## Lolikit TD-LO-321-1PK

# Lolikit Farmhouse Industrial Table Lamp Instruction Manual

Model: TD-LO-321-1PK | Brand: Lolikit

## 1. INTRODUCTION

---

Thank you for purchasing the Lolikit Farmhouse Industrial Table Lamp. This manual provides essential information for the safe and efficient use of your new lamp. Please read these instructions carefully before assembly and operation, and retain them for future reference.

### Important Safety Information

- Ensure the power supply is disconnected before assembly, disassembly, or cleaning.
- Use only bulbs of the specified type and wattage to avoid overheating.
- Do not expose the lamp to water or excessive moisture. This product is for indoor use only.
- Keep the lamp away from flammable materials.
- The cord, plug, socket, and USB port of this Lolikit table lamp are UL listed, ensuring compliance with national safety standards.

## 2. PACKAGE CONTENTS

---

Carefully unpack all components and check against the list below. If any parts are missing or damaged, please contact customer support.

- Vintage Metal Lamp Post (Stand)
- Linen Fabric Lampshade
- Elegant Glass LED Night Light (integrated)
- 4 x 6W E26 LED Bulbs (for main light)
- Power Cord with Plug

### 3. SETUP INSTRUCTIONS

Follow these steps to assemble your lamp:

1. **Unpack:** Carefully remove all parts from the packaging. Place them on a flat, stable surface.
2. **Assemble Lampshade:** The linen fabric lampshade may come flat-packed. Attach the shade to the top and bottom hoops using the provided clips, then secure the ends with the strong Velcro.
3. **Install Main Bulbs:** Screw the provided 6W E26 LED bulbs into the E26 socket located under the lampshade. Ensure they are securely tightened.
4. **Connect Power:** Plug the lamp's power cord into a standard 120V AC wall outlet.

## 4. OPERATING INSTRUCTIONS

Your Lolikit table lamp offers multiple lighting and charging options.

### 4.1 Main Light Operation

The main light, located under the lampshade, is controlled by a 2-way rotary switch. Rotate the switch to turn the light on or off, and to adjust between two brightness settings (if using compatible dimmable bulbs).

## 2-WAY ROTARY SWITCH FOR THE TOP BULBS

Simply rotate the switch to control the light on and off

Figure 4.1: Main light rotary switch.

### 4.2 Night Light Operation

The gentle LED night light, integrated into the lamp's base, is controlled by a separate touch-sensitive switch on the base. Simply tap the base switch to turn the night light on or off. This provides a comforting glow for unwinding.

### **4.3 USB A+C Charging Ports & AC Outlet**

The lamp features built-in 5V 2.1A USB A and Type-C charging ports, along with a standard AC outlet. These ports allow you to charge mobile phones, tablets, Kindle readers, humidifiers, and other devices directly from the lamp base, whether the lights are on or off.

## 5. MAINTENANCE

### 5.1 Cleaning

- Always unplug the lamp before cleaning.
- Wipe the metal base and frame with a soft, dry cloth.
- For the linen lampshade, use a lint roller or a soft brush to remove dust. Do not use liquid cleaners on the shade.
- Clean the glass night light with a soft, damp cloth, then dry thoroughly.

### 5.2 Bulb Replacement

- **Main Light:** The lamp uses E26 base bulbs. The maximum wattage for the main light is 60 watts. It is recommended to use LED bulbs for energy efficiency and longevity.
- **Night Light:** The LED night light is integrated and generally not user-replaceable. If issues arise with the night light, please contact customer support.
- Ensure the lamp is unplugged and bulbs have cooled before attempting replacement.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your lamp, please refer to the following common problems and solutions:

- **Lamp does not turn on:**
  - Ensure the power cord is securely plugged into a working outlet.
  - Check if the main light bulb is properly screwed in and not burnt out. Replace if necessary.
  - Verify that the rotary switch for the main light and the touch switch for the night light are in the 'ON' position.
- **Charging ports (USB/AC) are not working:**
  - Ensure the lamp is plugged into a live power outlet.
  - Test the charging ports with a different device and cable to rule out device-specific issues.
- **Light flickers or is dim:**
  - For the main light, ensure the bulb is fully tightened. If using a dimmable bulb, check the rotary switch position.
  - Replace the main light bulb if it is old or appears faulty.

If these steps do not resolve the issue, please contact Lolikit customer support.

## 7. SPECIFICATIONS
