Model: 10' x 13' Rectangular Double Top Offset Patio Umbrella

Brand: PURPLE LEAF

## 1. INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your PURPLE LEAF Sunbrella 10' x 13' Rectangular Double Top Offset Patio Umbrella. Please read this manual thoroughly before use and retain it for future reference.

## 2. SAFETY INFORMATION

- Always close the umbrella when not in use or during strong winds and severe weather conditions to prevent damage or injury.
- Ensure the umbrella base is adequately weighted and stable before opening the canopy. A weighted base is not included with this umbrella (search XN4150 for compatible weighted bases).
- Do not attempt to open or close the umbrella forcefully. Use the crank mechanism smoothly.
- Keep children and pets away from the umbrella during operation.
- Regularly inspect all components for wear, damage, or loose connections. Do not use if any part is damaged.

## 3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Umbrella Canopy (Sunbrella fabric)
- Main Pole Assembly
- Crank Handle

- Cross Base (for weighted base attachment)
- Hardware Pack

## 4. SETUP AND ASSEMBLY

Follow these steps to assemble your patio umbrella:

1. **Prepare the Base:** Place the cross base in your desired location. Securely attach a compatible weighted base (not included, recommended model XN4150) to the cross base. Ensure the base is filled and stable.
2. **Attach the Main Pole:** Insert the main pole assembly into the secured weighted base. Tighten any locking mechanisms or bolts to ensure the pole is firmly upright.
3. **Mount the Canopy:** Carefully attach the umbrella canopy to the top of the main pole assembly. Ensure all arms and ribs are correctly aligned and secured according to the specific design.
4. **Install the Crank Handle:** Attach the crank handle to its designated slot on the main pole.

## 5. OPERATING INSTRUCTIONS

### 5.1 Opening and Closing the Umbrella

- To **open** the umbrella, turn the crank handle clockwise until the canopy is fully extended and taut.
- To **close** the umbrella, turn the crank handle counter-clockwise until the canopy is fully retracted. Secure the canopy with the attached strap.

### 5.2 360° Rotation

This umbrella features a 360° rotation mechanism, allowing you to adjust the shade position without moving the entire base.

1. Locate the foot pedal or rotation lock mechanism at the base of the main pole.
2. Depress or unlock the mechanism to allow the umbrella to rotate freely.
3. Gently rotate the canopy to your desired position.
4. Release or lock the mechanism to secure the umbrella in place.

## 5.3 6-Position Tilt Adjustment

Adjust the canopy angle to block sun at different times of the day using the 6-position tilt system.

1. Locate the tilt handle or button on the main pole.
2. Engage the tilt mechanism and adjust the canopy to one of the six available angles.
3. Release the mechanism to lock the canopy in the desired tilted position.

## 6. MAINTENANCE

### 6.1 Cleaning the Sunbrella Fabric Canopy

The Sunbrella fabric is designed for durability and ease of cleaning. For general cleaning:

- Brush off loose dirt.
- Spray with a solution of mild soap (e.g., Dawn) and lukewarm water.
- Use a soft brush to clean.
- Rinse thoroughly until all soap residue is removed.
- Allow fabric to air dry completely.

For stubborn stains, refer to the detailed cleaning video below:

Video: Detailed instructions on how to clean Sunbrella fabric, demonstrating steps for removing various stains.

### 6.2 General Care

- Always close and secure the umbrella when not in use or during windy conditions.
- Consider using a protective cover for the umbrella when stored for extended periods or during off-season to prolong its lifespan.
- Periodically check all bolts and connections to ensure they remain tight.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Umbrella is unstable or tips over.	Insufficiently weighted base; loose connections.	Ensure the weighted base is properly filled and secured. Check and tighten all bolts. Close umbrella in windy conditions.
Crank mechanism is stiff or not working.	Debris in mechanism; lack of lubrication; damaged parts.	Clean any visible debris. Apply a silicone-based lubricant to moving parts. If damaged, contact customer support.
Canopy does not open or close smoothly.	Ribs are misaligned; fabric caught.	Gently check for any obstructions or misaligned ribs. Ensure fabric is not caught in the mechanism.
