OMOTON FR-Layout

OMOTON Bluetooth Wireless Backlit Keyboard FR-Layout User Manual

Model: FR-Layout

INTRODUCTION

This manual provides detailed instructions for the OMOTON Bluetooth Wireless Backlit Keyboard (FR-Layout). Designed for versatility and ease of use, this keyboard offers multi-system compatibility, a comfortable typing experience with large, silent keys, and adjustable backlighting. Please read this manual thoroughly to ensure proper setup and operation of your device.

PRODUCT OVERVIEW

The OMOTON Bluetooth keyboard features a compact design with an integrated phone stand, making it suitable for various mobile setups. Its keys are designed for comfort and efficiency.

SETUP

Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided Type-C charging cable to the keyboard's charging port and a USB power source. The charging indicator light will show the charging status.

- Charging Time: Approximately 2-3 hours.
- Working Hours (backlight off): Up to 200 hours.
- Working Hours (backlight on): 3-5 hours.

Structure

Bluetooth Pairing

Follow these steps to connect your keyboard via Bluetooth:

1. Turn on the keyboard using the power switch located on the top right.
2. Press the 'Connect' button (usually near the power switch) to enter pairing mode. The Bluetooth indicator light will flash.
3. On your device (tablet, smartphone, PC), go to Bluetooth settings and enable Bluetooth.
4. Search for available devices. The keyboard will appear as 'OMOTON Keyboard' or similar.
5. Select the keyboard to pair. Your device may prompt you to enter a code displayed on the screen, then press Enter on the keyboard.
6. Once paired, the Bluetooth indicator light will stop flashing.

System Compatibility and Switching

The keyboard is compatible with iOS, Android, and Windows operating systems. To optimize key functions for your specific device, switch the keyboard mode:

- For iOS devices: Press **Fn + A**
- For Android devices: Press **Fn + D**
- For Windows devices: Press **Fn + S**

OPERATING INSTRUCTIONS

Backlight Control

The keyboard features an adjustable backlight for typing in low-light conditions.

1. Press the **lightbulb icon key** once to turn on the backlight.

2. Press the **lightbulb icon key** a second time to activate breathing light mode.

3. Press the **lightbulb icon key** a third time to turn off the backlight.

To change backlight colors (7 available colors) when the backlight is on, press **Fn + lightbulb icon key**.

To adjust backlight brightness (3 levels), press **Fn + Up Arrow** (increase) or **Fn + Down Arrow** (decrease).

Multimedia Shortcut Keys

The top row of keys (F1-F12) provides quick access to multimedia and system functions. These functions are typically accessed by pressing the **Fn** key simultaneously with the desired function key.

- **Fn + F1:** Home
- **Fn + F2:** Search
- **Fn + F3:** Select All
- **Fn + F4:** Copy
- **Fn + F5:** Paste
- **Fn + F6:** Cut
- **Fn + F7:** Previous Track
- **Fn + F8:** Play/Pause
- **Fn + F9:** Next Track
- **Fn + F10:** Mute
- **Fn + F11:** Volume Down
- **Fn + F12:** Volume Up

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your OMOTON keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution. Avoid harsh chemicals, abrasives, or excessive moisture.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the keyboard or exposing it to strong impacts. Do not place heavy objects on it.
- **Liquid Exposure:** Prevent liquids from entering the keyboard. In case of accidental spills, immediately power off the keyboard and allow it to dry completely before reuse.

TROUBLESHOOTING

If you encounter issues with your keyboard, refer to the following common problems and solutions:

- **Keyboard not connecting via Bluetooth:**

  - Ensure the keyboard is charged and powered on.
  - Make sure Bluetooth is enabled on your device.
  - Press the 'Connect' button on the keyboard to enter pairing mode.
  - Forget the keyboard from your device's Bluetooth settings and attempt to re-pair.
  - Restart both the keyboard and your device.

- **Keys not responding or incorrect characters:**

  - Verify that the keyboard is set to the correct operating system mode (Fn+A for iOS, Fn+D for Android, Fn+S for Windows).
  - Check your device's language and keyboard layout settings to ensure they match the FR-Layout.
  - Ensure the keyboard is fully charged.

- **Backlight not working:**

    - Press the lightbulb icon key to cycle through backlight modes (on, breathing, off).
    - Ensure the keyboard has sufficient battery charge.

- **Battery life shorter than expected:**

    - Using the backlight continuously will significantly reduce battery life. Turn off the backlight when not needed.
    - Ensure the keyboard is fully charged before use.
