SETUP

1. Charging the Speaker

Before first use, fully charge your Tronsmart Mirtune S100 speaker. Connect the provided Type-C charging cable to the speaker's Type-C port and the other end to a compatible USB power adapter (not included). The charging indicator lights will show the charging status. A full charge takes approximately 4.5 hours.

2. Powering On/Off

To power on the speaker, press and hold the Power button () for 2 seconds until you hear an audible prompt. To power off, press and hold the Power button again for 2 seconds.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (the Bluetooth indicator light will be flashing).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Tronsmart Mirtune S100" from the list. Once connected, the Bluetooth indicator light will become solid.

The speaker uses Bluetooth 5.3 technology for a strong and stable connection, with a range of up to 49 feet (18 meters).

Image: Bluetooth 5.3 ensures a stable and wide-ranging connection.

OPERATING INSTRUCTIONS

Audio Playback

- **Play/Pause:** Press the Play/Pause button (▷).
- **Volume Up/Down:** Press the '+' or '-' buttons.
- **Next/Previous Track:** Long press the '+' button for next track, long press the '-' button for previous track.

Multiple Play Modes

The Tronsmart Mirtune S100 supports various audio input methods:

- **Bluetooth Mode:** Wireless connection to your device.
- **AUX Mode:** Connect via a 3.5mm audio cable (not included) to devices without Bluetooth.
- **Micro SD Card Mode:** Insert a Micro SD card with audio files.
- **USB Mode:** Insert a USB drive with audio files.

MULTIPLE WAY TO PLAY

Support multiple play modes, including Bluetooth, Aux, Micro SD Card and USB.

Stereo Pairing (True Wireless Stereo)

For an immersive audio experience, you can pair two Tronsmart Mirtune S100 speakers together:

1. Ensure both speakers are powered on and not connected to any other device.
2. On one speaker, press the TWS (True Wireless Stereo) button. It will enter pairing mode.
3. The two speakers will automatically connect to each other. Once paired, connect your device to one of the speakers via Bluetooth.

WIRELESS STEREO PAIRING

Connect two speakers to double the sound

Image: Connect two speakers for amplified sound and rich stereo audio.

Hands-Free Calling

The speaker features a built-in microphone for hands-free calls. When a call comes in, music playback will pause. Press the Play/Pause button to answer or end a call. Long press to reject a call. You can also activate your device's voice assistant (Google Assistant or Siri) by pressing the dedicated voice assistant button.

Built-in Power Bank Function

The Tronsmart MirTune S100 can act as a power bank to charge your mobile devices. Connect your device to the speaker's USB-A output port using a compatible charging cable. This feature allows you to keep your devices powered during extended outdoor activities.

BUILT-IN POWER BANK

Keep your gear charged on the go

MAINTENANCE

To ensure the longevity and optimal performance of your Tronsmart Mirtune S100 speaker, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to clean the speaker's exterior. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **IPX7 Waterproof Rating:** The speaker is IPX7 waterproof, meaning it can be submerged in

water up to 1 meter for 30 minutes. However, it is crucial to ensure that all ports (Type-C, USB, AUX, Micro SD) are securely covered by the rubber flap before exposing the speaker to water. Failure to do so may result in water damage and void the warranty.

Note: The rubber cover of the speaker needs to be sealed.

Image: The IPX7 waterproof rating allows for worry-free listening by the pool or beach.

TROUBLESHOOTING

If you encounter issues with your Tronsmart Mirtune S100 speaker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery; power button not held long enough.	Charge the speaker fully. Press and hold the Power button for 2 seconds.
Cannot pair via Bluetooth.	Speaker not in pairing mode; device Bluetooth off; too far from speaker.	Ensure speaker is flashing Bluetooth light. Turn device Bluetooth off/on. Move device closer to speaker.
Sound distortion or low volume.	Volume too high; audio source issue; EQ settings.	Lower volume on speaker/device. Check audio source. Adjust EQ settings in the Tronsmart app.
Power bank function not working.	Speaker battery low; incompatible cable/device.	Ensure speaker has sufficient charge. Try a different USB cable or device.
