Cleaning and Care

Regularly clean your smartwatch and strap with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Ensure the charging contacts are clean and dry before charging.

Troubleshooting

Common Issues and Solutions

Watch not turning on: Ensure the watch is fully charged. Connect it to the magnetic charger and check for the charging indicator.

Cannot pair with phone: Make sure Bluetooth is enabled on your phone and the watch. Ensure the app is installed and updated. Try restarting both devices.

Inaccurate health data: Ensure the watch is worn snugly on your wrist, not too tight or too loose. Keep the sensor clean. Avoid excessive movement during measurements.

Notifications not received: Check app permissions on your phone to ensure notifications are enabled for the smartwatch app. Verify that the watch is connected via Bluetooth.

For further assistance, refer to the in-app user manual or contact customer support.
