BOSHIRO Electric Fireplace with Mantel

BOSHIRO 72-Inch LED Electric Fireplace with Mantel and TV Stand Instruction Manual

Model: Electric Fireplace with Mantel

1. INTRODUCTION

Thank you for choosing the BOSHIRO 72-inch LED Electric Fireplace with Mantel and TV Stand. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new entertainment center. Please read all instructions carefully before use and retain this manual for future reference.

2. IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, always follow these basic precautions:

- Read all instructions before using this appliance.
- This appliance is hot when in use. To avoid burns, do not let bare skin touch hot surfaces.
- Keep combustible materials, such as furniture, pillows, bedding, papers, clothes, and curtains at least 3 feet (0.9 m) from the front of the heater.
- Extreme caution is necessary when any heater is used by or near children or invalids and whenever the heater is left operating and unattended.
- Do not operate any heater with a damaged cord or plug or after the heater malfunctions, has been dropped or damaged in any manner.
- Do not use outdoors.
- To disconnect the heater, turn controls to off, then remove the plug from the outlet.
- Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the heater.
- To prevent a possible fire, do not block air intakes or exhaust in any manner. Do not use on soft surfaces, like a bed, where openings may become blocked.
- This appliance has hot and arcing or sparking parts inside. Do not use it in areas where gasoline, paint, or flammable vapors or liquids are used or stored.

- Use this heater only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
- This electric fireplace is equipped with an overheating safety device for enhanced safety and reliability.

3. PACKAGE CONTENTS

Your BOSHIRO Electric Fireplace with Mantel will arrive in two separate packages, which may arrive on different days. Please ensure all components are present before beginning assembly.

Image: Packaging for the BOSHIRO Electric Fireplace Mantel and 23" Insert Fireplace Heater. The product ships in two separate boxes.

Model Name	Electric Fireplace with Mantel
Product Dimensions	13.6"D x 72"W x 36.5"H
Material	Engineered Wood
Color	White & Brown
Power Source	Corded Electric
Heat Output	1400 Watts
Heating Coverage	400 square feet
Special Features	LED Lights, Remote Control, Safety Shut Off, Timer, Two large cabinets
Installation Type	Floor Mount (Freestanding)
Item Weight	115 pounds

5. SETUP AND ASSEMBLY

This electric fireplace is designed for freestanding installation. Assembly is required and typically takes 3-5 hours for one person, or less with assistance. It is recommended to have at least two people for certain steps due to the size and weight of the components. Power tools can expedite the process.

5.1 Unpacking and Inspection

- Carefully unpack all components from both packages.
- Verify that all parts and hardware listed in the package contents are present and undamaged.
- Lay out all parts on a soft, clean surface to prevent scratches.

5.2 Assembly Steps

Follow the detailed assembly instructions provided in the separate assembly guide included with your product. Key steps generally include:

1. Assemble the main fireplace mantel structure.
2. Attach the side storage cabinets to the main mantel.
3. Install the adjustable shelves within the side cabinets.
4. Insert the electric fireplace heater into the designated opening.
5. Connect the LED light strips to the fireplace unit as instructed.

PRODUCT DETAILS

Image: Product dimensions and weight capacity. The unit measures 72"W x 13.6"D x 35.6"H. The top surface supports up to 300 lbs, and shelves support up to 15 lbs.

6. OPERATING INSTRUCTIONS

Your electric fireplace and LED lights can be controlled via the touch buttons on the unit or the provided remote controls.

6.1 Fireplace Operation

The fireplace insert features controls for flame effects, heat, and a timer.

- **Power Button:** Turns the fireplace on or off.
- **Flame Brightness:** Adjusts the intensity of the flame effect (multiple levels available).
- **Heat Function:** Activates or deactivates the heating element. The heater can warm up to 400 sq. ft.
- **Temperature Control:** Adjusts the desired room temperature.
- **Timer:** Sets an automatic shut-off time for the fireplace (e.g., 1-6 hours).

6.2 LED Light Strip Operation

The integrated LED light strips enhance the ambiance and can be controlled independently.

- **RF Wireless Remote:** Use the dedicated RF wireless remote to control the LED lights.
- **Color Selection:** Choose from 24 different colors to match your mood or decor.
- **Brightness Adjustment:** Adjust the intensity of the LED lights.
- **Dynamic Modes:** Select from 19 dynamic modes, including flashing, fading, and color cycling.
- **Speed Adjustment:** Control the speed of dynamic lighting effects.

7. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your electric fireplace.

- **Cleaning:** Dust the unit regularly with a soft, dry cloth. For stubborn marks, use a slightly damp cloth and mild detergent, then wipe dry. Do not use abrasive cleaners or solvents.
- **Ventilation:** Ensure the air intake and exhaust vents of the fireplace insert are clear of obstructions to prevent

overheating.

- **Cord and Plug:** Periodically inspect the power cord and plug for any signs of damage. If damaged, discontinue use and contact customer support.
- **Light Bulbs:** The LED flame effect and light strips use long-lasting LED technology and typically do not require replacement.

8. TROUBLESHOOTING

If you encounter issues with your electric fireplace, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fireplace does not turn on.	No power, power cord not plugged in, circuit breaker tripped.	Check power outlet, ensure cord is securely plugged in, reset circuit breaker.
No heat output.	Heat function not activated, thermostat set too low, overheating safety device activated.	Activate heat function, increase thermostat setting, unplug unit for 15 minutes to reset safety device.
Flame effect not working.	Flame effect not activated.	Ensure flame effect is turned on via control panel or remote.
Remote control not working.	Dead batteries, remote out of range, obstruction.	Replace batteries, ensure remote is within 26 feet and pointed towards the unit, remove obstructions.
LED lights not working or flickering.	LED remote batteries low, connection issue.	Replace LED remote batteries. Check LED strip connections if accessible and safe.

If problems persist after attempting these solutions, please contact BOSHIRO customer support.

9. WARRANTY AND SUPPORT

This BOSHIRO product comes with a **Limited Warranty**. For specific details regarding warranty coverage, duration, and claims, please refer to the warranty card included with your purchase or visit the official BOSHIRO website. For customer support, technical assistance, or to inquire about replacement parts, please contact BOSHIRO directly. Contact information can typically be found on the product packaging or the brand's official website.
