# Generic Wall Shelf Model 848458 User Manual

W 100 x 35 x 30.5 cm, Wood Material

## 1. INTRODUCTION

---

Thank you for choosing the Generic Wall Shelf Model 848458. This manual provides essential information for the safe assembly, operation, and maintenance of your new wall shelf. Please read these instructions carefully before installation and retain them for future reference.

## 2. PRODUCT OVERVIEW

---

The Generic Wall Shelf is designed to optimize your existing space and enhance your wall decor. Constructed from durable wood-based material, it offers a smooth surface resistant to moisture, warping, and cracking. This floating shelf provides practical storage for various daily items and includes a convenient hanging bar for keys, bags, or hats.

Key features include:

- Durable wood-based material construction.
- Ample storage space for organization.
- Integrated hanging bar for accessories.
- Two versatile mounting options (left or right side panel/back panel installation).

### 3. PARTS LIST

---

Before assembly, please ensure all components are present and undamaged. If any parts are missing or damaged, contact your retailer for assistance.

- Main Shelf Panel(s)
- Side Panels (if applicable)
- Back Panel (if applicable)
- Hanging Bar
- Mounting Hardware (screws, wall anchors, brackets)
- Assembly Fasteners (dowels, cam locks, screws for assembly)

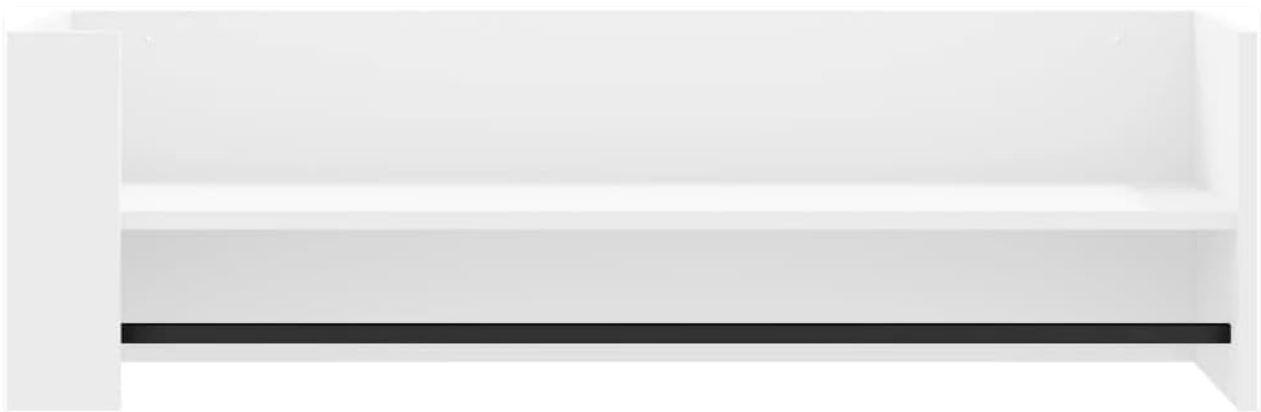

Image 3.1: Front view of the shelf components.

### 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly requires basic tools such as a screwdriver, hammer, and a drill (for wall mounting). It is recommended to have two people for safe assembly and installation.

#### 4.1. Pre-Assembly

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Verify all parts against the parts list.
3. Identify the desired mounting orientation (left or right for side/back panels).

#### 4.2. Shelf Assembly

1. Attach the side panels to the main shelf panel using the provided fasteners (e.g., dowels and cam locks). Ensure they are securely tightened.
2. Attach the back panel, aligning it with the pre-drilled holes.
3. Secure the hanging bar to the designated slots or pre-drilled holes on the underside of the shelf.

