## 4. SETUP

---

### 4.1 SIM Card and MicroSD Card Installation

1. Locate the SIM card tray on the side of the device.
2. Use the provided SIM ejector tool to open the tray.
3. Place your Nano-SIM cards and/or MicroSD card into the designated slots, ensuring correct orientation.
4. Carefully reinsert the tray into the phone.

### 4.2 Initial Power On and Basic Settings

1. Press and hold the Power button until the DOOGEE logo appears.
2. Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account.
3. Configure security features such as Face ID and Fingerprint unlock for convenient and secure access.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Android 14 System

The DOOGEE V Max Pro operates on the Android 14 system, offering enhanced privacy, smarter interactions, and optimized performance. Navigate through the interface using gestures or traditional navigation buttons.

## 5.2 Intelligent Interaction Lights

The device features intelligent interaction lights on the rear that can be customized for different scenarios. These lights provide visual cues for:

- Incoming Calls
- SMS Notifications
- Music Playback
- Charging Status

## 6. CAMERA FEATURES

The DOOGEE V Max Pro is equipped with a versatile camera system:

- **108MP AI Main Camera:** Captures high-resolution images with advanced AI processing.
- **20MP Night Vision Camera:** Designed for clear photography in low-light or dark conditions.
- **8MP Wide-Angle & Macro Camera:** Allows for capturing expansive landscapes and detailed close-up shots.

- **16MP Front Camera:** For self-portraits and video calls.

Figure 4: Camera System Overview

## 7. DISPLAY FEATURES

The device features a 6.58-inch FHD+ IPS Waterdrop Display with a 120Hz refresh rate. This display provides clear visuals and smooth scrolling, enhancing the viewing experience for various content.

## 8. BATTERY MANAGEMENT

The DOOGEE V Max Pro is equipped with a 22000mAh battery, designed for extended usage. It supports 33W fast charging and OTG reverse charging.

### 8.1 Charging

- Use the provided 33W charger and Type-C USB cable for optimal charging speed.
- The intelligent interaction lights will indicate charging status.

## 8.2 OTG Reverse Charging

The device can act as a power bank to charge other devices using the OTG function. Connect the DOOGEE V Max Pro to another device via a compatible OTG cable.

## 10. CONNECTIVITY

The DOOGEE V Max Pro supports a range of connectivity options:

- **5G Network:** Supports various 5G frequency bands for high-speed mobile data. (NR: N1/N3/N7/N28/N38/N41/N77/N78/N79; FDD: B1/2/3/4/5/7/8/12/17/18/19/20/25/26/28A/28B/66; TDD: B34/38/39/40/41; WCDMA: B1/2/4/5/6/8/19; CDMA: BC0/BC1/BC10; GSM: B2/3/5/8)
- **Wi-Fi 6:** Provides faster and more stable wireless internet connections.
- **NFC:** For contactless payments and data exchange.
- **GPS:** Integrated GPS for accurate navigation.
- **Bluetooth:** For connecting wireless accessories.

## 11. MAINTENANCE

To ensure the longevity and optimal performance of your DOOGEE V Max Pro:

- Clean the device regularly with a soft, damp cloth. Avoid harsh chemicals.

- Ensure all port covers are securely closed when the device is exposed to water or dust.
- Avoid exposing the device to extreme temperatures for prolonged periods.
- Keep the software updated to the latest version for security and performance improvements.

## 12. TROUBLESHOOTING

If you encounter issues with your device, refer to the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Apps freezing or slow performance:** Close unnecessary background applications. Restart the device. Clear app cache or data if a specific app is causing issues.
- **Network connectivity issues:** Check if airplane mode is off. Verify SIM card installation. Restart the device. Contact your network provider if problems persist.
- **Charging issues:** Ensure the charger and cable are properly connected and undamaged. Try a different compatible charger and cable.
- **Fingerprint scanner not working:** Ensure your finger is clean and dry. Re-register your fingerprints in the device settings.

For further assistance, please contact DOOGEE customer service.
