Battery Installation

The police car requires 3x 1.5V AAA batteries (not included) for lights and sounds.

1. Locate the battery compartment on the underside of the police car.
2. Unscrew the battery compartment cover.
3. Insert 3 AAA batteries, ensuring correct polarity (+/-).
4. Replace the cover and tighten the screw.

Assembling Figures and Accessories

The figures and many accessories require assembly. Please refer to the included diagram for specific connections. Adult assistance is recommended as some parts may require firm pressure to snap into place.

- Attach the limbs and heads to the police and criminal figures. Ensure the "SWAT" text on police vests faces

backward.

- Equip police figures with helmets, night vision goggles, and walkie-talkies by snapping them into designated slots.
- Assemble the motorcycle by attaching the wheels, handlebars, and kickstand. Note: The kickstand may initially appear like handlebars in diagrams; ensure correct placement.
- Attach the trailer buckle to the rear of the police car.
- Apply license plate stickers as desired.
