## Claiks CL-AU-SD-JZ-35WT-W

# Claiks Electric Height Adjustable Standing Desk (Model: CL-AU-SD-JZ-35WT-W) Instruction Manual

Your guide to assembly, operation, and maintenance.

## 1. INTRODUCTION

---

Thank you for choosing the Claiks Electric Height Adjustable Standing Desk. This desk is designed to provide an ergonomic workspace for your home or office, allowing you to easily switch between sitting and standing positions. This manual contains important information regarding the safe assembly, operation, and maintenance of your desk. Please read it thoroughly before use and retain it for future reference.

The Claiks standing desk features a sturdy steel frame and an electric height adjustment mechanism, offering a height range from 28.3 inches to 46.5 inches. It supports a maximum weight of 176 pounds and includes a multi-function intelligent keypad for easy control and preset height settings.

## 2. PRODUCT OVERVIEW & COMPONENTS

---

The Claiks Electric Height Adjustable Standing Desk (Model: CL-AU-SD-JZ-35WT-W) is designed for durability and ease of use. Below are the key components and dimensions of your desk.

### 2.1. Key Features

- **Electric Height Adjustment:** Easily adjust desk height from 28.3" to 46.5" with the touch of a button.
- **Preset Memory Functions:** Three programmable height settings for quick transitions between preferred positions.
- **Sturdy Construction:** Industrial-grade alloy steel frame ensures stability and supports up to 176 pounds.
- **Spacious Desktop:** 35" x 20" desktop provides ample space for your work essentials.
- **Quiet Operation:** Designed for ultra-quiet movement, operating at approximately 45dB.
- **Cable Management:** Includes cable clips and hooks for organizing wires and accessories.

### 2.2. Product Dimensions

- **Desktop Dimensions:** 35 inches (Width) x 20 inches (Depth)

- **Height Range:** 28.3 inches (Minimum) to 46.5 inches (Maximum)
- **Item Dimensions (D x W x H):** 19.69" x 35.43" x 28.35"
- **Item Weight:** 15.9 Kilograms (approximately 35 pounds)
- **Maximum Weight Recommendation:** 176 Pounds

### 2.3. Parts List

Refer to the image below for a visual representation of all included parts. Ensure all components are present before beginning assembly.

*Image: Exploded view of Claiks Standing Desk components, including desktop halves, legs, crossbar, control panel, and various screws and tools. Note: The table top consists of two pieces. A Phillips screwdriver is not included.*

- Desktop (2 halves)

- Legs (2)
- Crossbar
- Control Panel
- Adjusting Rod
- Power Adapter
- Cable Clips (adhesive)
- Headphone Hooks (2)
- Assembly Hardware (screws, Allen wrench)

## 3. SETUP & ASSEMBLY

---

Assembly of the Claiks standing desk is designed to be straightforward. An accurate installation video guide is available, and embedded screw hole locations simplify the process. An L-shaped Allen wrench is provided; however, a Phillips head screwdriver is required but not included.

### 3.1. Pre-Assembly Checklist

- Verify all parts are present using the parts list.
- Ensure you have a Phillips head screwdriver.
- Clear a spacious area for assembly.
- Read all instructions before starting.

### 3.2. Assembly Steps

1. **Assemble the Frame:** Attach the legs to the crossbar using the provided hardware. Ensure all connections are secure but do not overtighten until all components are in place.
2. **Install Adjusting Rod:** Insert the adjusting rod into the designated slots on the frame, connecting it to the motor mechanism. Tighten the set screw to secure the rod.
3. **Attach Desktop Halves:** Carefully align the two desktop halves and secure them together using the provided dowels and metal plates. Then, place the assembled desktop onto the frame.
4. **Secure Desktop to Frame:** Use the remaining screws to firmly attach the desktop to the frame. Ensure the motor and control panel are on the desired side of the desk.
5. **Install Control Panel:** Mount the multi-function intelligent keypad to the underside of the desktop in the designated area. Connect its cable to the motor.
6. **Connect Power:** Plug the power adapter into the motor and then into a wall outlet.
7. **Cable Management:** Use the adhesive cable clips and swivel hooks to organize all wires and hang accessories like headphones or bags.

## 4. OPERATING INSTRUCTIONS

---

Your Claiks Electric Height Adjustable Standing Desk is equipped with an intelligent keypad for easy and precise height control.

### 4.1. Control Panel Overview

# Smooth Moves

Give you enough peace of mind in operation

*Image: Close-up of the Claiks control panel with buttons for Up/Down adjustment and three preset height settings (1, 2, 3).*

- **Up/Down Arrows (▲ / ▼):** Press and hold to manually adjust the desk height. Release to stop.
- **Preset Buttons (1, 2, 3):** Press a preset button to automatically move the desk to a saved height.
- **Memory Function (M):** Used to save your preferred height settings.

## 4.2. Adjusting Height Manually

To adjust the desk height manually:

1. Press and hold the **Up arrow (▲)** to raise the desk.
2. Press and hold the **Down arrow (▼)** to lower the desk.
3. Release the button when the desired height is reached. The current height will be displayed on the digital screen.

## 4.3. Setting & Using Preset Heights

The desk allows you to save three custom height settings for quick access.

1. Adjust the desk to your desired height using the Up/Down arrows.
2. Press the **"M"** button. The display will show "S-".
3. Within 3 seconds, press one of the preset buttons **1, 2, or 3** to save the current height to that number. The display will show the saved number (e.g., "S-1") to confirm.
4. To use a saved preset, simply press the corresponding preset button **1, 2, or 3**. The desk will automatically move to that height.

## 5. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your Claiks standing desk.

- **Cleaning:** Wipe the desk surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they are tight. Retighten if necessary.
- **Weight Limit:** Do not exceed the maximum weight recommendation of 176 pounds to prevent damage to the motor and frame.
- **Cable Management:** Keep cables organized to prevent tangling or damage during height adjustments.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your Claiks standing desk, refer to the following common troubleshooting tips:

- **Desk Not Moving:**
  - Check if the power cord is securely plugged into both the desk and the wall outlet.
  - Ensure there are no obstructions preventing the desk from moving up or down.
- **Uneven Movement:**
  - Verify that the adjusting rod is properly installed and tightened.
  - Check that the desk legs are evenly extended and not obstructed.
- **Error Codes:** If the control panel displays an error code, consult the full user manual (if provided separately) or contact customer support for specific instructions.

## 7. SPECIFICATIONS

---

Feature	Detail
Brand	Claiks
