2. Safety Information

- **Maximum Load Capacity:** Do not load the bed frame with more than 1000 pounds (453 kg). Exceeding this weight can compromise the structural integrity and lead to injury.
- **Proper Assembly:** Ensure all components are assembled correctly and securely tightened according to the instructions. Improper assembly can lead to instability and potential hazards.
- **Electrical Safety:** When using the integrated charging station, ensure devices are compatible with the provided power specifications (2 outlets 120V/12A, 1 USB 5V/2A, 1 Type-C 5V/3A). Avoid overloading the outlets.
- **Children and Pets:** Keep small children and pets away from small parts during assembly.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight.

3. Package Contents

4. Setup and Assembly

Assembly is required for this bed frame. Follow the provided instructions carefully. No additional tools are needed beyond what is included in the package.

4.1 Preparation

1. Clear an open space for assembly.
2. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
3. Identify all parts and hardware using the included parts list.

4.2 Assembly Steps

Refer to the detailed graphical instructions provided in your package for step-by-step assembly. The general sequence involves:

1. Assemble the main bed frame structure using the steel components and bolts.
2. Attach the upholstered headboard to the assembled frame.
3. Install the wooden slats onto the frame. Ensure they are evenly spaced and secured.
4. Insert the under-bed storage drawers into their designated spaces.
5. Connect the LED light strips to the headboard and power source.
6. Verify all connections are tight and the frame is stable.

5. Operating Instructions

5.1 LED Lights Operation

The bed frame features three LED light strips integrated into the headboard and sides. These lights can be controlled via a remote control or a dedicated smartphone application.

- **Remote Control:** Use the included remote to power the lights on/off, change colors (over 60,000 options), adjust brightness, select dynamic modes, and set timers.
- **Smartphone App:** Download the compatible app (refer to the QR code or instructions in your package) to access advanced features such as music interaction, microphone function, and additional dynamic modes.

5.2 Charging Station Usage

The headboard includes a built-in charging station for convenience.

- **Outlets:** Two 120V/12A DC outlets are available for standard electronic devices.
- **USB Ports:** One 5V/2A USB port and one 5V/3A Type-C port are provided for charging mobile devices.
- Ensure devices are properly connected and within the specified power limits.

5.3 Storage Drawers

The two fabric storage drawers are designed to slide smoothly on wheels. Use them for storing clothes, bedding, or other personal items. Ensure items are placed neatly to allow for easy drawer movement.

6. Maintenance

- **Cleaning:** For the upholstered velvet headboard, dry clean only. For the metal frame and wooden components, wipe with a soft, damp cloth. Avoid harsh chemicals.
- **Fastener Checks:** Periodically inspect all bolts and screws to ensure they are tight. Re-tighten as necessary to maintain stability.
- **LED Lights:** If LED lights malfunction, check connections. If issues persist, contact customer service.

7. Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or incorrect assembly.	Check all bolts and connections; tighten them securely. Review assembly instructions to ensure all parts are correctly installed.
LED lights are not working.	Power connection issue, remote battery dead, or app not connected.	Ensure the power adapter is securely plugged in. Check remote battery. Re-pair the app if necessary.
Charging station not providing power.	Power cable disconnected or circuit overload.	Verify the bed frame's power cable is plugged into a working wall outlet. Ensure total device load does not exceed the station's capacity.
Storage drawers do not slide smoothly.	Obstruction or uneven placement.	Check for items blocking the drawer path. Ensure drawers are properly aligned on their wheels.
