.

Monitor your pet's status indicators (e.g., hunger, happiness, health) on the screen to determine its needs.

## 5. MAINTENANCE

To ensure the longevity and proper functioning of your Drfeify Digital Pet Game Machine, follow these maintenance guidelines:

- **Cleaning:** Wipe the device and its case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, which can damage the plastic surface.
- **Storage:** When not in use, store the device in its egg-shaped protective case to prevent scratches and damage. Keep it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Replacement:** Replace batteries promptly when the screen dims or the device stops responding. Dispose of old batteries responsibly according to local regulations.
- **Avoid Water:** This device is not waterproof. Keep it away from water and other liquids to prevent internal damage.

## 6. TROUBLESHOOTING

If you encounter any issues with your digital pet machine, refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on.	Dead or incorrectly installed batteries.	Check battery polarity or replace with new batteries.
Screen is dim or flickering.	Low battery power.	Replace batteries.
Buttons are unresponsive.	Device frozen or low battery.	Press the 'Reset' button. If issue persists, replace batteries.
Pet is constantly unhappy/sick.	Neglect or incorrect care.	Ensure regular feeding, playing, and cleaning. Follow on-screen prompts for pet's needs.
