PZDO PZ001-US

PZDO Gaming Chair Instruction Manual

MODEL: PZ001-US

Thank you for choosing the PZDO Gaming Chair. This manual provides essential information for assembly, operation, and maintenance.

Introduction

The PZDO Gaming Chair is designed for comfort and durability, featuring a super soft and wide cushion made of memory foam and thickened natural latex. It utilizes newly developed technical fabric for excellent breathability, offering a skin-friendly and wear-resistant surface. The ergonomic design with an arched backrest, premium latex lumbar cushion, and elastic pillow conforms to your spine's curves, providing maximum support. The chair includes an adjustable backrest (90° to 135°) and a footrest for versatile use in working, gaming, reading, and relaxing. Constructed with a one-piece solid steel frame and blast-resistant panels, it ensures safety and stability.

Setup and Assembly

Please follow the steps below for proper assembly. Ensure all parts are present before beginning. If any parts are missing or damaged, please contact customer support.

Video: PZDO Gaming Chair Installation Guide. This video provides a visual walkthrough of the assembly process.

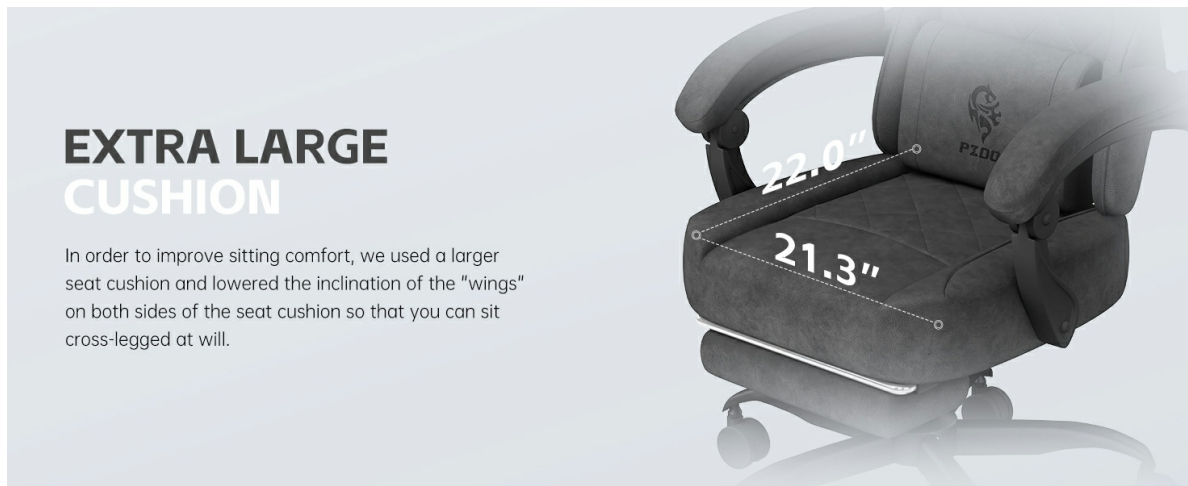

Step-by-Step Assembly:

1. **Unpacking and Part Identification:** Carefully unpack all components from the box. Refer to the included parts list to ensure all items are present and undamaged.

Image: All components of the PZDO Gaming Chair laid out for assembly, including the seat, backrest, base, wheels, and hardware.

2. **Assemble the Base:** Attach the five caster wheels to the chair's base. Ensure they are firmly inserted. Then, insert the gas lift cylinder into the center of the base.

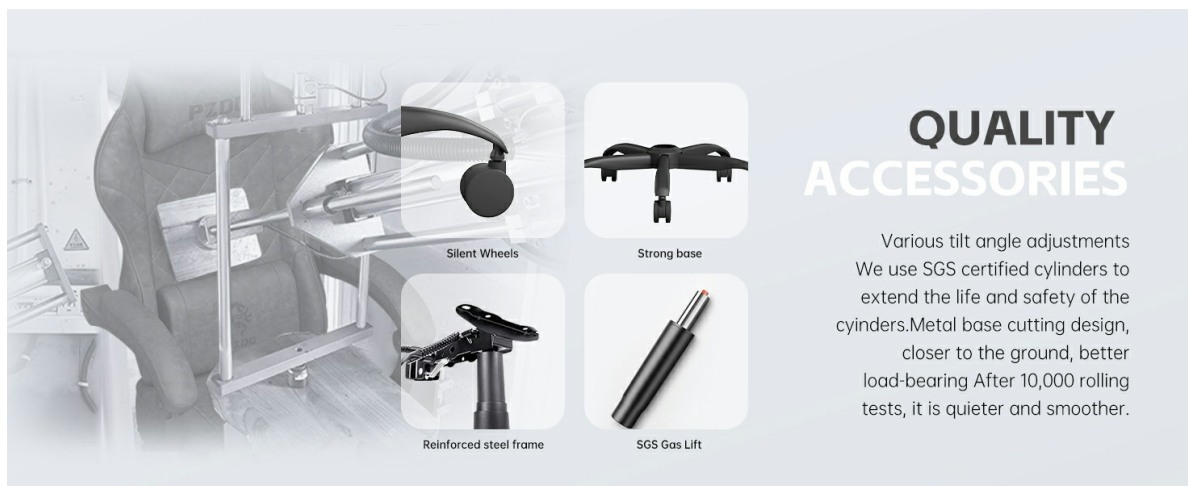

EXTRA LARGE CUSHION

In order to improve sitting comfort, we used a larger seat cushion and lowered the inclination of the "wings" on both sides of the seat cushion so that you can sit cross-legged at will.

