Rownfusny R02-P

Rownfusny Wireless Headset R02-P Instruction Manual

Model: R02-P

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Rownfusny Wireless Headset Model R02-P. Please read this guide thoroughly to ensure proper use and to maximize the performance and lifespan of your device.

Image: The Rownfusny Wireless Headset R02-P, featuring an over-ear design with an adjustable microphone, shown with its dedicated charging dock.

PACKAGE CONTENTS

Verify that all items are present in your package:

- 1x Wireless Headset with Mic
- 1x Headphone Charging Dock
- 1x 2.4G USB Dongle
- 1x Charging Cable
- 1x User Manual (this document)

SETUP

Initial Charging

Before first use, fully charge the headset. Connect the charging cable to the charging dock or directly to the headset, then plug into a USB power source. A full charge takes approximately 2 hours.

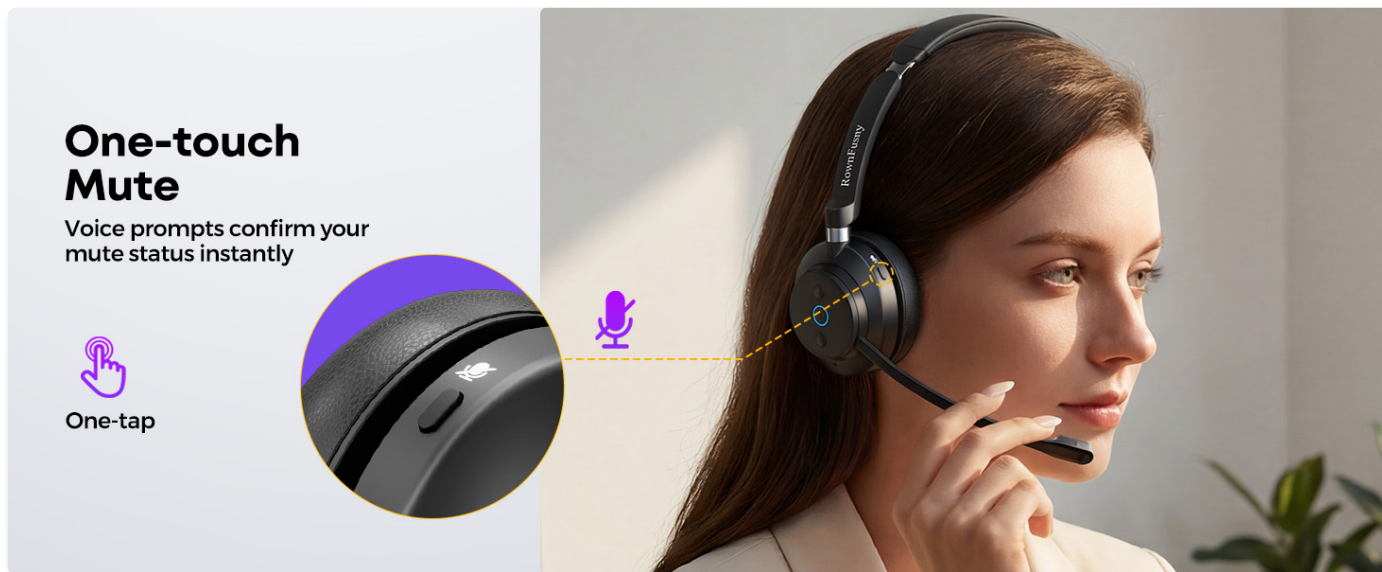

Image: Illustration showing two charging methods: placing the headset on its dedicated charging base or connecting a Type-C cable directly to the headset.

PC Connection Settings (USB Dongle)

1. **Plug in the USB Dongle:** Insert the 2.4G USB dongle into an available USB port on your computer. The blue light on the dongle will flash, indicating pairing mode.
2. **Power On & Pair:** Press and hold the power button on the headset for 3 seconds. The indicator lights will flash red and blue alternately. A voice prompt will confirm "USB Mode" when automatic pairing is activated.
3. **Check Connection:** A solid blue light on both the headset and the dongle indicates a successful connection. You will hear a voice prompt "Connected".
4. **Set Audio Output:** Open your computer's Sound Settings and select "R02 dongle" as both the microphone and speaker device.

Pro Mode Tip: If you do not hear "USB Mode" after powering on, double-click the power button to toggle between Bluetooth and USB modes. An audio cue will confirm the switch.

