3. INITIAL SETUP

3.1 Inserting the SIM Card

1. Locate the SIM tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray.
3. Gently push until the tray pops out.
4. Place your Nano-SIM card(s) and/or microSD card (if applicable) into the tray with the gold contacts facing down.
5. Carefully reinsert the tray into the device.

3.2 Powering On and Initial Configuration

1. Press and hold the Power button (located on the side) until the Samsung logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. Complete the setup process by agreeing to terms and conditions and configuring security features.

4. OPERATING YOUR DEVICE

4.1 Display

The Samsung Galaxy M05 features a large 6.7-inch HD+ display with a resolution of 720 x 1600 pixels, providing a clear and immersive viewing experience for multimedia content and daily tasks.

The measurement of the device is given in millimeters.

5. MAINTENANCE AND CARE

5.1 Battery Care

- Avoid exposing the device to extreme temperatures.
- Do not allow the battery to fully discharge frequently.
- Use only Samsung-approved chargers and cables.

5.2 Software Updates

Keep your device's software updated to ensure optimal performance, security, and access to new features. Samsung Galaxy M05 is eligible for up to 2 generations of Android OS upgrades and 4 years of security updates.

6. TROUBLESHOOTING COMMON ISSUES

This section addresses common issues you might encounter with your Samsung Galaxy M05.

Issue	Possible Solution
Device not powering on	Ensure the battery is charged. Connect the device to a charger for at least 10 minutes before attempting to power on.
Slow performance or freezing	Close unused applications, clear cache, or restart the device. Consider freeing up storage space.
Battery draining quickly	Reduce screen brightness, disable unnecessary features (Wi-Fi, Bluetooth, GPS) when not in use, and limit background app activity.
Cannot connect to Wi-Fi	Restart your Wi-Fi router and the phone. Forget the network and reconnect. Ensure Wi-Fi is enabled on the device.
No sound from speakers/headphones	Check volume settings. Ensure headphones are properly connected. Restart the device.