Image: Close-up of the chair's base with wheels attached, ready for the gas lift cylinder.

3. **Attach the Seat Mechanism:** Secure the tilting mechanism and guide rails to the underside of the seat cushion using the provided screws. Pay attention to the orientation of the guide rails, ensuring the horizontal oval hole faces forward.
4. **Install the Footrest:** Insert the footrest into the designated slide on the seat mechanism. Secure it with the appropriate screws, ensuring it can slide smoothly.

QUALITY ACCESSORIES

Various tilt angle adjustments
We use SGS certified cylinders to extend the life and safety of the cylinders. Metal base cutting design, closer to the ground, better load-bearing After 10,000 rolling tests, it is quieter and smoother.

Image: The footrest extended from the seat, demonstrating its functionality.

5. **Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder, ensuring it is securely seated.
6. **Attach the Backrest:** Connect the backrest to the seat using the provided screws. Ensure all connections are tight to prevent wobbling.
7. **Install Armrests:** Attach the armrests to the sides of the chair, securing them with the designated screws.

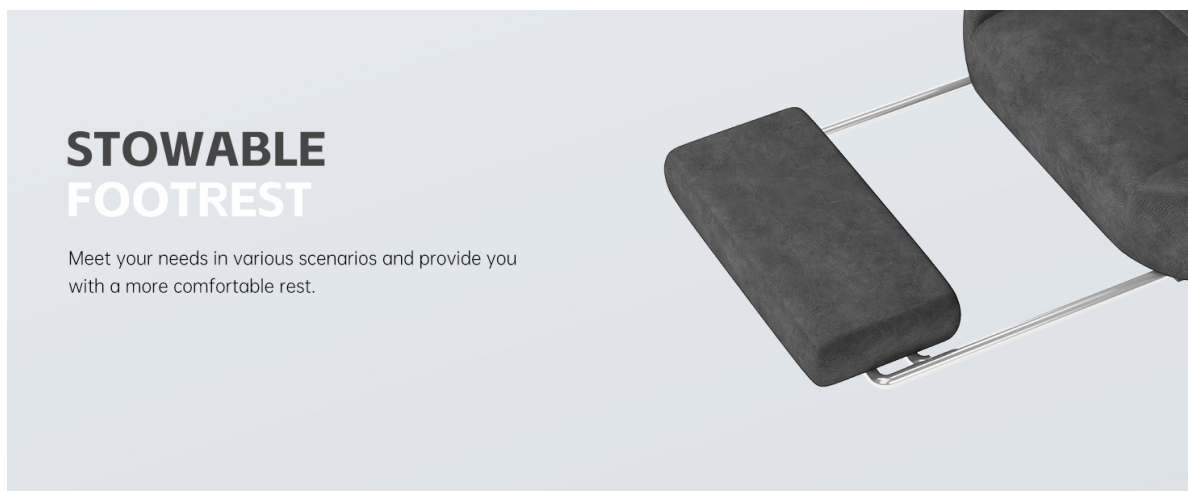

BUILT-IN SPRING PAD

Silent high support spring, longer lasting and quieter.

Image: The linked armrest, designed to adjust with the backrest's angle.

8. **Attach Lumbar and Head Pillows:** Position the lumbar support cushion and head pillow as desired. They are typically adjustable for personalized comfort.

STOWABLE FOOTREST

Meet your needs in various scenarios and provide you with a more comfortable rest.

Operating Instructions

- **Height Adjustment:** Use the lever located under the seat on the right side to adjust the chair's height. Pull the lever up to raise or lower the seat to your desired position.
- **Backrest Recline:** The backrest can be adjusted from 90° to 135°. Use the recline lever on the side of the seat to adjust the angle. Release the lever to lock the backrest in place.

