What's Included

Please check the package contents to ensure all items are present:

- 1 x Conyat M22 Bluetooth Speaker
- 1 x Fast Charging Cable
- 1 x Lanyard
- 1 x Suction Cup
- 1 x User Manual

Product Features

High-Definition 360° Stereo Sound and Built-in Microphone

Equipped with dual drivers and advanced technology, this shower speaker delivers clear and surprisingly loud stereo sound, even amidst shower noise. Despite its compact size, it produces rich, deep bass, crystal-clear mids, and smooth highs. The integrated microphone allows for hands-free incoming calls without needing to hold your phone, even in the shower or bathroom, eliminating the risk of wetting your smartphone.

Stable Bluetooth 5.4 Connectivity

This Bluetooth speaker features an advanced Bluetooth 5.4 chip, providing seamless connectivity and remarkable wireless stability within a 10-meter range. It is compatible with smartphones running iOS or Android. It quickly connects with Bluetooth devices and supports connecting two identical outdoor Bluetooth speakers for a true surround sound experience, allowing you to enjoy your favorite music clearly anytime, anywhere. Ideal for gaming, music, and movie playback.

IPX7 Waterproof Rating and Suction Cup Design

The bathroom speaker boasts an IPX7 waterproof rating, capable of withstanding stagnant water spray and splashes,

allowing for worry-free use in various weather and outdoor conditions. You can enjoy music by the pool, at the beach, in the bathroom, and other locations. The M22 waterproof shower speaker also comes with a lanyard and a removable suction cup, making it easy to attach to bathroom tiles, mirrors, or hang on backpacks, bicycles, or any smooth surface.

Colorful Light Show and Portable Design

The waterproof Bluetooth shower speaker is not just a music speaker but also a unique night theme with colorful lights. The brilliant light show makes it a night elf, an excellent partner for parties and travel. Its compact size and lightweight construction make it easy to carry, allowing you to enjoy music anytime, anywhere. Whether you are on an outdoor adventure, traveling, or relaxing at home, it can meet your musical needs.

Long Battery Life and Multifunction Buttons

This portable speaker offers over 8 hours of continuous playback (at approximately 50% volume), so you can enjoy your music at any time. Equipped with multifunction buttons that allow you to easily play music, adjust volume, and control colorful lights. Whether you are hosting an outdoor party or an indoor gathering, this wireless speaker provides lasting musical enjoyment and control convenience.

Setup

Charging the Speaker

Before first use, fully charge the speaker using the provided fast charging cable. Connect the cable to the speaker's charging port and a compatible USB power source. The LED indicator will show charging status and turn off when fully charged.

Powering On/Off

- **To Power On:** Press and hold the Power button ( ) for a few seconds until you hear an audible prompt and the LED lights illuminate.
- **To Power Off:** Press and hold the Power button ( ) again for a few seconds until you hear an audible prompt and the LED lights turn off.

Operating Instructions

Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (LED indicator will flash).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Conyat M22" from the list of devices.
4. Once connected, you will hear a confirmation sound, and the LED indicator will stop flashing.

Wireless Stereo Pairing (TWS)

To achieve a true 360° surround sound experience, you can pair two Conyat M22 speakers together:

1. Ensure both M22 speakers are powered on and not connected to any other Bluetooth device.
2. On one of the speakers (this will be the primary speaker), double-press the Play/Pause button (▶‖).
3. The speakers will automatically search and pair with each other. You will hear a confirmation sound once TWS pairing is successful.
4. Now, connect your device to the primary speaker via Bluetooth as described in the "Bluetooth Pairing" section. Both speakers will play audio simultaneously.

Music Playback and Call Management

The speaker features intuitive buttons for controlling your audio and calls:

- **Play/Pause (▶‖):** Press once to play or pause music.
- **Next Song/Decrease Volume (—):** Press once for the next song. Press and hold to decrease volume.
- **Previous Song/Increase Volume ( ):** Press once for the previous song. Press and hold to increase volume.
- **Answer/End Call:** When an incoming call rings, press the Play/Pause button (▶‖) once to answer. Press again to end the call.

LED Light Control

The speaker features colorful RGB lighting. Press the LED Control button (☀) to cycle through different light modes or to turn the lights off.

Maintenance

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in use for extended periods.
- **Water Exposure:** While IPX7 waterproof, ensure the charging port cover is securely closed before exposing the speaker to water. After use in water, dry the speaker thoroughly, especially the charging port area.

Troubleshooting

Problem	Possible Cause	Solution
Speaker does not turn on.	Low battery.	Charge the speaker fully.
Cannot pair with Bluetooth device.	Speaker is not in pairing mode or already connected to another device. Device's Bluetooth is off.	Ensure speaker is in pairing mode. Disconnect from other devices. Turn on Bluetooth on your device.
No sound or low volume.	Volume too low on speaker or device. Speaker not connected.	Increase volume on both speaker and device. Ensure speaker is properly paired.
TWS pairing fails.	Speakers are too far apart or already connected to a device.	Ensure speakers are close to each other. Disconnect both speakers from any Bluetooth devices before TWS pairing.
LED lights not working.	Lights are off or in a static mode.	Press the LED Control button (☀) to cycle through modes or turn them on.