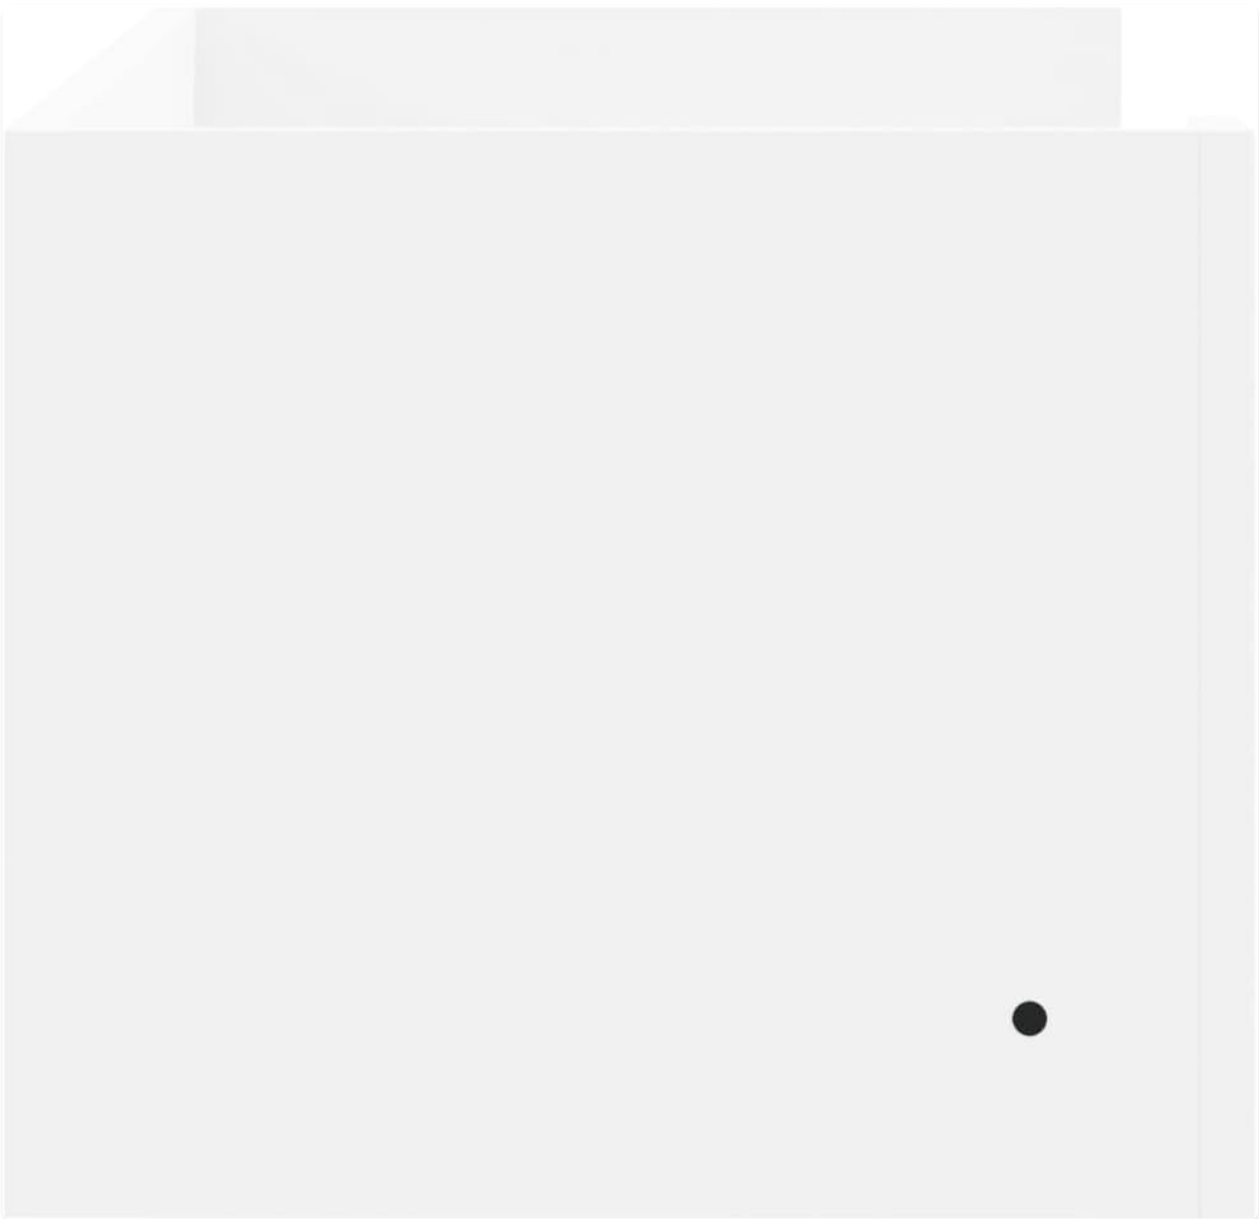

Image 4.1: Side panel with assembly points.

Image 4.2: Top view indicating mounting points.

### 4.3. Wall Mounting

1. Choose a suitable location on a sturdy wall. Avoid mounting on drywall without proper anchors or directly into studs.
2. Hold the assembled shelf against the wall at the desired height and use a level to ensure it is straight. Mark the positions for the mounting holes.
3. Drill pilot holes at the marked positions. Use appropriate drill bits for your wall type (e.g., masonry for concrete, wood for studs).
4. Insert wall anchors (if required) into the pilot holes.
5. Align the shelf with the drilled holes/anchors and secure it to the wall using the provided screws. Ensure all screws are tightened firmly but do not overtighten.
6. Gently test the shelf's stability before placing items on it.

## 5. OPERATING INSTRUCTIONS

---

This wall shelf is designed for decorative and light to medium storage purposes. To ensure longevity and safety:

- **Weight Distribution:** Distribute weight evenly across the shelf surface. Avoid concentrating heavy items in one spot.
- **Maximum Load:** Do not exceed the recommended maximum load capacity (specific capacity not provided, use caution and common sense for wall-mounted items). Overloading can cause the shelf to detach from the wall or break.
- **Hanging Bar:** Use the hanging bar for lightweight items such as keys, small bags, or scarves. Avoid hanging heavy coats or multiple heavy items.
- **Placement:** Avoid placing the shelf in areas with high humidity or direct sunlight, which can affect the wood material over time.

## 6. MAINTENANCE

---

To maintain the appearance and integrity of your wall shelf:

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the finish.
