Homvana H101

Homvana H101 3.6L Cool Mist Ultrasonic Humidifier Instruction Manual

Model: H101 | Brand: Homvana

INTRODUCTION

Thank you for choosing the Homvana H101 Cool Mist Ultrasonic Humidifier. This 3-in-1 device combines a humidifier, aromatherapy diffuser, and mood light to enhance your indoor environment. Designed for quiet operation (below 23dB), it features a convenient top-fill design, a large 3.6L water tank for extended use, and adjustable mist output. Please read this manual thoroughly before operation to ensure safe and optimal performance.

SAFETY INSTRUCTIONS

- Always place the humidifier on a firm, flat, and waterproof surface.
- Do not place the humidifier directly on carpet or near heat sources.
- Use only clean, cool tap water or distilled water. Distilled water is recommended to minimize mineral buildup and extend product life.
- Do not add essential oils directly into the water tank. Use the designated essential oil tray.
- Unplug the humidifier from the power outlet before filling, cleaning, or moving.
- Keep out of reach of children and pets.
- Do not block the mist outlet.
- Do not immerse the base unit in water or other liquids.
- Ensure the power cord is not damaged or pinched.
- The humidifier features an automatic shut-off function when the water level is low.

PRODUCT COMPONENTS

- Humidifier Base Unit

- Water Tank (3.6L capacity)
- Top Cover with Dual Nozzles
- Power Cord
- Cleaning Brush
- User Manual
- Essential Oil Tray with Felt Pads

SETUP

1. Unpack all components from the box.
2. Place the humidifier base unit on a flat, stable, and water-resistant surface.
3. Remove the top cover.
4. Fill the water tank directly from the top opening with clean, cool water. Do not exceed the 'MAX' fill line.
5. Replace the top cover, ensuring it is properly seated. Align the three small dots on the tank with the large dot on the base.
6. Connect the power cord to the humidifier and then plug it into a suitable electrical outlet.

Easy Top-fill

Easy Cleaning

OPERATING INSTRUCTIONS

- **Power On/Off:** Touch the power button to turn the humidifier on or off. It will start in high mist mode.
- **Mist Level Adjustment:** Press the power button repeatedly to cycle between High (HI) and Low (LO) mist output.
- **Mood Light:** Touch the light bulb icon to cycle through 7 different LED colors or turn the light off.
- **Timer Function:** Touch the clock icon to set an auto-off timer for 2, 4, 6, 8, or 10 hours.
- **Sleep Mode:** Touch the moon icon to activate sleep mode, which turns off all display lights for an undisturbed night.
- **Aromatherapy:** Locate the essential oil tray on the side of the base unit. Push it in to release, add 2-6 drops of essential oil to the felt pad, then push the tray back in.
- **Adjustable Nozzles:** The top cover features dual nozzles that can be rotated 360 degrees to direct mist in desired directions.

MAINTENANCE AND CLEANING

Regular cleaning is essential to maintain optimal performance and hygiene. It is recommended to clean the humidifier every 3 days.

1. Unplug the humidifier from the power outlet.
2. Remove the water tank and empty any remaining water.
3. Separate the water tank from the base unit. The wide 5.3-inch opening allows for easy access.
4. Use the provided cleaning brush to gently scrub the inside of the water tank and the base unit to remove any mineral buildup or residue.
5. Rinse all components thoroughly with clean water.
6. Wipe all surfaces dry before reassembling.
7. Replace the essential oil felt pad every 6 months or when changing essential oil scents.

Image: The humidifier's design facilitates easy top-fill and thorough cleaning.

Long Lasting Cleanliness

Infused with silver ions (Ag+), the tank helps inhibit the build-up of impurities and odors, keeping the water cleaner over time. In a 3-month test, residue was significantly lower than in non-Ag+ tanks. For best results, clean every 3 days.

Image: The Ag+ Enhanced Tank helps reduce impurity buildup, making cleaning easier.

TROUBLESHOOTING

- **No Mist:** Ensure the water tank is filled, the unit is properly assembled, and the power cord is securely plugged in.
- **Weak Mist:** Check for mineral buildup and clean the transducer and water tank. Ensure the mist outlet is not blocked.
- **Unusual Odor:** Clean the water tank and replace the water. If using essential oils, ensure the felt pad is clean or replaced.
- **Leaking:** Ensure the top cover is correctly seated and the water tank is not overfilled. Check for any cracks or damage to the tank.

SPECIFICATIONS

- **Brand:** Homvana
- **Model Name:** H101
- **Capacity:** 3.6 Liters
- **Special Features:** Adjustable Humidity Control, Aroma Diffuser, Auto Shut Off, Digital Display, Quiet (23dB)
