1. INTRODUCTION

This manual provides detailed instructions for the safe assembly, operation, and maintenance of your PURPLE LEAF 8' x 8' Cantilever Patio Umbrella. Designed to offer ample shade and enhance your outdoor living space, this umbrella features a robust aluminum frame and a durable polyester canopy. Please read this manual thoroughly before use and retain it for future reference.

Key Features:

- **Optimal Shade Coverage:** The 8' x 8' square canopy provides extensive shade for your patio, deck, or pool area.
- **Easy Operation:** A convenient crank system allows for effortless opening and closing of the canopy.
- **Adjustable Tilt:** The unique handle design facilitates easy tilting to block sun at various angles.
- **360-Degree Rotation:** A foot pedal at the base enables full 360-degree rotation, allowing you to adjust shade coverage without moving the entire base.
- **Durable Construction:** Features 8 heavy-duty umbrella ribs and an aluminum frame for exceptional durability and stability.
- **High-Quality Fabric:** Made from 240/gsm yarn-dyed polyester fabric, which is UV resistant, water-repellent, and fade-resistant.

2. SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety guidelines to prevent injury or damage to the product.

- **Secure the Base:** Always ensure the umbrella base is adequately weighted. A cross base is included, but a weighted base (e.g., water/sand filled) is sold separately and is essential for stability. Refer to the weighted base's instructions for proper filling and placement.
- **Weather Conditions:** Close and secure the umbrella during strong winds, heavy rain, or severe weather conditions. Failure to do so can result in damage to the umbrella and surrounding property, or personal injury.
- **Operation:** Keep hands, fingers, and clothing clear of all moving parts during opening, closing, and adjusting the umbrella.
- **Assembly:** Some assembly steps may require two people due to the size and weight of components. Do not attempt to lift heavy parts alone.
- **Placement:** Do not place the umbrella near open flames, heaters, or other heat sources. Ensure adequate clearance from walls, fences, and other structures.
- **Children and Pets:** Supervise children and pets around the umbrella, especially during operation.

- **Regular Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight and secure.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Umbrella Canopy Assembly (with ribs and fabric)
- Main Pole (Upper and Lower sections)
- Cross Base
- Crank Handle
- Foot Pedal (for rotation)
- Hardware Pack (bolts, washers, nuts, tools if included)
- Instruction Manual

Note: A weighted base is NOT included and must be purchased separately to ensure stability. Search for model SBL4090 for compatible weighted bases.

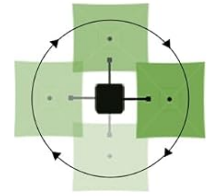

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for certain steps.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, flat, and soft surface to prevent scratches.
2. **Assemble the Cross Base:** Connect the cross base sections using the provided hardware. Ensure all bolts are tightened securely.
3. **Attach Main Pole to Cross Base:** Insert the lower section of the main pole into the center of the assembled cross base. Secure it with the appropriate bolts and washers from the hardware pack.
4. **Install Weighted Base (Sold Separately):** If using a water/sand filled weighted base, place it over the cross base. Fill it according to the weighted base's specific instructions. Proper weighting is crucial for stability.
5. **Attach Umbrella Canopy Assembly:** With assistance, carefully lift the umbrella canopy assembly and slide its pole onto the upper section of the main pole. Ensure it is fully seated and aligned.
6. **Secure Connections:** Tighten any remaining bolts or locking mechanisms to ensure the umbrella canopy is firmly attached to the main pole.

360° Smooth Rotation

Effortlessly Adjust Coverage Without Moving the Base

#Base Sold Separately. Please Search: **SBL4090**

Note: The weighted base is sold separately.

5. OPERATING INSTRUCTIONS

Familiarize yourself with the umbrella's controls for optimal use.

Opening the Umbrella:

1. Ensure the umbrella is not secured by its storage strap.
2. Locate the crank handle on the main pole.
3. Turn the crank handle clockwise to extend the canopy until it is fully open. Do not over-crank.

