Kadablk Eiffel Tower Micro Blocks Set

Kadablk Architecture Eiffel Tower Micro Blocks Set Instruction Manual

Model: Eiffel Tower Micro Blocks Set

Brand: Kadablk

1. PRODUCT OVERVIEW

The Kadablk Architecture Eiffel Tower Micro Blocks Set is an intricate building kit designed for enthusiasts of detailed architectural models. This set comprises 2622 micro-sized bricks, which are significantly smaller than standard building blocks, with the smallest measuring just 4x4mm (0.16 x 0.16 inches). This smaller scale allows for a higher level of detail and presents a more challenging and rewarding building experience.

Upon completion, the model accurately represents the iconic Eiffel Tower in Paris, France, making it an excellent display piece. The finished model measures approximately 16.5 inches (42 cm) in height, 7.87 inches (20 cm) in width, and 7.87 inches (20 cm) in depth.

2. SAFETY INFORMATION

WARNING: Small parts. Not for children under 3 years.

This product contains numerous small components that could pose a choking hazard. Adult supervision is recommended, especially when children are present. The manufacturer recommended age for this product is 15 years and up due to the complexity and small size of the pieces.

3. WHAT'S IN THE BOX

Your Kadabl Architecture Eiffel Tower Micro Blocks Set includes:

- 2622 Micro-sized building blocks
- Paper installation manual
- Assorted bags containing building blocks

4. ASSEMBLY INSTRUCTIONS (SETUP)

Assembling the Eiffel Tower Micro Blocks Set requires patience and attention to detail due to the small size of the bricks. Please follow these steps carefully:

1. **Preparation:** Unpack all contents from the box. Note that the numbers on the bags are not indicative of a building sequence. It is recommended to open all bags and sort the blocks by color and shape before beginning assembly. This will significantly aid in locating the correct pieces as per the instruction manual.
2. **Understand Micro Blocks:** Familiarize yourself with the micro-sized bricks. These are much smaller than conventional building blocks, allowing for finer detail in the finished model. The smallest block is just 4x4mm.

HOW BIG ARE YOU?

The Smaller Block.

Image 4.1: A diagram illustrating the small size of the micro blocks used in this set, with dimensions provided for reference.

3. **Follow the Manual:** Refer to the included paper installation manual. The manual provides step-by-step visual instructions for assembling the model. Pay close attention to the images and the placement of each brick.
4. **Piece Placement:** Due to the small size of the pieces, you may find it helpful to use tweezers or a small tool for precise placement of the micro blocks. Ensure each block is firmly connected to the previous one to maintain structural integrity.
5. **Patience is Key:** This is a challenging build that requires time and patience. Do not rush the process. If you encounter difficulty, re-examine the instructions and the previous steps.
6. **Structural Stability:** As you build upwards, ensure the base and lower sections are stable. The Eiffel Tower model is designed to be sturdy once completed, but careful assembly is crucial during the building process.

5. DISPLAY AND CARE

Once assembled, your Kadablk Eiffel Tower Micro Blocks Set is designed to be a striking display piece. Place it on a

flat, stable surface where it can be admired.

6. TROUBLESHOOTING

- **Missing Pieces:** Every piece of our product packing undergoes three quality control tests. However, in the rare event that your set is missing a piece, please contact us directly through Amazon. We will send the missing parts to you free of charge.
- **Difficulty Assembling:** If you find the assembly challenging, remember that this set uses micro blocks and requires a high level of precision. Take breaks if needed, re-read the instructions, and ensure you are using the correct pieces for each step. Sorting pieces thoroughly before starting can also prevent errors.
- **Model Instability:** If the model feels unstable during or after assembly, carefully review the previous steps in the instruction manual. Ensure all blocks are fully pressed together and correctly aligned. Loose connections can lead to instability.

7. SPECIFICATIONS

Product Dimensions	7.87 x 7.87 x 16.54 inches (20 x 20 x 42 cm)
Item Weight	1.23 pounds (0.56 kg)
Number of Pieces	2622 Micro Blocks
Manufacturer Recommended Age	15 years and up
Country of Origin	China

8. WARRANTY AND SUPPORT

Kadablk is committed to providing high-quality products. While specific warranty details are not provided, we stand by the quality of our building sets. For any questions, concerns, or assistance with missing parts, please contact Kadablk customer support directly through the platform where you purchased the product (e.g., Amazon).

Please retain your proof of purchase for any support inquiries.
