realme RMA2306

realme T110 True Wireless Earbuds User Manual

Model: RMA2306

Introduction

Thank you for choosing the realme T110 True Wireless Earbuds. These earbuds are designed to provide a high-quality audio experience with features such as a 10mm dynamic bass driver, AI ENC noise cancellation for calls, and extended playback time. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

Package Contents

- realme T110 True Wireless Earbuds (Left and Right)
- Charging Case
- Eartips (various sizes)
- User Manual (this document)

Setup

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case and close the lid. Connect the charging case to a power source using a compatible USB cable (not included). The indicator light on the case will show charging status.

2. Pairing with Your Device (Google Fast Pair)

1. Ensure your device's Bluetooth is enabled.
2. Open the charging case with the earbuds inside.
3. A pop-up notification will appear on your Android device (if Google Fast Pair is supported). Tap to connect.
4. For other devices, the earbuds will automatically enter pairing mode when the case is opened. Search for "realme T110" in your device's Bluetooth settings and select it to connect.

Once paired, the earbuds will automatically connect to your device when you open the case and put them on.

Operating the Earbuds

Touch Controls

The realme T110 earbuds feature smart touch controls for easy management of music and calls.

- **Double tap:** Play/Pause music, Answer/End call.
- **Triple tap:** Skip track.
- **Long press (left bud):** Volume down (volume adjustment supported only when playing music).
- **Long press (right bud):** Volume up (volume adjustment supported only when playing music).

