# Generic Bluetooth Anti-Loss Tracker User Manual

Model: OT.MT.RD.BK.UN\_

## 1. INTRODUCTION

---

The Generic Bluetooth Anti-Loss Tracker is a compact and portable device designed to help you locate your important belongings. This tracker connects to your smartphone via Bluetooth, enabling a two-way search function within a range of approximately 20 meters. It is ideal for keeping track of keys, wallets, bags, pets, or even children. This manual provides detailed instructions for setup, operation, and maintenance of your tracker.

## 2. PACKAGE CONTENTS

---

- 1 x Bluetooth Anti-Loss Tracker Device
- 1 x User Manual (this document)

## 3. SETUP AND PAIRING

---

Follow these steps to set up your Bluetooth Anti-Loss Tracker and pair it with your smartphone:

1. **Activate Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
2. **Download the App:** Locate and download the recommended Bluetooth tracking application from your device's app store. The specific app may be mentioned in the packaging or a QR code provided.
3. **Power On the Tracker:** Press and hold the button on the tracker until it emits a sound or a light indicator flashes, signifying it is powered on and in pairing mode.
4. **Open the App:** Launch the Bluetooth tracking application on your smartphone.
5. **Add Device:** Within the app, navigate to the 'Add Device' or 'Add Item' section. The app should

detect the tracker.

6. **Connect:** Select the tracker from the list of available devices and follow the on-screen prompts to complete the pairing process. You may be asked to name the item (e.g., "Keys," "Wallet") and assign an icon.
7. **Confirmation:** Once successfully paired, the app will confirm the connection, and the tracker will be ready for use.

For a visual guide on the setup process, please refer to the video below:

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Locating Items

To find an item attached to your tracker:

- Open the Bluetooth tracking app on your smartphone.
- Select the specific tracker you wish to locate from the list of paired devices.
- Tap the 'Ring' or 'Find' button within the app. The tracker will emit an audible alarm, helping you pinpoint its location.
- The app may also display the last known location on a map if the tracker was within Bluetooth range of your phone when it disconnected.

### 4.2 Two-Way Search Function

The tracker can also help you find your smartphone:

- Double-press the button on the Bluetooth Anti-Loss Tracker.
- Your smartphone will ring, even if it is on silent mode, allowing you to locate it quickly.

### 4.3 Out-of-Range Alert

Many tracking apps offer an out-of-range alert feature:

- Enable this feature in the app settings.
- Your smartphone will notify you if the tracker moves beyond the Bluetooth connection range, helping prevent loss.

## 5. MAINTENANCE

---

### 5.1 Battery Replacement

The tracker typically uses a replaceable coin cell battery (e.g., CR2032). Refer to your specific model's instructions for battery type and replacement procedure. Generally, you will need to:

1. Gently pry open the tracker casing using a small tool or your fingernail at the designated notch.
2. Remove the old battery.
3. Insert a new battery with the positive (+) side facing up.
4. Close the casing securely.

### 5.2 Cleaning

Wipe the tracker with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the device.

## 6. TROUBLESHOOTING

---

- **Tracker not connecting:** Ensure Bluetooth is active on your phone and the tracker's battery is not depleted. Try restarting both your phone and the tracker.
- **Tracker not ringing:** Check the volume settings within the app. Ensure the tracker is within the Bluetooth range of your phone.
- **App not finding tracker:** Close and reopen the app. If the issue persists, try unpairing and re-pairing the device.
- **Short range:** Bluetooth range can be affected by obstacles (walls, furniture) and interference from other electronic devices. Ensure a clear line of sight for optimal performance.

## 7. SPECIFICATIONS

Feature	Description
Brand	Generic
Model Number	OT.MT.RD.BK.UN_
Connectivity Technology	Bluetooth
Special Features	Bluetooth Tracking, Two-way Search, Multiple Connections, Compact Design
Supported Application	Bluetooth Tracking App
Specific Uses	Keys, Wallet, Bags, Pets, Children
Compatible Devices	Smartphone, Bluetooth Device
