5. MAINTENANCE

5.1. Cleaning Your TV

- Always unplug the TV before cleaning.
- Use a soft, dry, lint-free cloth to gently wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive screen cleaner. Never spray cleaner directly onto the screen.
- Avoid using harsh chemicals, abrasive pads, or solvents as they can damage the TV's surface.

5.2. Software Updates

Your Google TV may receive automatic software updates. Ensure your TV is connected to the internet to receive the latest features and security patches. You can also manually check for updates in the TV's settings menu.

6. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Check if the power cable is securely connected to both the TV and the power outlet. Ensure the power outlet is working.
No picture, but sound is present	Verify the correct input source is selected. Check cable connections (HDMI, etc.). Try restarting the TV.
No sound, but picture is present	Check the volume level and ensure the TV is not muted. Verify audio cable connections. If using external audio, check its settings.
Remote control not working	Replace the batteries. Ensure there are no obstructions between the remote and the TV's IR sensor. Re-pair the remote if it's a Bluetooth remote.
Cannot connect to Wi-Fi	Ensure your Wi-Fi router is on and working. Re-enter the Wi-Fi password. Try restarting both the TV and the router.

If the issue persists after trying these solutions, please contact AKAI customer support for further assistance.
