## 4. SETUP AND ASSEMBLY

The Trefl Fantasy Creatures 9000 Jigsaw Puzzle is designed for flexible assembly, allowing you to tackle it in sections or as one large image.

### 4.1 Unboxing and Preparation

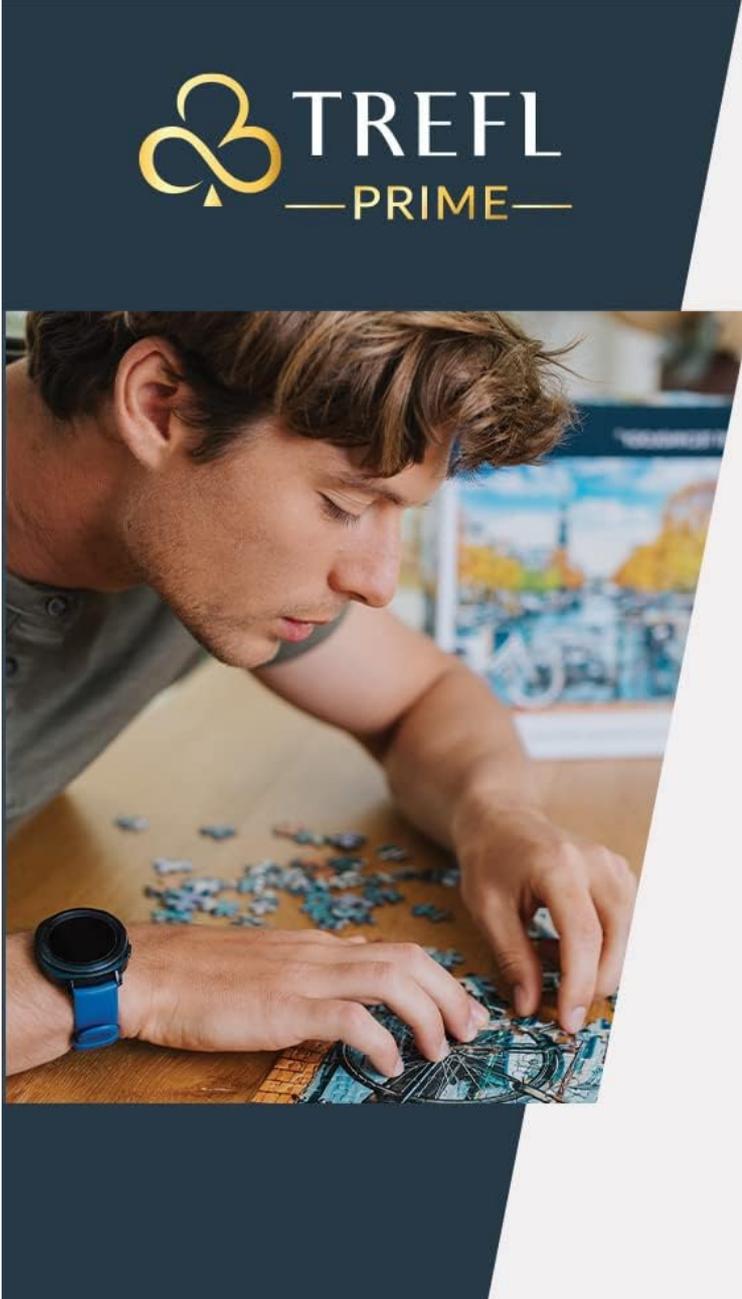

1. Carefully open the puzzle box.
2. Remove the six individually sealed bags of 1500 pieces each. These bags are labeled with letters (A, B, C, D, E, F) for easy identification.
3. Locate the included poster and instruction booklet. The poster displays the full image and can be used as a guide.
4. Ensure you have a large, flat, and clean surface to work on, as the completed puzzle is substantial in size.

### 4.2 Assembling the Puzzle Sections

You have two primary options for assembly:

- **Section-by-Section:** Each bag contains pieces for a specific portion of the overall image. You can assemble each 1500-piece section independently. This approach makes the large puzzle more manageable.
- **Combined Assembly:** For the ultimate challenge, you can mix all 9000 pieces together. Refer to the instruction booklet for guidance on how to connect the individual sections once completed. The Unlimited Fit Technology ensures that pieces from different sections can be seamlessly joined.

The instruction booklet provides diagrams on how to arrange the individual 1500-piece puzzles (e.g., A, B, C in the top row, D, E, F in the bottom row) and how to remove the internal frame pieces to connect them into the giant image.

The image shows the Trefl Prime logo in the top left corner, featuring a stylized gold and white symbol. Below it is a photograph of a man with brown hair, wearing a grey shirt and a blue watch, focused on assembling puzzle pieces on a wooden table. The puzzle pieces are scattered around him, and he is carefully fitting a piece into the partially completed section.

A circular logo with a white background and black text. The text 'SMART PUZZLE CUT' is at the top and 'THICKEST PUZZLE' is at the bottom. In the center is a black silhouette of a puzzle piece.

A circular logo with a green background and white text. The text 'All plastic packaging components are' is at the top, 'BIO' is in the center, and 'BIODEGRADABLE & COMPOSTABLE' is at the bottom. A white leaf icon is positioned above the word 'BIO'.

## 5. PUZZLING TECHNIQUES

---

To enhance your puzzling experience, consider these techniques:

- **Sort by Color and Shape:** Begin by sorting pieces by color, pattern, or unique shapes. This can significantly speed up the assembly process.
- **Edge First:** Many puzzlers prefer to assemble the border pieces first to create a frame for the rest of the puzzle.
- **Unlimited Fit Technology (UFT):** Trefl Prime puzzles feature UFT, meaning every piece has a unique, irregular shape. This ensures a perfect fit and prevents incorrect placements, making the puzzle more enjoyable and less frustrating. The thick cardboard also allows for easy handling and movement of assembled sections.
- **Use the Poster:** The included poster is a valuable reference. Keep it handy to guide your assembly, especially for intricate sections.

## 6. CARE AND STORAGE

To ensure the longevity of your puzzle and its pieces:

- **Keep Dry:** Store the puzzle in a dry environment to prevent moisture damage to the cardboard.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause colors to fade.
- **Clean Gently:** If necessary, gently wipe the puzzle pieces with a dry, soft cloth to remove dust. Avoid using liquids or abrasive cleaners.
- **Original Packaging:** When not in use, store the puzzle pieces in their original bags and box to keep them organized and protected. The bags are 100% biodegradable and compostable.
