4. OPERATING INSTRUCTIONS

Your JUMMICO Gaming Chair offers several adjustable features to customize your seating experience for optimal comfort and support.

4.1. Height Adjustment

To adjust the chair's height, locate the lever on the right side beneath the seat. Pull the lever upwards while seated to lower the chair, or pull the lever upwards while standing to raise the chair. Release the lever to lock the height in place.

4.2. Recline Function

The backrest can be reclined up to 135 degrees. Locate the recline lever on the left side of the chair. Pull the lever upwards and lean back to adjust the angle. Release the lever to lock the backrest at your desired position.

4.4. Lumbar Massage Function

The chair includes a massage lumbar support pillow. Connect the USB cable from the lumbar pillow to a compatible USB power source (e.g., computer, power bank, USB wall adapter) to activate the massage function. The pillow is designed to provide relaxation and help relieve fatigue in the waist area.

4.5. 360° Swivel

The chair features a 360° swivel function, allowing for easy rotation and movement without needing to reposition the entire chair.

5. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your JUMMICO Gaming Chair.

- **Cleaning:** Wipe the PU leather surfaces with a soft, damp cloth. For stubborn stains, use a mild soap solution and immediately wipe dry. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and prevent loosening.
- **Caster Care:** Keep the casters clean from hair and debris to ensure smooth rolling.

- **Avoid Overloading:** Do not exceed the maximum weight recommendation of 330 pounds.

6. TROUBLESHOOTING

If you encounter any issues with your chair, please refer to the following common solutions:

Problem	Possible Cause	Solution
Chair feels wobbly or unstable	Loose screws or bolts.	Check and tighten all assembly screws, especially those connecting the armrests and backrest to the seat mechanism.
Gas lift not adjusting height	Lever not fully engaged or gas lift malfunction.	Ensure the height adjustment lever is pulled completely. If the issue persists, contact customer support.
Footrest not extending/retracting smoothly	Obstruction or mechanism issue.	Check for any obstructions. Ensure the footrest is pulled/pushed straight. Avoid excessive force.
Massage function not working	USB power issue or cable disconnection.	Verify the USB cable is securely connected to a working power source. Try a different USB port or adapter.
