Mould King MK-10118

Mould King 10118 Sports Car Building Block Kit

Model: MK-10118 | Brand: Mould King

1. INTRODUCTION

Thank you for choosing the Mould King 10118 Sports Car Building Block Kit. This manual provides essential information for the assembly, operation, and care of your new model. This kit allows you to construct a detailed static replica of a classic vintage sports car, comprising over 1903 pieces. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. SAFETY INFORMATION

- **Age Recommendation:** This product is recommended for individuals aged 14 years and up due to the complexity and presence of small parts.
- **Choking Hazard:** The kit contains small parts which may pose a choking hazard. Keep all components out of reach of young children.
- **Handling:** Handle all building blocks with care. Avoid forcing pieces together, as this may cause damage.
- **Disposal:** Dispose of packaging materials responsibly.

3. PACKAGE CONTENTS

Upon opening the package, please verify that all components are present. Your kit should include:

- Approximately 1903 building block pieces.
- One set of colorful paper assembly instructions.

If any items are missing, please refer to the Troubleshooting section for assistance.

PRODUCT INFORMATION

NAME	MK.10118 CLASSIC CAR	NUMBER	1903 PCS
AGE	14+	SIZE	39.5X16.2X9.7CM

4. SETUP: ASSEMBLY INSTRUCTIONS

The Mould King 10118 Sports Car is assembled using the included colorful paper instructions. Follow these guidelines for optimal results:

- Preparation:** Unpack all building blocks and organize them by type or color as suggested in the instructions. Ensure you have a clean, well-lit workspace.
- Follow Instructions Carefully:** Each step in the paper manual is designed to guide you through the assembly process. Pay close attention to the diagrams and piece counts for each step.
- Secure Connections:** Ensure all blocks are firmly connected. A secure connection prevents parts from detaching during subsequent steps or display.

4. **Patience is Key:** Building complex models requires patience. If a step seems difficult, re-examine the instructions and the orientation of the pieces.

5. OPERATING: FEATURES AND FUNCTIONALITY

The Mould King 10118 is a static display model designed to replicate a classic vintage sports car with intricate details. While it is not a remote-controlled or motorized model, it features several interactive elements:

- **Opening Doors:** The side doors of the car can be opened to reveal the detailed interior.
- **Opening Front Hood:** The front hood can be lifted to showcase the engine compartment.
- **Opening Rear Engine Compartment Cover:** The rear cover can be opened, providing access to the rear section details.
- **Removable Roof:** The roof section is designed to be removable, allowing for display as a convertible.

6. MAINTENANCE

To maintain the appearance and integrity of your Mould King 10118 model:

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the model. Avoid using harsh chemicals or abrasive materials, as these can damage the plastic.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic blocks.
- **Handling:** When moving the model, support it from the base to prevent stress on individual components.

7. TROUBLESHOOTING

If you encounter any issues during assembly or with your completed model, please refer to the following:

Missing Parts

If you find that any pieces are missing from your kit:

- Double-check all packaging materials and the surrounding area to ensure no small parts were overlooked.
- Contact Mould King customer support via email. Provide details of the missing parts, including the step number from the instructions if possible. We will arrange to send the missing items to you promptly.

Assembly Difficulties

If you are having trouble connecting pieces or understanding a step:

- Review the specific step in the paper instructions carefully. Ensure you are using the correct pieces and that their orientation matches the diagram.
- Ensure pieces are fully pressed together. Sometimes a firm, gentle push is needed to secure connections.
- If a section feels unstable, retrace your steps to ensure all previous connections are secure.

8. SPECIFICATIONS