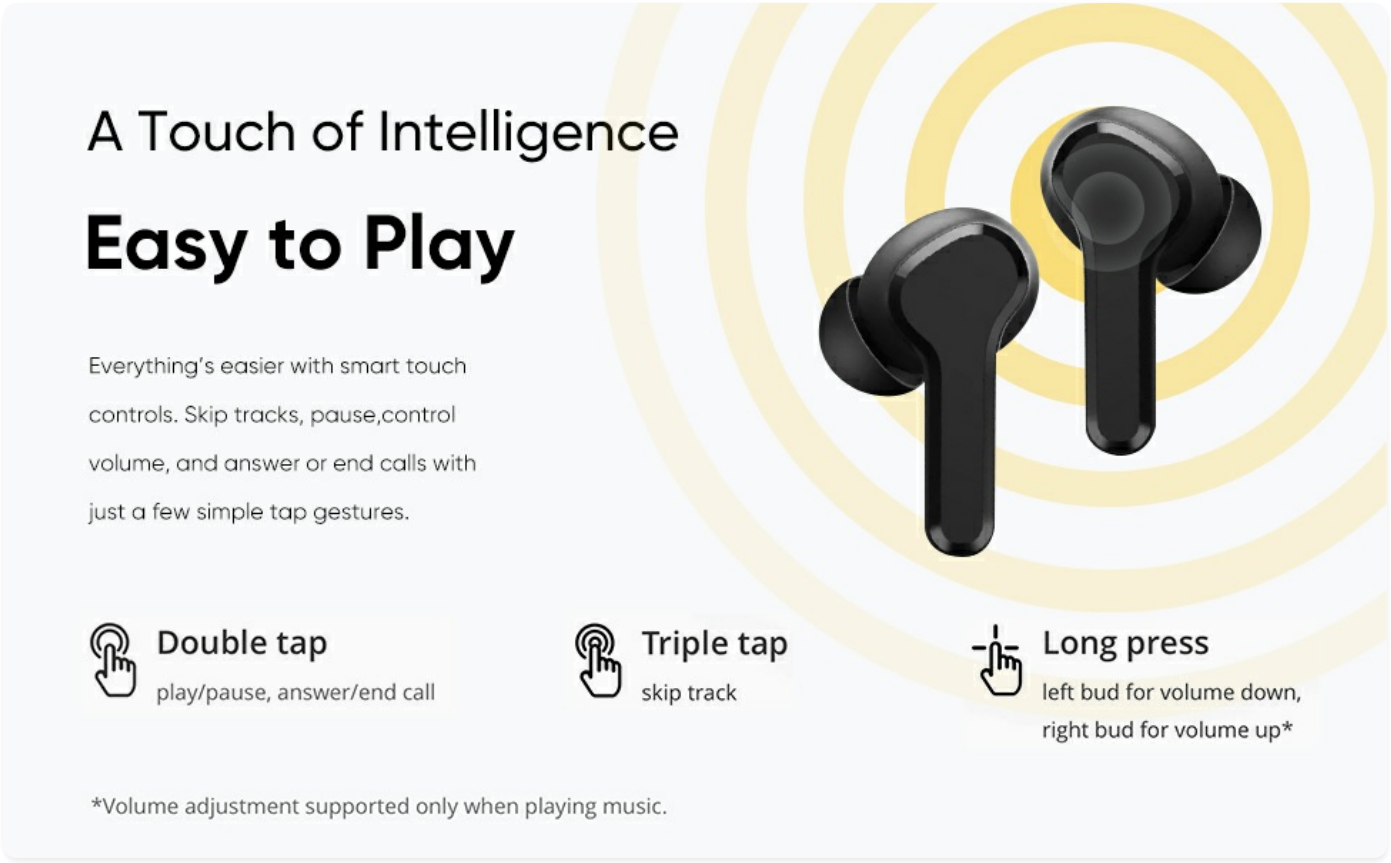

Image: A diagram illustrating the touch control gestures for the realme T110 earbuds, showing double tap, triple tap, and long press actions with their corresponding functions.

Audio Features

- **Powerful Bass:** Equipped with 10mm dynamic bass drivers and PEEK+TPU titanium-plated composite dome diaphragms for rich, powerful bass and clear middle/high frequencies.
- **AI ENC Noise Cancellation for Calls:** Advanced AI technology ensures clear voice transmission by effectively canceling environmental noise during calls.

Battery Life

The realme T110 earbuds offer extended playback:

- Up to 7 hours of playback on a single charge (earbuds alone).
- Up to 38 hours of total playback with the charging case.