- **Dusting:** Regularly dust the shelf with a dry, soft cloth.
- **Inspection:** Periodically check all mounting screws and assembly fasteners to ensure they remain tight. Retighten if necessary.

## 7. TROUBLESHOOTING

---

If you encounter issues with your wall shelf, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Shelf feels unstable or wobbly.	Loose mounting screws or improper wall anchors. Uneven weight distribution.	Ensure all mounting screws are securely tightened. Verify that appropriate wall anchors were used for your wall type. Redistribute items evenly.
Shelf detaches from the wall.	Overloading the shelf. Incorrect installation or weak wall material.	Do not exceed the shelf's weight capacity. Re-install using stronger anchors or by mounting into wall studs. Consult a professional if unsure.
Surface damage (scratches, discoloration).	Abrasive cleaning agents. Sharp objects. Prolonged exposure to direct sunlight or moisture.	Use only soft, damp cloths for cleaning. Avoid harsh chemicals. Protect from direct sunlight and excessive moisture.

## 8. SPECIFICATIONS

---

- **Model:** 848458
- **Brand:** Generic
- **Manufacturer:** VidaXL
- **Material:** Wood-based material
- **Color:** W (White)
- **Dimensions (Depth x Width x Height):** 100 cm x 35 cm x 30.5 cm (39.4 in x 13.8 in x 12 in)
- **Shape:** Rectangular

## 9. WARRANTY AND SUPPORT

---

This product is covered by the standard warranty provided by your retailer at the time of purchase. Please retain your proof of purchase for any warranty claims.

For technical support, missing parts, or warranty inquiries, please contact the retailer from whom you purchased this product. Provide your model number (848458) and a detailed description of the issue to facilitate assistance.
