

Logitech Rally Bar

Logitech Rally Bar + Sight Room Kit User Manual

TAA Compliant Video Conferencing System

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Logitech Rally Bar + Sight Room Kit. This system is designed to deliver high-quality video conferencing experiences, ensuring seamless communication in professional environments. Please read this manual thoroughly before using the product to ensure optimal performance and safety.

2. PACKAGE CONTENTS

Verify that all items listed below are present in your package:

- Logitech Rally Bar
- Logitech Tap Cat5e Controller
- Logitech Sight Camera
- 2 x Logitech Mic Pods
- Required cables and power supply

3. PRODUCT OVERVIEW

The Logitech Rally Bar + Sight Room Kit integrates several components to create a comprehensive video conferencing solution. Below is an overview of the main components:

Image 1: Logitech Rally Bar + Sight Room Kit components. This image displays the main components of the kit: the Logitech Rally Bar (horizontal soundbar with integrated camera), the Logitech Sight camera (vertical cylindrical unit), the Logitech Tap controller (tablet-like device), and two circular Logitech Mic Pods.

- **Logitech Rally Bar:** An all-in-one video bar featuring a camera, speakers, and a microphone array.
- **Logitech Sight:** A tabletop camera with AI-powered multi-participant framing, designed to provide a "front-of-room" view.
- **Logitech Tap Controller:** A 10.1-inch touchscreen display for intuitive meeting control and scheduling.
- **Logitech Mic Pods:** Extend the audio pickup range, ensuring all participants are heard clearly.

4. SETUP INSTRUCTIONS

Follow these steps to set up your Logitech Rally Bar + Sight Room Kit:

1. **Placement:** Position the Rally Bar below or above your primary display. Place the Sight camera and Mic Pods on the conference table, ensuring clear line of sight and optimal audio pickup. The Tap controller should be placed within easy reach of participants.
2. **Power Connection:** Connect the power adapters to the Rally Bar, Tap controller, and Sight camera, then plug them into a power outlet.
3. **Network Connection:** Connect the Rally Bar and Tap controller to your network using Ethernet cables for reliable connectivity.
4. **Display Connection:** Connect the Rally Bar to your room display(s) using HDMI cables.
5. **USB Connection (Optional):** For PC mode, connect the Rally Bar to a computer via a SuperSpeed USB 3.0 or USB-C 3.0/3.1 cable.
6. **Mic Pod Connection:** Connect the Mic Pods to the Rally Bar or to each other in a daisy chain configuration using the provided cables.
7. **Initial Configuration:** Follow the on-screen prompts on the Tap controller to complete the initial setup, including network settings, time zone, and integration with your chosen unified communications platform (Zoom, Microsoft Teams, Google Meet).

Note: This kit is TAA Compliant, meeting specific government procurement requirements.

5. OPERATING INSTRUCTIONS

The Logitech Rally Bar + Sight Room Kit is designed for intuitive operation. Here are key operational aspects:

5.1. Starting a Meeting

- On the Tap controller, select your scheduled meeting from the calendar or choose to start an instant meeting.
- The system will automatically activate the Rally Bar camera, microphones, and speakers.

5.2. Audio Control

- **Microphone Array:** The Rally Bar features a 6-microphone array with beamforming and omnidirectional pickup patterns, ensuring clear voice capture from all participants.
- **Speaker System:** Integrated speakers deliver clear audio with less than 2% total harmonic distortion.
- **Volume Adjustment:** Use the controls on the Tap controller to adjust speaker volume.
- **Mute:** Mute/unmute microphones using the dedicated button on the Tap controller or the Mic Pods.

5.3. Video Control

- **Rally Bar Camera:** Features pan, tilt, and zoom capabilities.
- **Logitech Sight Camera:** Provides an additional perspective, intelligently framing participants at the table.
- **Camera Control:** Use the Tap controller to manually adjust camera pan, tilt, and zoom, or enable automatic framing features.
- **Video Modes:** Supports 4K video modes for high-definition conferencing.

5.4. Tap Controller Interaction

- The 10.1-inch touchscreen display features an anti-fingerprint, oleophobic coating for a clean appearance.
- An integrated PIR motion sensor activates the display when movement is detected.

5.5. Security Features

The system incorporates robust security measures:

- AES-128 encryption for secure communications.
- NDAA compliance.
- API inspection and ARM TrustZone for enhanced device security.

6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Logitech Rally Bar + Sight Room Kit:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the surfaces of the Rally Bar, Sight camera, Tap controller, and Mic Pods. For the touchscreen, a slightly damp cloth with a mild, non-abrasive cleaner can be used, avoiding excessive moisture.
- **Cable Management:** Ensure all cables are neatly organized and not under strain to prevent damage.
- **Software Updates:** Regularly check for and install firmware and software updates provided by Logitech to ensure the system has the latest features and security enhancements.
- **Environmental Conditions:** Operate the system within recommended temperature and humidity ranges to prevent damage. Avoid direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you encounter issues with your Rally Bar + Sight Room Kit, refer to the following common troubleshooting steps:

- **No Power:**
 - Ensure all power cables are securely connected to the devices and power outlets.
 - Verify that power outlets are functional.
- **No Video/Audio:**
 - Check HDMI and USB connections between the Rally Bar and display/computer.
 - Confirm that the correct input source is selected on your display.
 - Ensure microphones and speakers are not muted on the Tap controller.
 - Verify Mic Pods are properly connected.
- **Network Connectivity Issues:**
 - Check Ethernet cable connections.
 - Verify network settings on the Tap controller.

- Restart your network router/switch if other devices are also experiencing issues.

- **Camera Not Responding:**

- Ensure the camera is properly connected and powered.
- Restart the Rally Bar system.
- Check for any physical obstructions to the camera lens.

- **Software Glitches:**

- Restart the entire system (Rally Bar, Tap, Sight).
- Ensure the system firmware is up to date.

For more complex issues, please refer to the Logitech support website or contact customer service.

8. SPECIFICATIONS

Below are the technical specifications for the Logitech Rally Bar + Sight Room Kit:

Feature	Detail
Brand	Logitech
Model Name	Rally Bar
Connectivity Technology	Ethernet, HDMI, USB, Bluetooth LE
Video Capture Resolution	4K
Photo Sensor Technology	BSI CMOS
Supported Audio Format	AAC, MP3
Screen Size (Tap Controller)	10.1 Inches (26 cm visible diagonal)
Item Weight	46 pounds (total kit)
Package Dimensions	39 x 23 x 10 inches
TAA Compliant	Yes
Unified Communications Platform Support	Zoom, Microsoft Teams, Google Meet
Security Features	AES-128 encryption, NDAA compliance, API inspection, ARM TrustZone

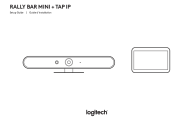

9. WARRANTY AND SUPPORT

Logitech products are designed for reliability and performance. For information regarding warranty coverage, technical support, and additional resources, please visit the official Logitech support website:

<https://support.logi.com/>

You can find FAQs, troubleshooting guides, and contact information for customer service on their website.
