4. GETTING STARTED (SETUP)

4.1 Initial Charging

Before first use, fully charge the tablet using the provided USB-C cable and charger. Connect the USB-C cable to the tablet's charging port and the charger to a power outlet. The battery indicator on the screen will show charging progress.

4.2 Power On/Off

- **To Power On:** Press and hold the Power button (usually located on the side or top edge) until the TUOHAITIME logo appears on the screen.
- **To Power Off:** Press and hold the Power button until a power menu appears. Select "Power off" or "Shut down".
- **To Restart:** From the power menu, select "Restart".

4.3 Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup wizard. Follow the on-screen prompts to:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock (PIN, pattern, password, or Face Unlock).
- Review and accept terms and conditions.

4.4 Connecting Accessories

The included Bluetooth keyboard and wireless mouse can be paired with your tablet for enhanced productivity.

- **Bluetooth Keyboard/Mouse:** Turn on the accessory and put it into pairing mode (refer to the accessory's specific instructions). On your tablet, go to **Settings > Connected devices > Pair new device**. Select the accessory from the list and follow the pairing prompts.
- **Stylus:** The stylus is generally passive and does not require pairing. Simply use it directly on the screen.

4.5 Inserting a MicroSD Card

To expand storage, locate the MicroSD card slot on the tablet (often covered by a small tray or flap). Insert the MicroSD card gently until it clicks into place. The tablet will prompt you to format the card for use.

5. BASIC OPERATION

5.1 Navigating the User Interface

The Android 14 interface is primarily touch-based:

- **Tap:** Select an item or open an app.
- **Swipe:** Scroll through screens, lists, or pages.
- **Pinch-to-Zoom:** Use two fingers to zoom in or out on images or web pages.
- **Long Press:** Access contextual menus or move app icons.
- **3-Finger Screenshot:** Swipe down with three fingers to capture a screenshot.

5.2 Wi-Fi Connection

To connect to a Wi-Fi network:

1. Go to **Settings > Network & internet > Internet**.
2. Ensure Wi-Fi is turned on.
3. Select your desired network from the list.
4. Enter the password if prompted and tap "Connect".

5.3 Bluetooth Pairing

To pair a Bluetooth device:

1. Go to **Settings > Connected devices > Connection preferences > Bluetooth**.
2. Ensure Bluetooth is turned on.
3. Put your Bluetooth device into pairing mode.
4. Tap "Pair new device" on your tablet and select your device from the list.

5.4 Camera Usage

Open the "Camera" app to take photos or record videos. You can switch between the front and rear cameras using the icon on the screen. Tap the shutter button to capture an image or start/stop recording.

5.5 Parental Control and Google Kids Space

Android 14 offers robust parental control features. Navigate to **Settings > Digital Wellbeing & parental controls** to set screen time limits, manage app access, and monitor usage. Google Kids Space provides a safe and curated environment for children with age-appropriate content.

5.6 Multi-Window Mode

To use two apps simultaneously, open the first app, then swipe up from the bottom of the screen and hold to access the recent apps view. Tap the app icon at the top of the first app's card and select "Split screen". Choose the second app to open in the other half of the screen.

5.7 Eye Protection Mode

To reduce eye strain, especially in low light, enable Eye Protection Mode. Go to **Settings > Display > Eye comfort shield** (or similar, depending on specific Android 14 build) and toggle it on. You can often schedule it or adjust its intensity.

6. CARE AND MAINTENANCE

6.1 Cleaning

Use a soft, lint-free cloth to clean the tablet screen and body. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner. Avoid using harsh chemicals, abrasive materials, or excessive moisture.

6.2 Battery Care

- Avoid extreme temperatures, as they can degrade battery life.
- Do not leave the tablet charging for extended periods after it reaches 100%.
- Use only the provided charger and cable or certified compatible accessories.

6.3 Software Updates

Regularly check for system updates to ensure optimal performance, security, and access to new features. Go to **Settings > System > System update** to check for and install available updates.

6.4 Storage Optimization

To maintain performance, periodically clear cached data, uninstall unused apps, and transfer large files (like photos and videos) to your MicroSD card or cloud storage. Go to **Settings > Storage** to manage your device's storage.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your tablet.

Problem	Possible Solution
Tablet does not power on.	Ensure the tablet is fully charged. Press and hold the Power button for at least 10-15 seconds to force a restart.
Tablet is slow or unresponsive.	Close unused apps. Restart the tablet. Clear cached data (Settings > Storage). Check for system updates.

Problem	Possible Solution
Cannot connect to Wi-Fi.	Ensure Wi-Fi is enabled on the tablet. Restart your Wi-Fi router. Forget the network and reconnect.
Battery drains quickly.	Reduce screen brightness. Close background apps. Disable unused features like Bluetooth or GPS. Check battery usage in Settings to identify power-hungry apps.
Accessories (keyboard/mouse) not connecting.	Ensure accessories are charged and in pairing mode. Unpair and re-pair the devices. Restart the tablet.
MicroSD card not detected.	Ensure the card is inserted correctly. Try reinserting it. Test with another MicroSD card if possible.
