PURPLE LEAF 8' x 8' Square Patio Umbrella

PURPLE LEAF 8' x 8' Square Patio Umbrella Instruction Manual

Model: 8' x 8' Square Patio Umbrella (Grey, B0DFM2DXCD)

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury or product damage. Keep this manual for future reference.

- Ensure the umbrella is securely anchored with an appropriate base (sold separately) to prevent tipping, especially in windy conditions.
- Do not use the umbrella in strong winds or severe weather. Close and secure the umbrella when not in use or during adverse weather.
- Keep children and pets away from the umbrella during assembly and operation.
- Avoid placing the umbrella near open flames or heat sources.
- Regularly inspect all components for wear and tear. Replace damaged parts immediately.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Umbrella Canopy with Ribs
- Upper Pole Section
- Lower Pole Section (with crank mechanism)
- Finial
- Instruction Manual

Note: Umbrella base and furniture are not included and must be purchased separately. This umbrella is not suitable for tables with hole diameters smaller than 1.5 inches.

ASSEMBLY INSTRUCTIONS

Step 1: Unpack Components

Carefully remove all parts from the packaging. Lay them out on a clean, flat, soft surface to prevent scratches.

Step 2: Assemble the Pole

Connect the upper pole section to the lower pole section. Ensure the connection is firm and secure. The lower pole section contains the crank mechanism for opening and closing the umbrella.

Convenient Rotating Handle

Open or close with minimal effort.

Image: The convenient rotating handle on the umbrella pole, used for opening and closing the canopy.

Step 3: Attach Umbrella Canopy

Carefully place the umbrella canopy onto the assembled pole. Ensure the canopy slides down completely and is properly seated. Screw the finial onto the top of the umbrella pole to secure the canopy.

Elegant Finial Design

The finial serves as an elegant finishing touch.

Image: The elegant finial design at the apex of the umbrella, providing a finishing touch.

Step 4: Secure the Umbrella

Insert the assembled umbrella pole into a suitable umbrella base (sold separately). Ensure the base is heavy enough to provide stability for an 8' x 8' umbrella. Tighten any securing knobs on the base to hold the pole firmly in place. The pole diameter is 1.5 inches, suitable for table holes larger than 1.5 inches.

Size Information: 8 × 8 FT

Base sold separately, please search:HDML32

Image: Size information for the 8x8 ft umbrella, indicating a 1.5-inch pole diameter.

OPERATION

Opening the Umbrella

Rotate the crank handle clockwise to extend the umbrella canopy. Continue cranking until the canopy is fully open and taut.

Closing the Umbrella

Rotate the crank handle counter-clockwise to retract the umbrella canopy. Ensure the canopy is fully closed and secured when not in use.

Adjusting the Tilt

This umbrella features a 30° rotation with adjustable tilt. Locate the tilt adjustment mechanism on the pole (typically a button or lever). Press the button or engage the lever and gently tilt the canopy to your desired angle. Release the button/lever to lock the tilt in place. This allows for optimal sun protection throughout the day.

Multi-Angle Adjustment

30° rotatable structure provides instant shade

Image: The multi-angle adjustment feature, allowing the canopy to tilt up to 30 degrees for flexible shade.

MAINTENANCE

- **Cleaning the Canopy:** Clean the 200 GSM premium fabric canopy with mild soap and water. Rinse thoroughly and allow to air dry completely before closing or storing. Do not use harsh chemicals or abrasive cleaners.
- **Cleaning the Frame:** Wipe the champagne aluminum frame with a damp cloth. Aluminum is durable and resistant to rust and corrosion.
- **Storage:** When not in use for extended periods, especially during off-season or severe weather, close the umbrella and store it in a dry, protected area. A protective cover (sold separately) is recommended.
- **Inspection:** Periodically check all screws, bolts, and moving parts to ensure they are tight and functioning correctly.

Ribs 55% Thicker than Other

Our umbrella ribs are 1.11 inches, while other only 0.7 inches.

Image: Close-up of the premium 200 GSM fabric, known for its fade-resistance and durability.

Premium 200/GSM Fabric

Durable color retention and superior resistance to wear and tear.

Image: View of the umbrella's robust aluminum ribs, designed for enhanced stability.

TROUBLESHOOTING

- **Umbrella not opening/closing smoothly:** Check for any obstructions in the canopy or crank mechanism. Ensure the pole sections are securely connected. Apply a silicone-based lubricant to moving parts if necessary.
- **Umbrella unstable:** Verify that the umbrella base is adequately weighted for the umbrella size. Ensure the pole is fully inserted and secured in the base. Do not use in high winds.
- **Canopy fading:** While the fabric is fade-resistant, prolonged exposure to intense sunlight can still cause some fading over time. Regular cleaning and using a protective cover when not in use can help prolong its color.

SPECIFICATIONS

Feature	Detail
Brand	PURPLE LEAF
Model	8' x 8' Square Patio Umbrella

Feature	Detail
Shape	Square
Frame Material	Aluminum
Shaft Material	Aluminum
