VEVOR ok-2-16

VEVOR LED Lighted Liquor Bottle Display (2-Tier, 16-Inch) Instruction Manual

Model: ok-2-16

INTRODUCTION

Thank you for choosing the VEVOR LED Lighted Liquor Bottle Display. This 2-tier, 16-inch acrylic display shelf is designed to enhance your home bar, commercial establishment, or any space requiring an illuminated display for bottles. Featuring RF remote and smart app control, it offers a wide range of static and dynamic multicolor lighting options. Please read this manual thoroughly before use to ensure proper setup, operation, and maintenance.

IMPORTANT SAFETY INSTRUCTIONS

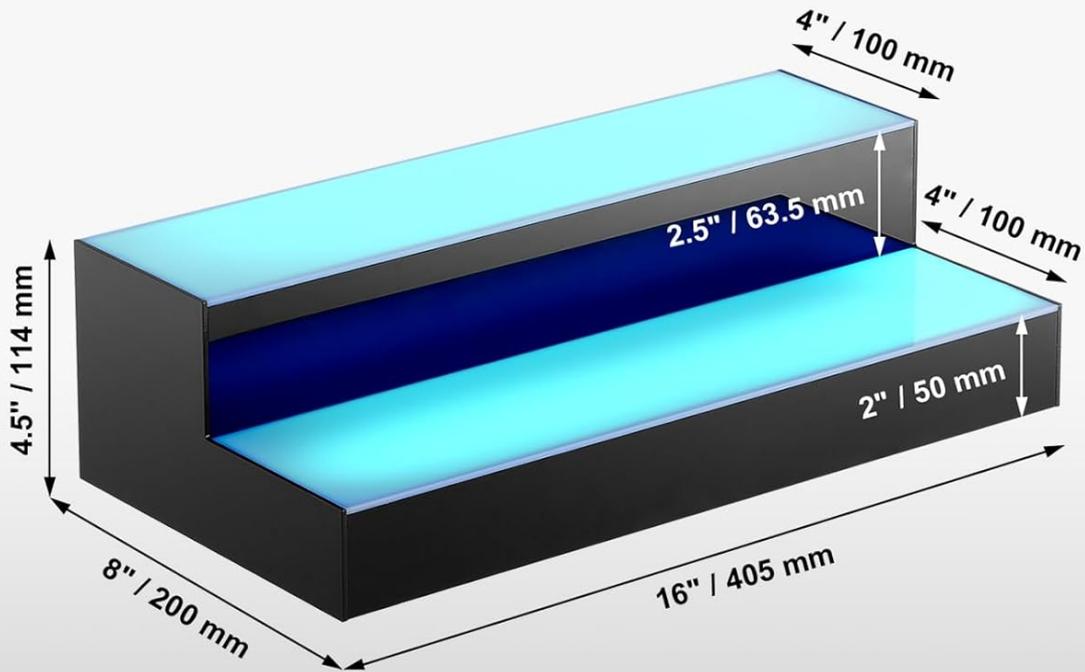

- Do not overload shelves. Ensure the shelf is placed on a stable, level surface.
- Always follow the instructions in this user manual for safe installation and use.
- Keep the device away from water or excessive moisture.
- Do not attempt to disassemble or repair the unit yourself. Contact qualified personnel for service.
- Use only the provided power adapter.
- Keep out of reach of children.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x LED Liquor Bottle Display Shelf
- 1 x 24-Key RF Remote
- 1 x USB Controller
- 1 x Power Adapter
- 1 x User Manual
- Mounting Brackets (for wall mounting, if desired)

SETUP

- 1. Unpack the Display:** Carefully remove all components from the packaging. Inspect for any damage.
- 2. Placement:** Place the LED liquor bottle display on a stable, level surface. Ensure there is enough space for bottles and access to a power source. If wall-mounting, use the provided brackets and appropriate hardware for your wall type.
- 3. Connect Power:**
 - Connect the USB controller to the display shelf.
 - Connect the USB controller to the power adapter.
 - Plug the power adapter into a standard 110-240V electrical outlet.
 - Alternatively, for portable use, connect the USB controller to a laptop or power bank. Note that brightness may be slightly dimmer when powered by a laptop/power bank.
- 4. Prepare Remote Control:** Remove the plastic tab from the battery compartment of the RF remote control to activate it.

OPERATING INSTRUCTIONS

RF Remote Control

The included 24-key RF remote allows for convenient control of the display's lighting effects from up to 26 feet (8 meters) away. Ensure the plastic tab is removed from the remote before first use.

- **ON/OFF:** Press the "ON" button to turn on the lights, and "OFF" to turn them off.
- **AUTO:** Activates an automatic cycling of various lighting modes.
- **MODE+/-:** Cycles through different dynamic lighting modes.
- **SPEED+/-:** Adjusts the speed of dynamic lighting effects.
- **BRIGHTNESS+/-:** Adjusts the brightness level of the lights.
- **Static Colors:** Select from 7 preset static colors (Red, Green, Blue, White, Yellow, Cyan, Purple) using the

dedicated color buttons.

- **Timer:** Set the lights to turn off automatically after 1, 2, 3, or 4 hours.
- **Music Rhythm Mode:** Two modes (Music 1, Music 2) allow the lights to react to ambient sound or music.
- **Remote Lock:** Press the lock button to prevent accidental changes to settings.

Smart App Control

For advanced control and customization, download the dedicated smart app. Scan the QR code provided in the user manual or on the product packaging to download the app. The app offers:

- **Color Selection:** Choose from 29 preset colors and a full color wheel for custom hues.
- **Multiple DIY Modes:** Create and save your own unique lighting effects.

- **Music Interface:** Lights flash to the rhythm of music played through the app.
- **Microphone Interface:** Lights beat with the rhythm of sound detected by your phone's microphone.
- **Timing Interface:** Schedule automatic turn on/off times.

Figure 5: Smart app control interface for comprehensive lighting customization.

MAINTENANCE

- **Cleaning:** The polished acrylic surface is waterproof and easy to clean. Use a soft, damp cloth to wipe down the display. Avoid abrasive cleaners or solvents that could damage the acrylic.
- **Storage:** When not in use for extended periods, disconnect the power and store the display in a dry, cool place.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Lights do not turn on.	<ul style="list-style-type: none"> ◦ Check if the power adapter is securely plugged into both the wall outlet and the USB controller. ◦ Ensure the USB controller is properly connected to the display shelf. ◦ Verify the wall outlet is functional. ◦ If using a power bank/laptop, ensure it is charged and providing power.
Remote control is not working.	<ul style="list-style-type: none"> ◦ Remove the plastic tab from the remote's battery compartment. ◦ Ensure the remote is within the 16-26 ft (5-8 m) operating range. ◦ Check if the remote's battery needs replacement. ◦ Ensure the remote lock function is not activated.
App control is not connecting.	<ul style="list-style-type: none"> ◦ Ensure Bluetooth is enabled on your smartphone. ◦ Make sure the display is powered on. ◦ Restart the app and try connecting again.
Lights are dim when using power bank.	This is normal. For full brightness, use the provided wall power adapter.
