## PACKAGE CONTENTS

Ensure all items are present in the package:

- Amazon Basics 10000mAh Power Bank
- USB Type-C Charging Cable
- User Manual (this document)

## PRODUCT OVERVIEW

The Amazon Basics 10000mAh Power Bank features both wired and wireless charging capabilities, designed for convenience and portability.

Image: A hand holding the white Amazon Basics 10000mAh Power Bank, showcasing its compact size and magnetic charging area.

## Key Features:

- **10000mAh Capacity:** Provides multiple charges for most smartphones.
- **20W Wired Fast Charging:** Supports Power Delivery (PD) and Quick Charge (QC) via Type-C port.
- **15W Wireless Output:** Offers convenient magnetic wireless charging.
- **Two-Way Fast Charge:** Allows for rapid recharging of the power bank itself.
- **Universal Compatibility:** Charges various devices including smartphones, tablets, and TWS earbuds.
- **Pass-Through Charging:** Charge your device and the power bank simultaneously.

## SETUP

### Charging the Power Bank

1. Connect the provided USB Type-C cable to the power bank's Type-C port.

2. Connect the other end of the cable to a compatible USB wall adapter (not included).
3. The LED indicators will illuminate to show the charging status. All four LEDs will be solid when fully charged.

## Initial Use

For optimal performance, fully charge the power bank before its first use.

## OPERATING INSTRUCTIONS

### Wired Charging

1. Connect your device to the power bank's Type-C port using a compatible charging cable.
2. The power bank will automatically begin charging your device. If not, press the power button once.
3. The LED indicators will show the remaining battery level of the power bank.

### Wireless Charging

1. Ensure your device supports wireless charging.

2. Place your wireless charging compatible device onto the magnetic charging area of the power bank.
3. The power bank will automatically detect and begin wireless charging. If not, press the power button once.
4. For non-MagSafe compatible phones, a MagTag ring can be embedded for magnetic alignment.

# Magnetic Charging

## Universal Compatibility

Iphones, smartphones, TWS etc

Image: The power bank shown with various devices like smartphones and TWS earbuds, indicating universal compatibility, with a note about the MagTag Ring for non-MagSafe mobiles.

### Pass-Through Charging

The power bank supports pass-through charging, allowing you to charge both your device and the power bank simultaneously.

1. Connect the power bank to a wall adapter for charging.
2. While the power bank is charging, connect your device to the power bank via wired or wireless charging.
3. Both devices will charge concurrently.

## Pass-Through Charging

Allows simultaneous charging of phone & power bank

Image: A smartphone connected to the power bank, which is itself connected to a charging cable, illustrating simultaneous charging.

## Checking Battery Level

Press the power button once to view the current battery level indicated by the LED lights:

- **4 LEDs:** 75-100% charged
- **3 LEDs:** 50-75% charged
- **2 LEDs:** 25-50% charged
- **1 LED:** 0-25% charged

## MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the power bank in a cool, dry place when not in use.
- Recharge the power bank at least once every three months to maintain battery health if stored for extended periods.

## TROUBLESHOOTING

Problem	Possible Solution
Power bank not charging	Ensure the charging cable is securely connected to both the power bank and the wall adapter. Try a different cable or adapter.
Device not charging from power bank	Ensure the power bank has sufficient charge. Press the power button to activate charging. Check if the cable is properly connected. For wireless charging, ensure proper alignment and device compatibility.
Slow charging	Ensure you are using a fast-charging compatible cable and wall adapter for optimal speeds. Check if your device supports fast charging.
Power bank gets warm during use	It is normal for the power bank to become slightly warm during charging or discharging. If it becomes excessively hot, discontinue use and contact support.

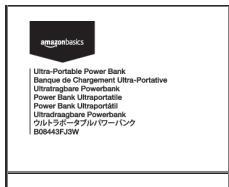

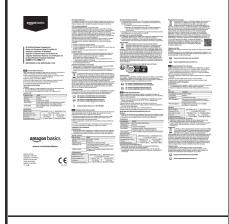

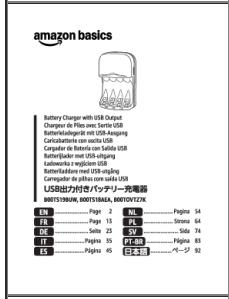

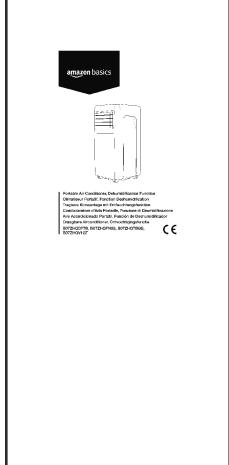

## SPECIFICATIONS

Feature	Detail
Model Number	ABPB10K15W
Battery Capacity	10000 mAh
Wired Output	Up to 20W (Type-C Power Delivery)
Wireless Output	Up to 15W
Input	Type-C (Two-Way Fast Charge)
Dimensions	10.8 x 8.9 x 2.9 cm
Weight	208 g
Battery Type	Lithium Polymer
Color	White
Country of Origin	India