FIVE-STORY DESIGN

Skin-Friendly and Breathable MeshQuiet Spring Packs

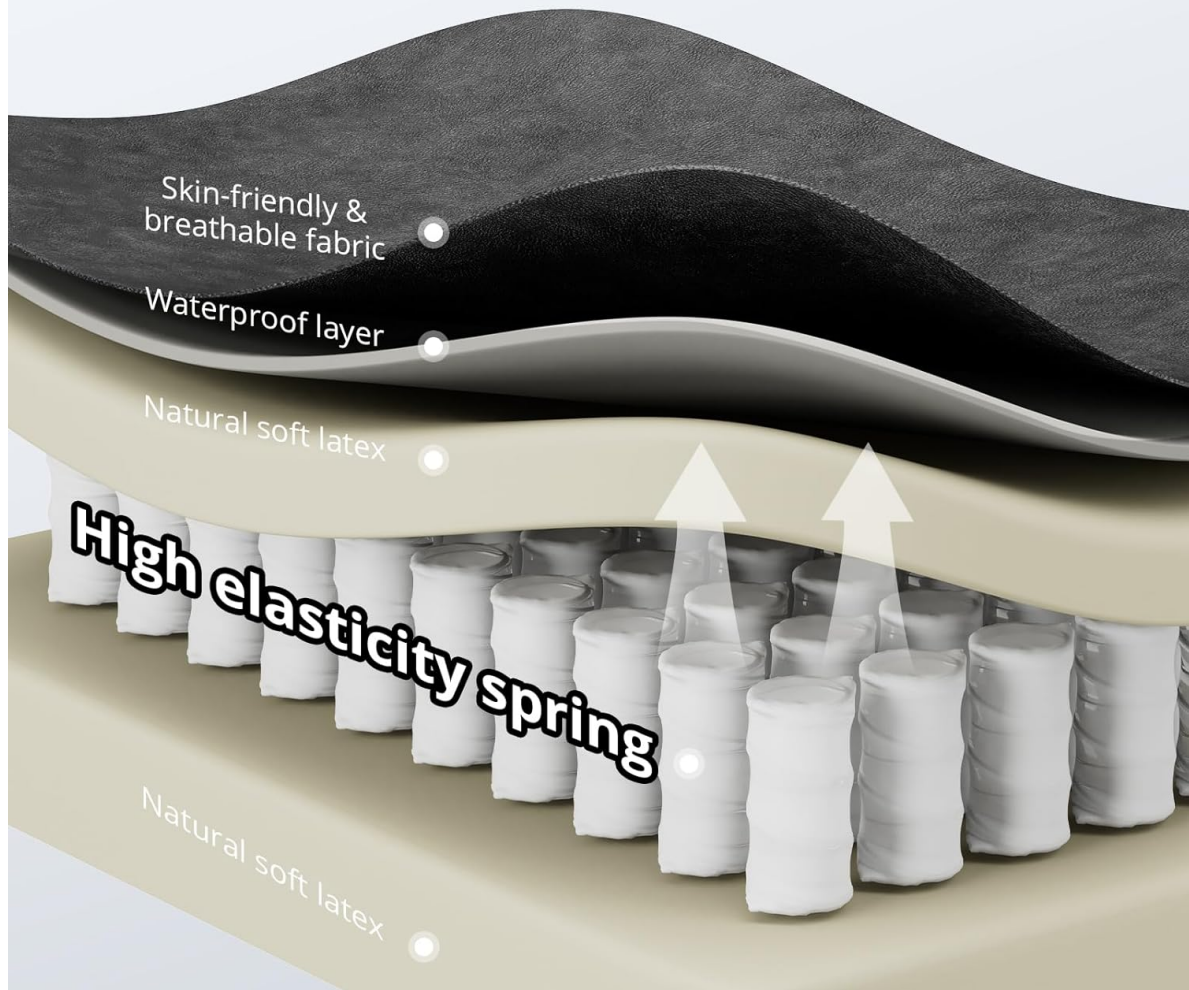

Image: The recline function of the chair, showing the range of motion from 90 to 135 degrees.

- **Footrest Operation:** The footrest can be pulled out from under the seat for leg support. When not in use, it can be stowed away.
- **Lumbar Support and Head Pillow:** Both the lumbar cushion and head pillow are adjustable and can be positioned to provide optimal support for your lower back and neck. They can also be removed if preferred.
- **Swivel Function:** The chair features a 360-degree swivel for easy movement and access to your workspace.

Maintenance

- **Cleaning:** Spot clean the technical fabric as needed. Use a mild detergent and a damp cloth. Avoid harsh chemicals that may damage the material.
- **Regular Checks:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Caster Care:** Keep the wheels clean from dust and debris to ensure smooth rolling.

Troubleshooting

- **Wobbling Chair:** If the chair wobbles, ensure all screws connecting the backrest, armrests, and seat

mechanism are securely tightened.

- **Difficulty Adjusting Height:** Check if the gas lift cylinder is properly inserted into the base and the seat mechanism. Ensure the height adjustment lever is functioning correctly.
- **Footrest Not Sliding Smoothly:** Inspect the footrest rails for any obstructions or debris. Ensure the screws securing the footrest are not overtightened, allowing for smooth movement.
- **General Issues:** If you encounter any problems related to product quality or missing parts, please contact seller support as soon as possible for assistance.
