## INIU P41

# INIU Portable Charger User Manual

Model: P41

### INTRODUCTION

Thank you for choosing the INIU Portable Charger. This compact and powerful 10000mAh power bank is designed to provide fast and reliable charging for your mobile devices on the go. Please read this manual carefully to ensure proper use and maintenance of your device.

### SAFETY INFORMATION

To prevent damage, electric shock, injury, fire, or other hazards, please observe the following safety precautions:

- Do not expose the power bank to extreme temperatures (above 60°C/140°F) or direct sunlight.
- Do not disassemble, modify, or repair the device yourself. Contact qualified service personnel.
- Keep away from water, moisture, and corrosive materials.
- Avoid dropping, hitting, or subjecting the device to strong impacts.
- Use only certified charging cables and adapters.
- Keep out of reach of children.
- Do not short-circuit the charging ports.
- Dispose of the power bank responsibly according to local regulations.

### PACKAGE CONTENTS

- INIU Portable Charger (Model P41)
- USB-C Charging Cable

## PRODUCT OVERVIEW

Familiarize yourself with the components of your INIU Portable Charger:

- **Power Button:** Activates the power bank and checks battery level. Double-press to activate/deactivate the built-in flashlight.
- **USB-C Ports (x2):** Both ports support input and output for charging the power bank and your devices.
- **USB-A Port (x1):** Output port for charging your devices.
- **Paw Print LED Indicator:** Displays the remaining battery level. Each illuminated paw pad represents approximately 20% of the battery capacity.
- **Built-in Flashlight:** Provides illumination when needed.

## Initial Charging of the Power Bank

Before first use, fully charge your INIU Portable Charger. This ensures optimal performance and battery longevity.

1. Connect the provided USB-C cable to one of the USB-C input/output ports on the power bank.
2. Connect the other end of the USB-C cable to a compatible USB wall charger (not included).
3. The paw print LED indicator will illuminate and flash to show charging progress. All paw pads will remain solid when fully charged.

A full charge typically takes several hours depending on the power of your wall charger.

## OPERATING INSTRUCTIONS

### Charging Your Devices

The INIU Portable Charger features 2 USB-C ports (input/output) and 1 USB-A port (output), allowing you to charge up to three devices simultaneously.

1. Connect your device's charging cable to the appropriate port on the power bank (USB-C or USB-A).
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The paw print LED indicator will show the remaining power.

For optimal fast charging, use a USB-C to USB-C cable with compatible devices. The power bank supports 22.5W Power Delivery (PD) for rapid charging.

## Using the Built-in Flashlight

To activate the flashlight, quickly double-press the power button. Double-press again to turn it off.

## Pass-Through Charging

The INIU Portable Charger supports pass-through charging, meaning you can charge the power bank itself while it

simultaneously charges your connected devices.

Official Product Video

Video: An official product video from INIU showcasing the compact size, built-in USB-C cable, and portability of the 10000mAh power bank, demonstrating its use for charging devices on the go and its "Power for a Day" capability. The video highlights its mini size and mega power for various outdoor activities.

MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the power bank to approximately 50% every three months to maintain battery health.

TROUBLESHOOTING

| Problem                             | Possible Solution                                                                                                                                        |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Power bank not charging             | Ensure the charging cable and wall adapter are working correctly. Try a different cable or adapter. Check if the USB-C port is clean and free of debris. |
| Device not charging from power bank | Ensure the power bank has sufficient charge. Try a different charging cable or port. Verify your device is compatible with the power bank's output.      |
| Flashlight not turning on/off       | Ensure you are double-pressing the power button quickly.                                                                                                 |
| Slow charging                       | Ensure your cable and device support fast charging. Some devices may limit charging speed to protect battery health.                                     |

SPECIFICATIONS

- **Model:** P41
- **Battery Capacity:** 10000mAh
- **Product Dimensions:** 4.3 x 2.6 x 0.7 inches
- **Item Weight:** 8.4 ounces
- **Input:** USB-C (22.5W PD)
- **Output:** USB-C (x2), USB-A (x1) - Total 22.5W Max

- **Special Features:** Fast Charging, Built-in Flashlight, Paw Print LED Indicator, TinyCell Technology
- **Compatibility:** Wide range of smartphones (iPhone, Samsung, Google, LG), tablets (iPad Pro, iPad Air, iPad mini, iPad), and other devices (Smartwatches, AirPods, Vision Pro, Oculus Quest).
