6. Maintenance

To maintain the appearance and longevity of your cabinet, wipe surfaces with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.

7. Troubleshooting

- **Doors do not align or close properly:** Check that all hinge screws are tightened. The hinges are adjustable; refer to the detailed assembly instructions for specific adjustment procedures. Ensure the cabinet is level on the wall.
- **Cabinet feels wobbly after installation:** Re-check all wall mounting fasteners to ensure they are securely anchored into wall studs or appropriate heavy-duty anchors. Verify the wall cleat is firmly attached and level.
- **Missing or damaged parts:** Do not proceed with assembly. Contact Sauder customer support for replacement parts.
