WLIVE LED Nightstand with Charger Station

MODEL: ACTG009WXF

1. Safety Information

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 55 lbs (25 kg) for the entire unit.
- **Assembly:** Ensure the nightstand is assembled correctly and all fasteners are tightened securely before use. Always follow the assembly instructions provided.
- **Stability:** The adjustable feet must be properly adjusted to ensure the nightstand is stable on uneven floors and to protect your surfaces from scratches.
- **Electrical Safety:** Do not overload the power outlets. Ensure the power cord is not pinched or damaged. Keep liquids away from the charging station.

2. Package Contents

Before assembly, verify that all components listed below are present and undamaged:

- All necessary assembly tools
- Assembly instructions manual
- 2 Fabric Drawers
- 1 Open Wooden Shelf
- All structural components (frame, panels, etc.)

3. Setup and Assembly

The WLIVE LED Nightstand is designed for easy assembly. Each part is labeled with a number to guide you through the installation process. A screwdriver is recommended for assembly.

For detailed visual guidance, please refer to the official assembly video:

Official assembly and feature overview video for the WLIVE LED Nightstand.

Follow the step-by-step instructions in the included manual to ensure correct and stable assembly.

4. Operating Instructions

4.1. RGB LED Lights

The nightstand features a multicolored LED light strip. You can control the lights using either a mobile application or a button controller.

- **Mobile App Control:** Download the "**iStrip+**" app from your phone's App Store (iOS) or Google Play (Android). Once installed, open the app to adjust colors, brightness, and other functions of the LED lights.
- **Button Controller:** Use the inline button controller on the LED light cable to cycle through colors and turn the lights on or off.

6. Troubleshooting

- **LED Lights Not Working/Connecting:**
 - Ensure the LED light's dedicated USB cable is securely plugged into its port on the charging station.

- Verify the nightstand's main power cord is plugged into a working wall outlet.
- If using the app, ensure Bluetooth is enabled on your phone and the "iStrip+" app has the necessary permissions. Try restarting the app or your phone.
- If the LED strip adhesive is not holding, ensure the surface is clean and dry before application. Reinforce with additional adhesive if necessary.

- **Devices Not Charging:**

- Check if the nightstand's main power cord is securely plugged into a working wall outlet.
- Ensure your device's charging cable is properly connected to both the device and the USB port/AC outlet.
- Test with a different device or cable to rule out issues with your device or cable.
- Note that large AC adapters may obstruct adjacent USB ports or outlets due to their size. Consider using smaller adapters or alternative ports.

- **Nightstand Wobbles:**

- Adjust the foot pads at the bottom of the nightstand by rotating them until the unit is stable on your floor.
- Ensure all assembly screws and bolts are tightened.