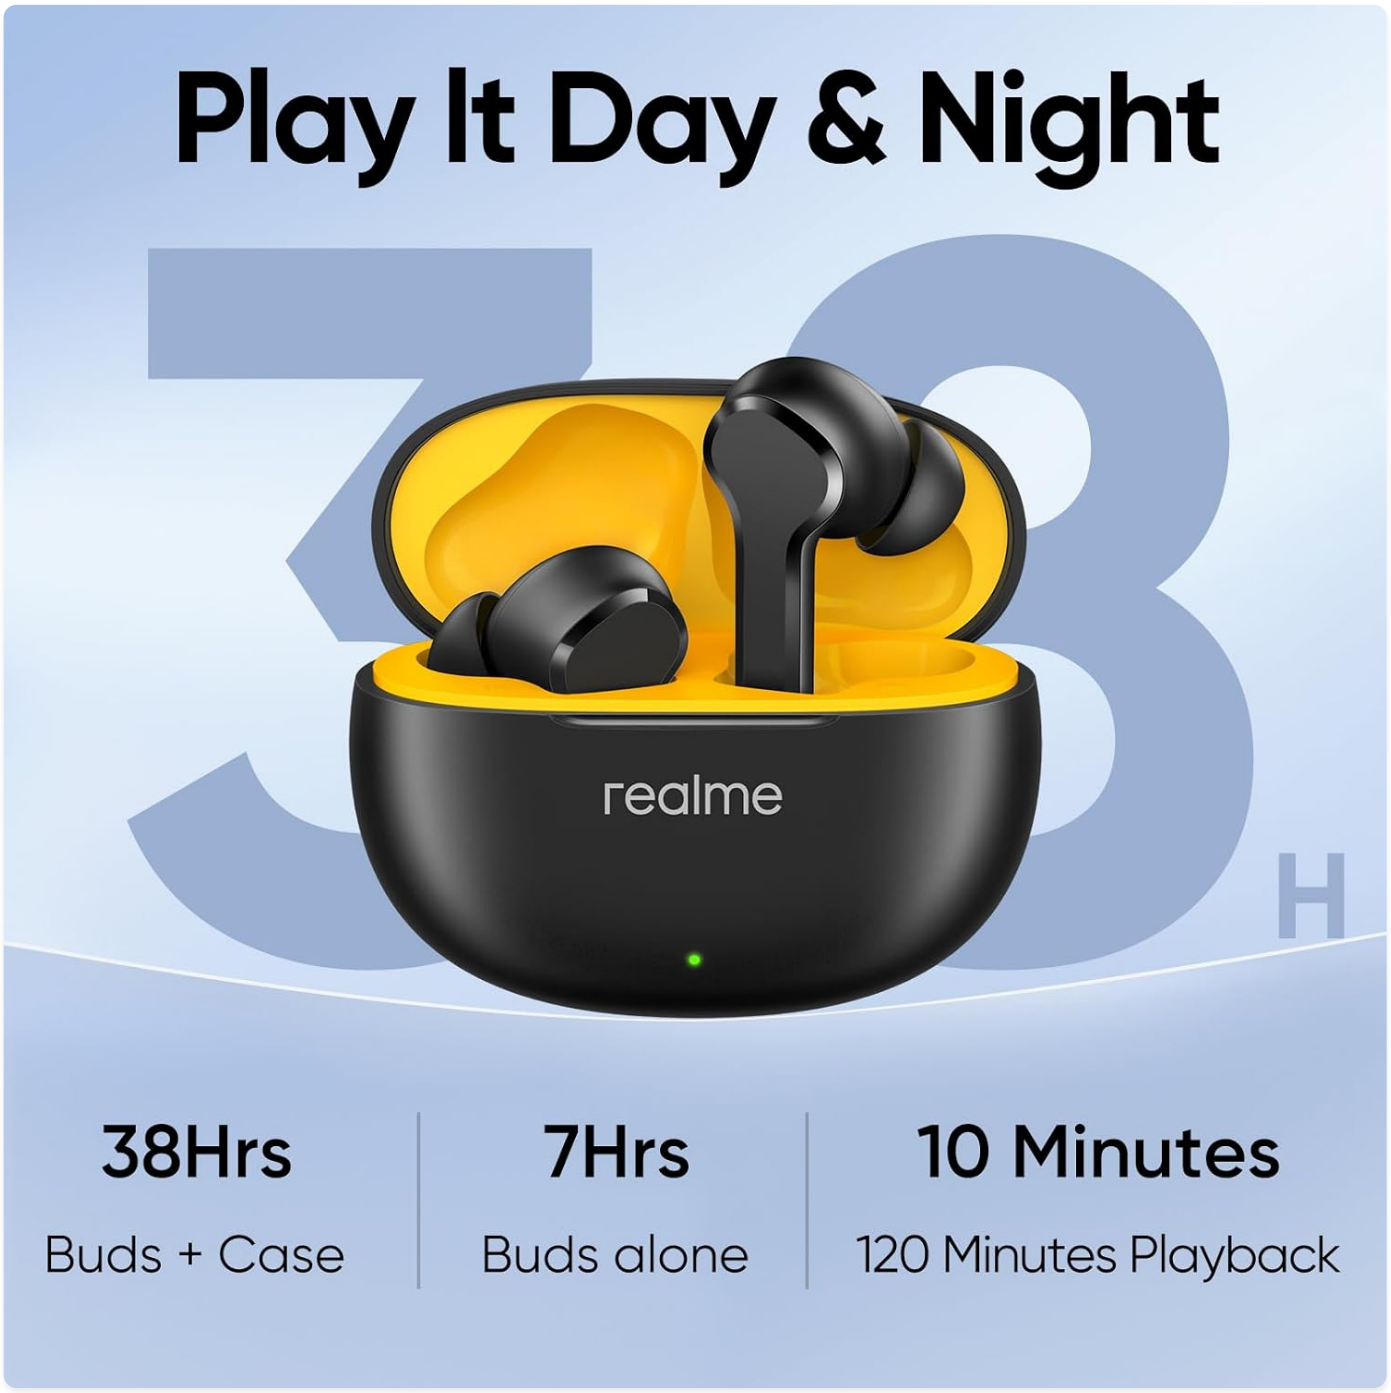

Image: A visual representation of the realme T110's battery life, showing 38 hours with the case, 7 hours for buds alone, and 10 minutes of charge providing 120 minutes of playback.

Maintenance

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean any earwax or debris from the earbud nozzles using a small, soft brush or cotton swab.
- Ensure charging contacts on both earbuds and case are clean and dry.

Water Resistance

The realme T110 earbuds feature an **IPX5 Water Resistance** rating. This means they are protected against low-pressure water jets from any direction. They are suitable for workouts and light rain, but are not designed for swimming or submersion in water. Do not expose the charging case to water.

Image: Two realme T110 earbuds are shown with water splashing around them, visually representing their IPX5 water resistance capability.

Troubleshooting

- **Earbuds not charging:** Ensure the charging case is charged. Check if the earbuds are correctly seated in the case and that the charging contacts are clean.
- **Earbuds not pairing:** Make sure Bluetooth is enabled on your device. Try placing the earbuds back in the case, closing the lid, waiting a few seconds, and then reopening it to re-enter pairing mode. If issues persist, try forgetting the device in your phone's Bluetooth settings and re-pairing.
- **Sound issues (no sound, low volume, distorted sound):** Check the volume level on both your device and the earbuds. Ensure the earbuds are clean and free of debris. Try resetting the earbuds (refer to manufacturer's website for specific reset instructions if needed).
- **One earbud not working:** Ensure both earbuds are charged. Try placing both earbuds back in the case, closing and reopening the lid. Re-pair the earbuds with your device.

Specifications
