Video 3: Guide on how to use the various features of the Hbada E3 Ultra, including reclining and footrest.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Hbada E3 Ultra Ergonomic Office Chair, regular maintenance is recommended.

- **Cleaning:** Use a soft, damp cloth to wipe down mesh and plastic surfaces. For deeper cleaning, a mild soap solution can be used. Avoid harsh chemicals or abrasive cleaners.

- **Mesh Care:** The premium mesh material is designed for durability and breathability. Periodically vacuum the mesh to remove dust and debris.
- **Moving Parts:** Check all adjustable components (headrest, armrests, lumbar support, recline mechanism, and wheels) periodically to ensure they are functioning smoothly. If any part feels stiff, a silicone-based lubricant can be applied sparingly.
- **Screws and Fasteners:** Over time, screws and fasteners may loosen. Periodically check and tighten any loose connections using the provided wrench to maintain stability and safety.
- **Wheels:** Keep the wheels clean from hair and debris to ensure smooth movement.

5. TROUBLESHOOTING

If you encounter any issues with your Hbada E3 Ultra Ergonomic Office Chair, please refer to the following common troubleshooting tips:

- **Chair Squeaks:** If the chair squeaks, identify the source of the sound. Often, applying a small amount of silicone lubricant to moving joints or tightening loose screws can resolve the issue.
- **Difficulty Adjusting Lumbar Support:** Ensure that the lumbar support mechanism is not obstructed. If it feels stuck, try moving it to its highest position first, then re-adjusting downwards.
- **Seat Height Adjustment Issues:** If the seat height is not adjusting smoothly, check the gas cylinder lever. Ensure it is fully engaged or disengaged as needed. If the issue persists, the gas cylinder may need replacement.
- **Wobbly Chair:** A wobbly chair is usually caused by loose screws. Inspect all assembly points and tighten any loose screws using the provided wrench.
- **Wheels Not Rolling Smoothly:** Remove any hair, dust, or debris that may be caught in the wheel casters. Clean the wheels thoroughly.

If these steps do not resolve the issue, please contact customer support.

6. SPECIFICATIONS

Feature	Detail
Brand	Hbada
Model Name	Hbada E3 Ultra
Color	Black
Product Dimensions	27.56"D x 27.56"W x 40"H
Item Weight	69.8 pounds
