Noorio B200-SE

Noorio B200-SE Wireless Security Camera User Manual

Model: B200-SE | Brand: Noorio

Product Overview

The Noorio B200-SE is a versatile 1080P wireless security camera designed for both outdoor and indoor use. It features AI motion detection, 2.4G Wi-Fi connectivity, and 8GB of free local storage. This manual provides detailed instructions for setting up, operating, and maintaining your camera to ensure optimal performance and security.

What's Included

- Security Wireless Camera x 1
- Magnetic Mount x 1
- Charging Cable x 1
- User Manual x 1

Setup Guide

1. Initial Charging & Firmware Update

Before first use, ensure your B200-SE camera is fully charged. The charging indicator light will function after firmware v1.0.4.9728 is installed. To update the firmware:

1. Open the Noorio App.
2. Tap **Devices**.
3. Select your camera (e.g., **My Camera**).

4. Click the **Upper-Right Arrow Icon**.
5. Click **Update**.

Note: Noorio B200-SE only supports 2.4Ghz Wi-Fi, not 5G Wi-Fi.

2. App Download & Connection

Download the latest version of the Noorio app from your device's app store (iOS or Android). Follow the in-app instructions to add your camera. This typically involves scanning a QR code on the camera or its packaging.

3. Mounting the Camera

The B200-SE features an easy magnetic base for hassle-free installation without screws or tools. Simply attach the camera to the magnetic mount, which can be screwed into a desired location. This allows for flexible adjustment of the camera's angle.

Operating Instructions

AI Motion Detection

Equipped with advanced AI and PIR motion sensors, the camera accurately detects people while filtering out unnecessary alerts from animals or weather. Instant notifications are sent directly to your phone.

1080P HD Video & Full-Color Night Vision

The B200-SE delivers sharp 1080P HD video quality. With full-color night vision, you can capture bright, clear images even in low-light conditions.

Maintenance

Battery Life & Charging

The wireless outdoor security camera is powered by a rechargeable battery. One charge can last up to 3-6 months depending on usage. An optional solar panel (sold separately) can extend battery life for continuous use.

Weatherproof Design

With its IP66 waterproof design, the B200-SE is built to withstand rain, snow, and heat, ensuring reliable performance year-round.

Troubleshooting

Wi-Fi Connection Issues

If you encounter Wi-Fi connection issues, ensure your router is broadcasting a 2.4Ghz signal. The B200-SE does not support 5G Wi-Fi. If problems persist, contact Noorio After-Sales Support by going to your order page and selecting “Contact Seller.”

Charging Indicator Light Not Functioning

The charging indicator light will not function until firmware v1.0.4.9728 is installed. Please follow the firmware update

instructions in the Setup Guide.

Local Storage Playback Delay

Local storage playback may take 1-2 minutes to access. For faster access to events, consider subscribing to cloud storage services.