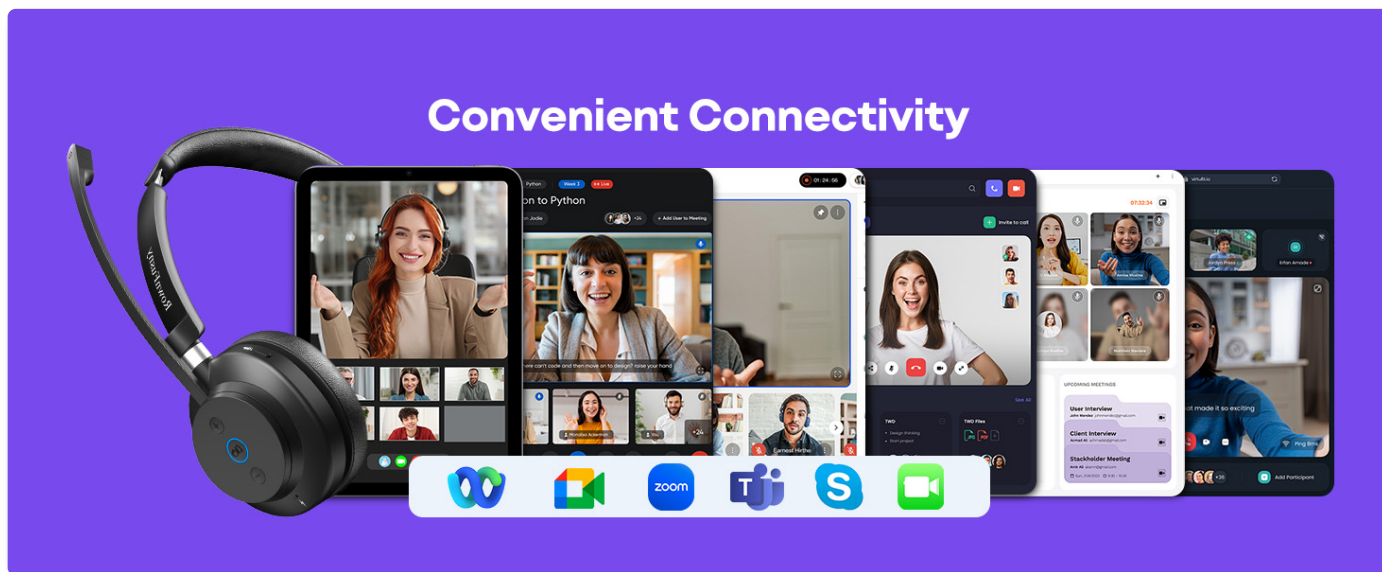

Image: Step-by-step diagram illustrating how to connect the Rownfusny headset to a PC using the USB dongle, including power-on, pairing, and audio settings.

Phone Connection Settings (Bluetooth)

1. **Power On:** Press and hold the power button on the headset for 3 seconds. Blue and red lights will flash alternately.
2. **Switch to Bluetooth Mode:** Double-click the power button to listen for the "Bluetooth Mode" voice prompt.
3. **Enable Bluetooth on Your Phone:** Go to your phone's Bluetooth settings, find and select "R02" from the list to connect.

OPERATING INSTRUCTIONS

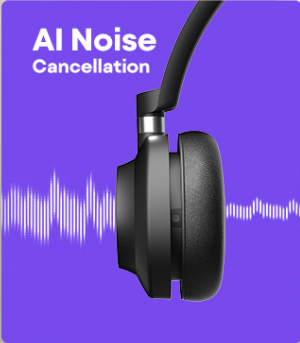

Call Management

- **Answering a Call (Phone):** Press the power button once.
- **Rejecting a Call (Phone):** Press the power button twice.
- **Joining a New Meeting (Phone):** If a phone call comes in during a PC meeting, press the power button once to answer. To join a new meeting on your phone, exit the computer meeting, double-click the power button to switch modes, then manually join the meeting on your phone.

Noise Cancellation and Mute Function

The headset features smart ENC technology to suppress up to 90% of background noise, ensuring clear communication during calls. For privacy or to silence unwanted sounds, use the one-tap mute control.

- **One-touch Mute:** Press the dedicated mute button on the headset to instantly mute your microphone. A voice prompt will confirm the mute status.

Tech Tip: The mute function activates exclusively during live conversations.

±8° Vertical Tilt

Comfort and Adjustments

The headset is designed for extended wear with memory foam earpads and a lightweight 4.98oz frame. Adjustments include:

- **Adjustable Headband:** Extend or retract the headband for a comfortable fit.
- **Rotatable Earcups:** Rotate earcups 180° to switch between mono and stereo modes, or for storage.
- **Adjustable Microphone:** Pivot the microphone 290° to position it optimally for voice pickup or to move it out of the way when not in use.

- **Vertical Tilt:** Adjust the earcup angle by $\pm 8^\circ$ to relieve pressure, especially for users wearing glasses.

MAINTENANCE

Battery Life and Charging

The headset provides up to 30 hours of continuous use and up to 500 hours of standby time on a single charge. The included charging base extends playback time and offers convenient storage.

- **Charging Dock:** Place the headset on the charging dock to keep it powered and ready. The dock also features a USB storage slot to prevent loss of the dongle.
- **Direct Charging:** Use the provided Type-C cable to charge the headset directly when the dock is not available or in use.

Cleaning

Wipe the headset and charging dock with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Do not

immerse the headset or dock in water.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset for at least 30 minutes.
No sound or microphone not working.	Incorrect audio settings on computer/phone; headset not connected.	• Ensure headset is connected via Bluetooth or USB dongle. • Check computer/phone sound settings to ensure "R02" or "R02 dongle" is selected as the input/output device. • Ensure microphone is not muted (check mute button and voice prompt).
Cannot switch between Bluetooth and USB modes.	Incorrect button press.	Double-click the power button to toggle modes. Listen for the voice prompt confirmation.
Intermittent connection or poor range.	Obstacles, interference, or distance from device.	• Ensure headset is within 20 meters of the connected device. • Minimize physical obstructions between the headset and device. • Avoid areas with strong Wi-Fi or other wireless interference.
