PACKAGE CONTENTS

Your RUSTOWN Farmhouse Wall Mounted Bathroom Cabinet package includes all necessary hardware and detailed assembly instructions. Please verify all components are present before beginning assembly.

SETUP AND ASSEMBLY INSTRUCTIONS

The assembly process for this cabinet is designed to be straightforward. Detailed instructions and all required hardware are included in the package. It is recommended to have two people for installation to ensure stability and ease of mounting.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify each part using the provided diagrams in the instruction manual.
3. Follow the step-by-step instructions to assemble the cabinet frame. Pay close attention to the orientation of each piece.
4. Attach the doors and hinges as indicated. Ensure they open and close smoothly.
5. Install the adjustable shelf at your desired height.
6. Secure the removable towel bar to the bottom of the cabinet.
7. Choose a suitable location on your wall for mounting. Ensure it is a sturdy surface capable of supporting the cabinet's weight.
8. Using the provided mounting hardware, securely attach the cabinet to the wall. It is crucial that the cabinet is level and firmly fixed to prevent any movement or falling.

MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Moisture:** While designed for bathroom use, avoid prolonged exposure to excessive moisture. Wipe up spills immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cabinet doors do not align properly.	Hinges may need adjustment or parts were misaligned during assembly.	Adjust the screws on the hinges to correct alignment. Refer to the assembly instructions for detailed hinge adjustment steps. Ensure all parts are correctly oriented as per the manual.
Cabinet feels unstable after mounting.	Improper wall mounting or insufficient anchors.	Verify that the cabinet is securely fastened to wall studs or appropriate heavy-duty anchors are used for your wall type. Ensure all mounting screws are tightened.
Shelf is not level or falls out.	Shelf support pins not fully inserted or incorrect placement.	Ensure all four shelf support pins are fully inserted into the designated holes and the shelf rests evenly on them.