Tilting the Umbrella:

1. Identify the tilt handle/lever mechanism on the main pole.
2. Engage the mechanism (e.g., press a button or lift a lever) and adjust the canopy to your desired tilt angle.
3. Release the mechanism to lock the umbrella in position. The umbrella offers five adjustable tilt positions.

Five Tilt Adjustable | Provide the Maximum Shade from The

360-Degree Rotation:

1. Locate the foot pedal at the base of the main pole.
2. Press down on the foot pedal to unlock the rotation mechanism.
3. Gently rotate the umbrella canopy to the desired position.
4. Release the foot pedal to lock the umbrella in place.

Closing the Umbrella:

1. If tilted, return the canopy to its upright position.
2. Turn the crank handle counter-clockwise to retract the canopy until it is fully closed.
3. Secure the closed canopy with the attached strap to prevent it from opening unexpectedly, especially in windy conditions.

Cast Aluminum Handle

The handle makes it easy to open and close the canopy

Image: A close-up view of the cast aluminum handle, which is used for easy opening, closing, and tilting of the umbrella canopy.

6. MAINTENANCE

Proper care and maintenance will extend the life of your patio umbrella.

- **Cleaning the Canopy:** Wipe the polyester canopy with a damp cloth. For more stubborn dirt or stains, use a mild soap solution and water. Rinse thoroughly with clean water and allow the canopy to air dry completely before closing or storing. Do not use harsh chemicals or abrasive cleaners.
- **Frame Care:** The aluminum frame is rust-resistant. Clean it with a damp cloth and mild soap as needed. Avoid scratching the powder-coated finish.
- **Storage:** When not in use for extended periods, such as during winter months or severe weather, close the umbrella, secure it with the strap, and consider using a protective umbrella cover. Store the umbrella in a dry, sheltered location to protect it from the elements.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Tighten any loose hardware to maintain structural integrity.

7. TROUBLESHOOTING

If you encounter issues with your umbrella, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Umbrella tips over easily.	Insufficiently weighted base; strong winds.	Ensure the weighted base is filled to its maximum capacity (e.g., with sand and water). Always close the umbrella in windy conditions.
Difficulty opening or closing the canopy.	Obstruction in the crank mechanism; canopy fabric caught; locking pin engaged.	Check for any obstructions. Ensure the canopy fabric is not tangled. Verify that any locking pins or levers are disengaged before cranking.

Problem	Possible Cause	Solution
Umbrella pole feels wobbly.	Loose connections at the base or pole joints.	Inspect and tighten all bolts and screws connecting the main pole to the cross base and any pole sections.
Canopy does not tilt or rotate smoothly.	Mechanism jammed or dirty; foot pedal/handle not fully engaged/disengaged.	Clean the tilt and rotation mechanisms. Ensure the foot pedal is fully pressed to unlock rotation, and the tilt handle is properly engaged/disengaged.

8. SPECIFICATIONS

- **Brand:** PURPLE LEAF
- **Model:** 8' X 8' Standard Cantilever Umbrella
- **Canopy Shape:** Square
- **Canopy Dimensions:** 8 feet x 8 feet
- **Canopy Material:** 240/gsm Yarn Dyed Polyester Fabric
- **Frame Material:** Aluminum
- **Shaft Material:** Metal
- **Handle Material:** Aluminum
- **Color:** Apple Green
- **Opening Mechanism:** Crank Lift
- **Umbrella Tilt Mechanism:** Manual Tilt (Five adjustable positions)
- **Rotation:** 360-degree (Foot pedal operated)
- **Special Features:** UV Resistant, Water Repellent, Windproof, Adjustable Height
- **Product Care Instructions:** Wipe With Damp Cloth
- **Included Components:** Umbrella (Canopy, Frame, Cross Base)
- **Weighted Base:** Not included (Sold separately, recommended model SBL4090)
