Microsoft Office 2021 Professional Plus

Your laptop includes a pre-installed, lifetime license for Microsoft Office 2021 Professional Plus. This version does not require a product key. **Important:** Do not install Office 365, as this may invalidate the Office 2021 license.

Privacy Features

The laptop is equipped with an HD 720p camera that includes a physical privacy shutter. Slide the shutter to cover the camera lens when not in use to ensure privacy. The integrated microphone and Dolby Audio technology enhance communication during video calls.

Lenovo

Privacy is calling

Makes it easy to video chat with family and friends or teleconference with colleagues over Skype or other popular applications.

MAINTENANCE

Cleaning the Laptop

- **Screen:** Use a soft, lint-free cloth lightly dampened with water or a screen cleaner. Do not spray liquid directly onto the screen.
- **Keyboard and Chassis:** Use a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters openings.

- **Ports:** Use compressed air to gently clear dust from ports.

Software Updates

Regularly check for and install Windows updates to ensure system stability, security, and performance. You can access Windows Update through the Settings menu.

Periodically check the Lenovo support website for driver updates specific to your IdeaPad 1 15AMN7 model.

Storage Management

To maintain optimal performance, regularly manage your 1TB SSD storage. Delete unnecessary files, uninstall unused applications, and consider using cloud storage for large files.

TROUBLESHOOTING

Common Issues and Solutions

- **Laptop does not power on:**
 - Ensure the power adapter is securely connected to both the laptop and a working power outlet.
 - Verify the power outlet is functional by plugging in another device.
 - If the battery is completely drained, allow it to charge for at least 30 minutes before attempting to power on.
- **Slow performance:**
 - Close unnecessary applications running in the background.
 - Check for and install any pending Windows updates.
 - Run a disk cleanup and defragmentation (for HDD, though SSDs manage this differently, ensure TRIM is enabled).
 - Scan for malware or viruses.
- **Wi-Fi connectivity issues:**
 - Restart your router and modem.
 - Ensure Wi-Fi is enabled on your laptop (check keyboard function keys or Windows settings).
 - Update Wi-Fi drivers from the Lenovo support website.
- **BitLocker Recovery Key Prompt:**
 - If prompted for a BitLocker recovery key upon startup, this typically occurs after hardware changes, BIOS updates, or certain system errors.
 - Access your Microsoft account (account.microsoft.com/devices/recoverykey) from another device to retrieve your key.
 - If you cannot find your key, contact Microsoft Support or Lenovo Support for assistance.
